

A Special Note for Veterans

Thank you to our veteran's community.

The world has a way of pushing us down, but one thing that we can always count on is a veteran in service. The veteran community has been the most uplifting component in my life, and for this reason I just want to say thanks. Brothers and sisters in arms, forever veterans.

Always faithful. You are honored, cherished and loved. Thank you for your service,

D. Cowdrey
