

“Taxpayer Exploitation – Free Sex Clinics For Homeless – State Sponsored Trafficking” Hybrid Warfare

The Neo-Democratic Party — A Party of Foreign and Transnational Interests, Indulgence Toward Criminality, and the Erosion of Accountability

Normalizing trafficking — this is what hybrid warfare looks like. It is the normalization of the “absurd,” and the erosion of social norms and accountability to fit the “mold” of the insane. These are the people who are allowing modern “WW2-level ghettoization” to thrive, which meets the criteria of “BlamesovJF+.”

They also want to normalize the sale of drugs.

Drug Policy Alliance, Prop 47, and Prop 36. At this stage, they are aiding the cartels and modern warfare against the California population. They are the dirtiest, grimmest council on record. Vote them out, they are hurting Americans. **Tell them to leave Americans alone!**
