

Subject: Request for Investigation of Potential Civil Rights, Nonprofit, and Public Safety Concerns

Complainant

I respectfully request that your agency review publicly available information concerning the Democratic Socialists of America (DSA) to determine whether any conduct within your agency's jurisdiction violates federal or state civil rights laws, nonprofit laws and regulations, including those governing tax-exempt organizations, criminal laws, or any other applicable laws.

Specifically, I request that your agency review whether any statements, publications, campaigns, training activities, or organizational conduct unlawfully discriminate against Christians or encourage or support unlawful threats, intimidation, harassment, interference, or violence directed toward members of the United States military, law enforcement officers, ICE personnel, U.S. Border Patrol agents, or other public officials.

If supported by the evidence, I respectfully request that your agency take any action authorized by law, including conducting an investigation, coordinating with other appropriate agencies, and reviewing whether the organization's tax-exempt status remains consistent with applicable law, if that issue falls within your agency's authority.

This complaint is based on publicly available sources submitted for independent review. I respectfully request that investigators evaluate these materials in their full context and independently determine whether any violations of law have occurred.
