

What Countries Would Look Like After “WW3”

Published: 2024

This video is interesting, and one can reflect on the events that have transpired since this date. The video claims that Russia lost 200,000 troops.

1. The US is not Mexico.
2. The cartel is not our friend.
3. We can join the party without drugs!
4. Guerrillas steal too many bananas!
5. America belongs to Anthropological & Native Americans!
6. The war is strategically, left stage, and foreign.
7. The mini militias are already in town, smoking cigs and hanging around.
8. Crimefarists love to target White American families.
9. “White supremacy” is a highly exploited misconception used to harm, suppress, and even depopulate White people. They even target the Amish, Quakers and the Acadians! America developed culturally and ethnically like any other nation.
10. All people have humanity, but not all are the same or equal. Some people want to hurt us and are active adversaries.

➔ Au revoir! ♥ Take care, and have a wonderful day.
