

Master Glossary of Strategic Competition, Political Warfare, Intelligence, and Hybrid Conflict That We Have Faced or May Face from Foreign and Domestic Enemies

A

Abduction, Abusive litigation, Access denial, Access control, Access operations, Active defense, Active disruption, Active measures, Adaptive messaging, Administrative burden, Administrative capture, Administrative delay, Administrative obstruction, Adversarial adaptation, Adversarial narratives, Adversarial recruitment, Adversary emulation, Advisory influence, Agenda flooding, Agenda manipulation, Agenda setting, Agent handling, Agent recruitment, Agent running, Agent provocateurs, Aggressive diplomacy, Airspace denial, Algorithm gaming, Algorithm manipulation, Alliance building, Alliance disruption, Ambiguity exploitation, Anonymous influence, Anonymous funding, Anti access, Anti corruption narrative, Anti government agitation, Anti leadership campaigns, Anti state messaging, Arbitrage, Artificial consensus, Artificial scarcity, Artificial social proof, Asset cultivation, Asset denial, Asset mapping, Asset recruitment, Asset validation, Astroturfing, Asymmetric competition, Asymmetric pressure, Asymmetric response, Asymmetric warfare, Attribution denial, Attribution spoofing, Audience analysis, Audience segmentation, Authentication bypass, Authority capture, Authority undermining, Automated influence.

B

Back channel diplomacy, Backdoor access, Backdoor infiltration, Backstopping, Bait and switch, Baiting, Balance of power politics, Ballot harvesting, Ballot manipulation, Ballot tampering, Bandwagon effect, Banking disruption, Behavioral conditioning, Behavioral influence, Behavioral manipulation, Blackmail, Black propaganda, Blacklisting, Blame shifting, Blockade, Border coercion, Border incursions, Border pressure, Border provocation, Bot amplification, Bot coordination, Bot herding, Bot manipulation, Bot networks, Boycott campaigns, Brand sabotage, Breach exploitation, Bribery, Broadcast dominance, Broad spectrum influence, Browser exploitation, Budget manipulation, Buffer state manipulation, Bureaucratic capture, Bureaucratic delay, Bureaucratic obstruction, Burden shifting, Business intimidation.

C

Cache poisoning, Cadre development, Campaign coordination, Campaign financing, Campaign mobilization, Campaign planning, Capacity building, Capacity degradation, Captive audience messaging, Captured institutions, Cartel infiltration, Cash smuggling, Casualty exploitation, Celebrity endorsement campaigns, Celebrity influence, Cell

compartmentalization, Cell formation, Centralized command, Centralized messaging, Chain migration leverage, Channel hijacking, Character assassination, Charitable front organization, Choice architecture, Chokepoint control, Cipher compromise, Circumvention, Civil agitation, Civil disobedience, Civil disturbance, Civil infiltration, Civil resistance, Civil unrest, Claim laundering, Classification abuse, Clientelism, Cloak and dagger operations, Coalition building, Coalition fragmentation, Coercion, Coercive diplomacy, Coercive leverage, Cognitive attacks, Cognitive bias exploitation, Cognitive infiltration, Cognitive manipulation, Cognitive overload, Cognitive security, Cognitive warfare, Collusion, Command and control disruption, Commercial espionage, Communications denial, Communications disruption, Communications interception, Communications security compromise, Communications saturation, Community influence, Community infiltration, Community mobilization, Community organizing, Community polarization, Compartmentalization, Competitive influence, Compliance fatigue, Compliance pressure, Compromise operations, Compromised insiders, Concealment, Confidence erosion, Confidence manipulation, Confidence building measures, Conflict escalation, Conflict exploitation, Conflict prolongation, Confusion operations, Conspiracy amplification, Constitutional manipulation, Consumer boycotts, Containment strategy, Content amplification, Content flooding, Content moderation manipulation, Content suppression, Context manipulation, Controlled access, Controlled opposition, Conventional deterrence, Coordinated disruption, Coordinated influence campaign, Coordinated inauthentic behavior, Coordinated messaging, Counter blockade, Counter coercion, Counter deception, Counter espionage, Counter influence, Counter intelligence, Counter messaging, Counter narratives, Counter propaganda, Counter radicalization, Counter signaling, Counter subversion, Counterfeit currency, Counterfeit documents, Counterfeit identities, Counterintelligence, Countermobilization, Counternetwork operations, Countersurveillance, Coup support, Cover identity, Cover story, Covert action, Covert communication, Covert logistics, Covert funding, Covert influence, Credential compromise, Credential stuffing, Credential theft, Crisis exploitation, Critical infrastructure targeting, Cross border infiltration, Cross domain operations, Cross platform amplification, Crowd manipulation, Crowd mobilization, Crowd suppression, Crowdsourced harassment, Crypto laundering, Cultural assimilation pressure, Cultural capture, Cultural disruption, Cultural influence, Cultural infiltration, Cultural polarization, Currency manipulation, Cyber attack, Cyber coercion, Cyber disruption, Cyber espionage, Cyber exploitation, Cyber infiltration, Cyber reconnaissance, Cyber resilience degradation, Cyber sabotage, Cyber surveillance.

D

Damage assessment, Dark patterns, Data aggregation, Data corruption, Data exfiltration, Data fabrication, Data fusion, Data integrity attack, Data laundering, Data manipulation, Data mining, Data poisoning, Data theft, Data validation, Debriefing, Debt diplomacy, Decapitation strategy, Decision dominance, Decision paralysis, Decision superiority, Decision support manipulation, Deconfliction, Decentralization, Decentralized command, Decentralized operations, Deception, Deception campaign, Deception planning, Deconfliction measures, Deep cover, Deepfake deployment, Defacement, Defensive cyber operations, Defensive

deception, Defensive positioning, Deflection, Defamation, Delegitimization, Demographic engineering, Demographic pressure, Demoralization, Denial and deception, Denial campaign, Denial of access, Denial of attribution, Denial of capability, Denial of information, Denial of service, Dependency creation, Dependency exploitation, Deplatforming, Deprioritization, Deradicalization, Destabilization, Detention operations, Deterrence, Deterrence by denial, Deterrence by punishment, Deterrence signaling, Development assistance, Development diplomacy, Digital deception, Digital footprint analysis, Digital forensics, Digital influence, Digital surveillance, Diplomatic engagement, Diplomatic isolation, Diplomatic leverage, Diplomatic pressure, Diplomatic signaling, Diplomatic protest, Direct action, Direct influence, Direct pressure, Discrediting, Disengagement operations, Disinformation, Disinformation campaign, Disinformation laundering, Dislocation, Dispersal operations, Displacement, Disruption campaign, Disruption operations, Dissident recruitment, Dissimulation, Distributed denial of service, Distributed operations, Diversion, Diversionary tactics, Divide and conquer, Divide and rule, Document exploitation, Document forgery, Domain hijacking, Domain spoofing, Domestic influence operations, Domestic radicalization, Doorstep intimidation, Dormant assets, Double agent operations, Double dealing, Doublethink, Doxing, Drone reconnaissance, Drone surveillance, Drone swarming, Dual use technology exploitation, Dummy corporations, Dummy organizations, Dynamic targeting.

E

Early warning, Early warning systems, Economic blockade, Economic coercion, Economic competition, Economic containment, Economic dependency, Economic disruption, Economic espionage, Economic influence, Economic isolation, Economic leverage, Economic pressure, Economic sanctions, Economic security, Economic statecraft, Ecosystem disruption, Edge exploitation, Electronic attack, Electronic countermeasures, Electronic deception, Electronic intelligence, Electronic intrusion, Electronic protection, Electronic surveillance, Electronic warfare, Elite capture, Elite co-optation, Elite influence, Email compromise, Emergency management, Emergency preparedness, Emigration pressure, Embargo, Embedded assets, Embedded influence, Embezzlement, Emotional appeals, Emotional contagion, Emotional manipulation, Emotional priming, Emotional targeting, Encryption bypass, Encryption compromise, End state planning, Energy coercion, Energy dependency, Energy disruption, Energy security, Engagement strategy, Entryism, Environmental monitoring, Environmental sabotage, Escalation, Escalation control, Escalation dominance, Escalation ladder, Escalation management, Espionage, Ethnic conflict, Ethnic polarization, Ethnic tensions, Evacuation operations, Evidence collection, Evidence fabrication, Evidence preservation, Exclusion strategy, Executive protection, Exhaustion strategy, Exfiltration, Exit strategy, Expansionism, Expeditionary operations, Exploitation of grievances, Exploitation phase, Exploit development, Exploit kits, Export controls, Export restrictions, Exposure operations, External influence, External pressure, Extortion.

F

Fabricated evidence, Fabricated identities, Fabricated narratives, Fabricated personas, Fabrication, Face saving diplomacy, Facilitation networks, Fact checking, Fact pattern analysis, Failure exploitation, False attribution, False consensus, False dilemma, False flag operation, False identity, False narratives, False reporting, False signaling, False sponsorship, False testimony, Falsehood amplification, Familiarization operations, Family intimidation, Fast moving influence campaign, Fault exploitation, Federal coordination, Feedback manipulation, Feigned compliance, Feigned retreat, Feint, Fence sitting strategy, Fifth column, Fileless malware, Financial coercion, Financial crime, Financial disruption, Financial espionage, Financial fraud, Financial influence, Financial intelligence, Financial manipulation, Financial pressure, Financial sanctions, Financial surveillance, Firewall evasion, First mover advantage, Fiscal pressure, Fixer networks, Flag of convenience, Flanking maneuver, Flash mobilization, Flexible deterrence, Flooding attacks, Force concentration, Force dispersion, Force projection, Force protection, Force readiness, Force reconstitution, Foreign agent registration, Foreign election interference, Foreign influence, Foreign intelligence service, Foreign internal defense, Foreign lobbying, Foreign policy leverage, Foreign recruitment, Foreign sponsorship, Foreign subversion, Foreign terrorist organization, Foreign trade restrictions, Foreign volunteer networks, Foreign backed influence campaign, Forged credentials, Forged documents, Forged identities, Forgery, Forum shopping, Forward deployment, Forward presence, Fragmentation strategy, Framing, Fraud detection, Fraud prevention, Free rider problem, Freedom of maneuver, Front company, Front group, Front organization, Frontline operations, Frozen conflict, Full spectrum operations, Functional disruption, Functional intelligence, Funding diversion, Funding networks, Fusion center, Fusion intelligence.

G

Gain of function intelligence, Game theory, Gap analysis, Gaslighting, Gateway exploitation, General deterrence, Geofencing, Geoeconomic competition, Geoeconomic leverage, Geoeconomics, Geopolitical competition, Geopolitical influence, Geostrategy, Global influence campaign, Governance capture, Governance disruption, Government infiltration, Government overreach, Government relations campaign, Gradient escalation, Gray market networks, Gray zone competition, Gray zone conflict, Gray zone coercion, Gray zone operations, Gray zone tactics, Grid disruption, Grievance amplification, Ground truth verification, Group polarization, Groupthink, Guerrilla operations.

H

Hack and leak, Hacker for hire, Hacking, Hard power, Harm reduction, Harassment campaign, Harbor denial, Hazard assessment, Hazard mitigation, Hazard vulnerability analysis, Head fake, Hearts and minds campaign, Heavy handed enforcement, High value target, Homeland defense, Homeland security, Honeypot, Host nation support, Hostage diplomacy, Hostage taking, Hostile takeover, Hostile surveillance, Human intelligence, Human network analysis,

Human security, Human smuggling, Human terrain mapping, Human trafficking, Humanitarian assistance, Humanitarian corridor, Humanitarian diplomacy, Humanitarian intervention, Hybrid campaign, Hybrid coercion, Hybrid conflict, Hybrid operations, Hybrid threat, Hybrid warfare.

I

Identity compromise, Identity fraud, Identity laundering, Identity management, Identity theft, Identity verification, Ideological capture, Ideological coercion, Ideological competition, Ideological conflict, Ideological extremism, Ideological influence, Ideological infiltration, Ideological mobilization, Ideological polarization, Ideological radicalization, Illicit finance, Illicit funding, Illicit networks, Illicit trafficking, Image management, Impact assessment, Impersonation, Improvised tactics, Incentive manipulation, Incident command, Incident response, Incremental escalation, Independent verification, Indicator analysis, Indicators and warnings, Indigenous networks, Indirect approach, Indirect influence, Indirect pressure, Indirect strategy, Individual radicalization, Industrial espionage, Industrial sabotage, Industry capture, Influence activity, Influence campaign, Influence dominance, Influence network, Influence operation, Influence peddling, Influence targeting, Influence tradecraft, Informant handling, Information assurance, Information blockade, Information collection, Information confrontation, Information control, Information denial, Information dominance, Information environment, Information exploitation, Information filtering, Information flooding, Information fusion, Information laundering, Information manipulation, Information operation, Information overload, Information security, Information sharing, Information superiority, Information suppression, Information vacuum, Information warfare, Infrastructure attack, Infrastructure disruption, Infrastructure hardening, Infrastructure protection, Infrastructure resilience, Insider access, Insider compromise, Insider recruitment, Insider risk, Insider threat, Insider trading, Inspection regime, Institutional capture, Institutional corruption, Institutional infiltration, Institutional resilience, Instrumentalized migration, Intelligence analysis, Intelligence collection, Intelligence cycle, Intelligence failure, Intelligence fusion, Intelligence gap, Intelligence preparation of the environment, Intelligence preparation of the battlefield, Intelligence requirement, Intelligence sharing, Intelligence support, Intelligence tradecraft, Interagency coordination, Interdiction, Internal displacement, Internal influence, Internal security, International pressure, International sanctions, International stabilization, Internet censorship, Internet governance, Internet manipulation, Interoperability, Interrogation, Intervention, Intimidation, Intrusion detection, Intrusion prevention, Irregular warfare, Isolation campaign, Issue framing.

J

Jamming, Joint operations, Joint targeting, Joint task force, Judicial capture, Judicial intimidation, Judicial review, Jurisdiction shopping, Justice sector reform.

K

Key leader engagement, Key terrain, Kill chain, Kill switch, Kinetic operation, Knowledge management, Knowledge transfer, Known vulnerability, Kremlinology.

L

Lateral movement, Layered defense, Leadership decapitation, Leadership targeting, Leak operation, Legal coercion, Legal compliance, Legal manipulation, Legal pressure, Legal warfare, Legitimacy, Legitimacy erosion, Legislative capture, Legislative obstruction, Legislative reform, Leverage, Liaison officer, License revocation, Lifeline disruption, Limited objective attack, Line of communication, Link analysis, Listening post, Litigation strategy, Lobbying, Local governance, Localization strategy, Logistics disruption, Logistics security, Long game strategy, Long range influence, Low intensity conflict, Low observable operation, Low visibility operation.

M

Machine learning exploitation, Macro influence campaign, Malicious code, Malicious compliance, Malicious insider, Malicious software, Malinformation, Malware, Malware analysis, Malware deployment, Malware propagation, Managed attribution, Manufactured consensus, Manufactured crisis, Manufactured outrage, Maritime blockade, Maritime coercion, Maritime interdiction, Maritime security, Market capture, Market distortion, Market dominance, Market manipulation, Mass communication, Mass influence, Mass mobilization, Mass persuasion, Mass surveillance, Material support network, Matrix organization, Media amplification, Media blackout, Media capture, Media campaign, Media censorship, Media dominance, Media engagement, Media exploitation, Media framing, Media influence, Media infiltration, Media laundering, Media manipulation, Media monitoring, Media narrative, Media outreach, Media ownership concentration, Media pressure, Media relations, Media saturation, Media suppression, Media targeting, Mediation, Memetic warfare, Messaging discipline, Messaging synchronization, Metadata analysis, Metadata exploitation, Microtargeting, Military assistance, Military deception, Military diplomacy, Military intelligence, Military intervention, Military mobilization, Military preparedness, Military readiness, Military support, Misinformation, Mission assurance, Mission command, Mission creep, Mission planning, Mission support, Mitigation strategy, Mixed methods operations, Mobilization, Mobilization planning, Mock exercise, Monitoring and evaluation, Moral injury exploitation, Moral panic, Morale degradation, Multi domain operations, Multi vector attack, Multilateral engagement, Mutual defense.

N

Narrative capture, Narrative competition, Narrative construction, Narrative control, Narrative convergence, Narrative disruption, Narrative dominance, Narrative framing, Narrative laundering, Narrative management, Narrative manipulation, Narrative operation, Narrative

reinforcement, Narrative shaping, National preparedness, National resilience, National security, National security strategy, Negotiation leverage, Network analysis, Network disruption, Network exploitation, Network infiltration, Network mapping, Network resilience, Network security, Neutralization, Neutral messaging, Neutral state diplomacy, Non attribution, Non kinetic operations, Non state actor, Nonlinear conflict, Nontraditional security, Normalization campaign, Notice and warning, Nuclear deterrence.

O

Objective analysis, Obfuscation, Occupation, Offensive cyber operations, Offensive counterintelligence, Offensive operations, Onboarding influence, Online harassment, Online influence campaign, Open source intelligence, Operational art, Operational assessment, Operational camouflage, Operational compartmentalization, Operational deception, Operational design, Operational disruption, Operational endurance, Operational environment, Operational experimentation, Operational intelligence, Operational planning, Operational reach, Operational resilience, Operational security, Operational surprise, Operational tempo, Opportunity exploitation, Order of battle, Organization capture, Organizational resilience, Organized crime infiltration, Organized resistance, Organized subversion, Orientation phase, Outcome manipulation, Outreach campaign, Overclassification, Overload attack, Overt action, Overt influence.

P

Pacification, Parallel governance, Parallel institutions, Parallel networks, Parallel reporting, Paramilitary activity, Partner capacity building, Partnership development, Passive collection, Passive defense, Passive resistance, Passport fraud, Pattern analysis, Pattern of life analysis, Peace enforcement, Peace operations, Peacebuilding, Peacetime competition, Penetration testing, Penetration operations, Perception analysis, Perception management, Persistent engagement, Persistent threat, Persona development, Persuasion campaign, Phishing, Physical access control, Physical infiltration, Physical security, Plausible deniability, Platform manipulation, Policy capture, Policy coordination, Policy influence, Policy manipulation, Political activism, Political coercion, Political competition, Political corruption, Political dissent, Political influence, Political infiltration, Political intelligence, Political mobilization, Political opposition, Political polarization, Political pressure, Political subversion, Political warfare, Poll manipulation, Population centric operations, Population control, Population displacement, Population protection, Positioning strategy, Post conflict stabilization, Power competition, Power projection, Preemptive action, Preparedness planning, Pressure campaign, Preventive diplomacy, Preventive measures, Preventive security, Price manipulation, Priority intelligence requirements, Private military company, Privilege escalation, Probabilistic assessment, Procedural delay, Procedural manipulation, Process disruption, Procurement fraud, Professional intelligence, Profiling, Propaganda, Propaganda analysis, Propaganda dissemination, Proxy actor, Proxy competition, Proxy conflict, Proxy force, Proxy network, Proxy organization, Proxy warfare, Psychological

coercion, Psychological defense, Psychological manipulation, Psychological operation, Psychological pressure, Psychological resilience, Psychological warfare, Public affairs, Public diplomacy, Public information, Public messaging, Public opinion shaping, Public order operations, Public relations campaign, Public safety, Public trust erosion.

Q

Quality assurance, Quantitative analysis, Quantum resistant cryptography, Query manipulation, Question framing, Queue disruption, Quick reaction force, Quid pro quo, Quiet diplomacy, Quota manipulation.

R

Radar surveillance, Radicalization, Raid, Rapid assessment, Rapid deployment, Rapid mobilization, Rapid response, Reachback support, Readiness assessment, Real time intelligence, Rear area security, Reasonable deniability, Rebranding campaign, Recall campaign, Reconnaissance, Reconstruction, Recovery operations, Recruitment campaign, Recruitment network, Red cell analysis, Red teaming, Redundancy planning, Reflexive control, Regional influence, Regulatory capture, Regulatory coercion, Regulatory enforcement, Regulatory manipulation, Reintegration, Reinforcement operations, Relationship mapping, Reliability assessment, Remote access, Remote sensing, Resilience, Resilience planning, Resource competition, Resource denial, Resource diversion, Resource exploitation, Response planning, Restricted access, Retaliatory measures, Retention strategy, Retrospective analysis, Risk analysis, Risk assessment, Risk communication, Risk management, Risk mitigation, Robustness testing, Rogue actor, Rogue network, Route denial, Rumor campaign, Rumor control.

S

Sabotage, Safe haven, Safe house, Safety planning, Sanctions, Satellite reconnaissance, Scalability analysis, Scapegoating, Scenario analysis, Scenario planning, Screening procedures, Search and rescue, Secondary sanctions, Secure communications, Secure supply chain, Secure transportation, Security assistance, Security awareness, Security cooperation, Security culture, Security governance, Security incident, Security operations, Security posture, Security sector reform, Security vulnerability, Segmentation analysis, Selective disclosure, Selective enforcement, Selective prosecution, Self censorship, Sensor fusion, Sentiment analysis, Sequencing strategy, Service disruption, Shadow banning, Shadow governance, Shadow network, Shell company, Shielding operation, Shock effect, Signal analysis, Signal intelligence, Signal jamming, Signature management, Situational awareness, Situational assessment, Sleeper agent, Sleeper cell, Smear campaign, Social engineering, Social influence, Social manipulation, Social mobilization, Social network analysis, Social pressure, Social resilience, Soft power, Source protection, Source validation, Sovereignty protection, Spam campaign, Spear phishing, Special operations, Spectrum dominance, Stabilization operations, Stakeholder engagement, State capture, Statecraft,

Strategic ambiguity, Strategic assessment, Strategic communication, Strategic competition, Strategic culture, Strategic deception, Strategic denial, Strategic depth, Strategic deterrence, Strategic engagement, Strategic foresight, Strategic influence, Strategic intelligence, Strategic litigation, Strategic messaging, Strategic patience, Strategic planning, Strategic resilience, Strategic signaling, Strategic surprise, Strategic warning, Strategy of tension, Strength assessment, Stress testing, Subversion, Supply chain attack, Supply chain disruption, Supply chain resilience, Support network, Suppression campaign, Surveillance, Survival strategy, Sustainment operations, Swarming, Symbolic politics, Synchronization, Synthetic identity fraud, Systems analysis.

T

Tabletop exercise, Tactical adaptation, Tactical advantage, Tactical alliance, Tactical analysis, Tactical assessment, Tactical deception, Tactical deterrence, Tactical dispersal, Tactical flexibility, Tactical innovation, Tactical intelligence, Tactical maneuver, Tactical mobilization, Tactical patience, Tactical planning, Tactical positioning, Tactical preparation, Tactical readiness, Tactical reserve, Tactical retreat, Tactical security, Tactical surprise, Tactical synchronization, Tactical warning, Tagging and tracking, Target acquisition, Target analysis, Target discrimination, Target hardening, Target identification, Target mapping, Target prioritization, Target profiling, Target selection, Targeted advertising, Targeted disruption, Targeted harassment, Targeted influence, Targeted messaging, Targeted sanctions, Targeted surveillance, Task organization, Technical collection, Technical intelligence, Technical surveillance, Technology denial, Technology transfer, Telemetry analysis, Terror financing, Terrorist facilitation, Threat actor, Threat analysis, Threat assessment, Threat detection, Threat finance, Threat intelligence, Threat modeling, Threat monitoring, Threat network, Threat prioritization, Threat signaling, Threat vector, Time delay tactics, Timing analysis, Trade restrictions, Trade sanctions, Tradecraft, Traffic analysis, Training exercise, Transaction monitoring, Transnational crime, Transnational network, Transit disruption, Transparency initiative, Transportation security, Treaty enforcement, Treaty monitoring, Trend analysis, Trigger event, Troop mobilization, Trust building, Trust erosion, Trust network, Tunnel operations, Turncoat recruitment, Two step flow communication, Typology analysis.

U

Unconventional warfare, Undercover operation, Underground network, Undermining confidence, Unilateral action, Unified command, Unified messaging, Unified response, Unified strategy, Unmanned systems, Unrestricted warfare, Urban operations, Urban resilience, User behavior analytics.

V

Validation, Value targeting, Variable messaging, Vector analysis, Verification, Vertical escalation, Vetting procedures, Victim intimidation, Vigilance, Virtual private network exploitation, Virtual reconnaissance, Virtual surveillance, Visible deterrence, Vision statement

influence, Voice phishing, Voter fraud, Vulnerability analysis, Vulnerability assessment, Vulnerability disclosure, Vulnerability exploitation.

W

War gaming, Warning indicators, Warning intelligence, Watchlisting, Watering hole attack, Weaponization of information, Weaponization of law, Weaponization of migration, Weaponization of social media, Web monitoring, Website defacement, Whistleblower protection, White propaganda, Whole of government approach, Whole of society approach, Wildcat strike, Wireless interception, Wireless surveillance, Withdrawal strategy, Witness intimidation, Workforce resilience, Worldview shaping.

X

Xenophobia exploitation, Xenophobic propaganda, XML external entity attack (XXE), XSS (Cross Site Scripting), X-keystore analysis, X-band radar surveillance, X-factor analysis, X-axis scenario mapping, X-ray cargo screening, X-ray inspection, X-ray intelligence collection.

Y

Yield assessment, Yield management, Youth engagement, Youth mobilization, Youth radicalization, Youth recruitment, Youth resilience, Youth outreach, Youth influence campaign, Yaw maneuver, Yellow journalism, Yardstick analysis, Year over year trend analysis, Yoking strategy.

Z

Zero click exploit, Zero day exploitation, Zero trust architecture, Zero trust security, Zone defense, Zone of control, Zone reconnaissance, Zonal security, Zombie botnet, Zombie network, Zoning restrictions, Zonal denial, Zonal surveillance, Zip bomb attack, Zealotry exploitation, Zenith angle analysis, Zettabyte scale analysis, Zigzag strategy, Zip file malware, Zeroization, Zero hour planning, Zero tolerance enforcement, Zero sum competition, Zero sum strategy, Zonal interdiction, Zone isolation, Zone security operations, Zone stabilization, Zone monitoring, Zone access control.
