This is social decay caused in large part by “*open air markets*” and *mass migrant culture shifts*. It is by design. Support the deport, and support American safety as well as FULL recovery.

End of war and forced assimilation story. If it takes just a few years for social decay, imagine what a few years of social healing can do: Heal Mainers from mass “refugee” migration and American displacement crisis.

In 2024, the city issued a **World Refugee Day proclamation** describing Lewiston as having a long history of welcoming immigrants and refugees, including Somalis.

The **current mayor of Lewiston, Maine, is Carl L. Sheline**. The city's official elected-officials page lists his current term as running from **January 2, 2024, through January 4, 2027**.

- **Janet Mills — Democrat (D), Governor of Maine**

- **Angus King — Independent (I), U.S. Senator**
- **Carl Sheline — Mayor of Lewiston, elected in a nonpartisan municipal election.**
The city does not list him as a Democrat on his official mayoral page.
- **Jared Golden — Democrat (D), U.S. Representative for the district that includes Lewiston**
- **Susan Collins — Republican (R), U.S. Senator representing Maine**

Note: Sue Collins truly advocates for Mainers. Unfortunately, her office was vandalized with red paint.
