

## **Union of Saints Military Steps vs. The Culture of Predatory Vultures**

Sexual compatibility is not the same as emotional compatibility.

If someone is manipulative and searching for ammunition, they will find it.

**We are living through a war and slavery era.**

The current "culture wave" is a crime wave, a sexually predatory wave, and a monetarily predatory wave.

Men and women are unsafe within a culture, of predatory vultures.

**Union of Saints Militarize Your Steps:** If you are being targeted and vulnerable, leave the *jurisdiction (war zone)* immediately.

Left, left, lefty right, left.

I left. Right minded, I left.

No more slavery. No more broken covenants. No more vulnerabilities. No longer accessible.  
Safe. Secure. I left. Right minded, I left.

There is no reason to stay in cold/hot war and *combat heavy zones*.

You left. Right minded, you left.
