

Advocacy for a No Spitting, Urinating, or Defecating on Public Sidewalks Law

Maintaining clean and safe public sidewalks benefits everyone in the community. I am promoting a law that would prohibit spitting, urinating, and defecating on public sidewalks to help reduce the risk of disease transmission, protect public health, improve sanitation, preserve the appearance of neighborhoods, and create a more welcoming environment for residents, businesses, and visitors. Clear public sanitation laws promote respect for shared public spaces, encourage the use of appropriate restroom facilities, and support cleaner, healthier communities.

Recommend city law:
