

The Making of a Maine War Front – Cartel, Mafia, Smuggling, Human Labor Slavery, Weaponized Mass Migration, Population Replacement → WW3

Are Maine potato farmers smoking too much 🌿 “ganja”?

Sorry, leaders, but this is happening because you let it happen. If you cannot lead Maine to safety, you must never lead at all. Maine safety should have been your first priority. Instead, you flirt with allowing the Mexican and Chinese cartels, smuggling, trafficking, and the black market to thrive in our homeland.

Some Notes:

Chellie Pingree was **born in Minneapolis, Minnesota, in 1955.**

Angus King was **born and raised in Alexandria, Virginia**, in the Washington, D.C., area, on March 31, 1944.

Janet Mills is **from Farmington, Maine**. She was **born and raised in Farmington** and continues to call Farmington home.

- **Born:** Farmington, Maine — December 30, 1947
- **Raised:** Farmington and, for a period, Gorham, Maine
- **High school:** Mt. Blue High School in Farmington
- **Family roots:** Her grandparents were potato farmers in Aroostook County.
- **Current home:** Farmington, Maine

Ms. Mills can dish it; she can build a Chinese/Mexican war and Chinese/Mexican exploitation ring in Maine, too. Why not add a 500,000 Somalia enclave and a frauds-cape also? Soros and Rockefeller will back it and support the Bolshevik revolution, why not! Win, win, win! 🇷🇺 🚩 WWW~3!

She seems to “laugh it off.” *No big deal, right?*

Trend

1. **Black-market Chinese cartel pouring into Maine.**
2. **Overdone, way too many “recreational marijuana” businesses — cultural shock.**
3. **Tourists come from other states to purchase.**
4. **Early-onset death, heart disease, lung cancer — Maine and N.H. rates are among the highest in the nation.**

5. **Fentanyl trafficking linked to Chinese/Mexican cartel.**
6. **Smuggling, human trafficking, farm labor exploitation, and American-trust exploitation via visa program abuse.**
7. **Pesticide exposure:** Harmful and can cause death instantly if “breathed in.” Killed millions during WWII, potential war use, war exercise, crime against Americans.
8. **Political breach:** No longer “Democratic Party” treasonous and corrupted support of communism, foreign and domestic terrorism, open borders, organized crime, cartel, trafficking and smuggling, Bolshevism, Marxism, Chinese Communism.
9. **Political grid:** Organized corruption rings within agricultural farmer enterprises, branching out to other industries, health, housing, aviation, etc. They have “operatives, moles, infiltrators, agents” — you name it.
10. **Visa programs: H-2A, J-1, H-2B.** The claim is that “Mainers don’t want to do these jobs.” But have they tried? Because they are required to try, *by law*. How have they attempted to hire Maine or American workers? *We would like to know*. The issue seems to be whether they want to pay a fair wage, whether the laborers are exploited, whether the laborers are exploited, whether they are willing to respect the law regarding immigration policy, and “corrupted politics,” ***more than anything***.

More Notes:

Maine: Heart disease was the state's #1 cause of death in 2024, while cancer was #2.

- **New Hampshire:** Cancer was #1 and heart disease #2 in 2024.
- Maine's 2021 lung-and-bronchus cancer death rate was **38.1 per 100,000**, compared with **31.7 nationally**.
- Smoking is a major contributor: the CDC says cigarette smoking is the **#1 risk factor for lung cancer** and is linked to about **80% of lung-cancer deaths**.
- Smoking also substantially increases cardiovascular risk; the CDC identifies smoking as a cause of **heart disease and stroke**.

Maine we love you, please stay Maine forever  and stay safe.

Because let me make something very clear: Susan Collins is a problem for Maine.

Hi, it's Janet. This post is important, so I hope you'll read all of it.

Donald Trump and Kristi Noem have launched an ICE operation in Maine.

The Washington Post: *Federal officials launch ICE operation in Maine and begin arrests*

And what did they call it? “Operation Catch of the Day.” It’s *horrifying and wrong*.

Gov. Mills, 91福利 President cut ribbon to reopen newly moderniz...

Mar 3, 2026 · Gov. **Janet Mills** and leaders of the University of Maine and Maine Potato Board celebrated the completion of a \$3 million renovation of the flagship 欽礎 Aroostook Farm with a ceremonial ribbon cutting today in Presque Isle.

Mills [vetoed](#) An Act to Make Agricultural Workers and Other Related Workers Employees Under the Wage and Hour Laws on Wednesday. The legislation would have mandated that farmworkers receive the state's annually indexed minimum wage of \$13.80 an hour.

Maine is [one of 19 states](#) where minimum wage laws don't apply to most farmworkers, according to [the National Agricultural Law Center](#). Because they are not classified as employees under state law, they receive the \$7.25 federal hourly minimum wage and are left out of mandatory overtime laws.

Last year, Mills vetoed a bill that would have allowed [farmworkers to unionize](#), and now she has shut down the minimum wage bill, a move that is "impossible to accept," Spalding said in a statement.
