Bolsheviks, DSA, Helter Skelter splinters, and other evil souls we wish would leave us alone forever. They don't deserve any airtime, yet here we are, because they love to destroy everything good, to exploit the energy of innocent people, and we have to resort to self defense. They are the Great Thief of our times.

Truly the scum of the earth, for all to see as they make history by perpetuating mass harm, violence, killings and catastrophic damages. They are nothing to glorify, and the sooner they leave us alone, the better. May karma kick their ass. We hope it does.

Swiftly.
