Black Rescue Tea: Saviorism Strategist

We have all heard of White saviorism. I don't recall it being such an issue, however, I digress. The ideology has become so extreme on the ultra-left, Whites no longer have a place, like anywhere, ever, in culture, and forget their humanity too. "You don't even exist to me! You're nothing!" — Clancy from The Craft. Discussing Whites, like at all? You are sure to be fed to the wolves, and the wolves aren't the old wolves of the woods we know and love; they seem to be the fire-bearing, ultra-rabid, attacking and killing kind. They will light your house on fire and blowtorch your face with fire too. Nice crowd, right? Let's just destroy 5,000 businesses in "racial violent uprisings," as we slaughter our own people and then cry wolf!

I can howl, but that's, ***not my crowd.***

Have we heard of Black saviorism?

*Ahh, the sweet smell of Black tea in the morning. It's a new day, it's a new dawn, it's a new life for a "**WHIIIIIITE**" like me!*

We could definitely use some ***Black rescue tea.***

Oh yes, Black saviorism strategy,

it's the humanity need for me.

- *What do racial disparities have to do with Black-on-Black crime?*
- *We can be ideologists all we want, or we can recommend everyone, Black, White, "WHAAATEVER," stay away from violent criminals and violent "uprisings." No go zone.*
- *"The word 'holocaust' originally meant 'something wholly burned' or 'a sacrifice by fire.' It comes from the ancient Greek word holókaustos (ὁλόκαυστος)." Source: https://mailman.4.main.ushmm.org/pl/teach/fundamentals/holocaust-questions*
- *Figure it out yet? We are being sacrificed, burned alive.*
- *In other words, out of the sake of human survival, yes, the blood and heart of it all, we are not enduring a "burning" because an ideological White-crowned savior told us we must, or else.*

This isn't about ideology,

it is about facing reality.

There are two different types of people in today's world, those who "light up the world," and those who "light others on fire."

One is not your friend! The other? ***A real savior.*** *~Cowdrey*

God save us.
