Mamdani Torched for Erasing Little Italy, Little Ireland, and Jewish Areas from Map of NYC, Includes Little Palestine

NYC Mayor Zohran Mamdani issued a cultural enclave map that excluded Little Italy, Little Ireland, and Jewish neighborhoods for the World Cup. But he included Little Pakistan, Little Palestine, and Little Egypt. Sounds ethnically exclusionary and panders to Muslims and communists.

New York City Mayor Zohran Mamdani is being shredded over a map of the Big [illegible]ngly omits iconic neighborhoods such as Little Italy, Little Ireland, and Jewish areas. Instead, there is heavy representation of Islamic enclaves such as Little Palestine, Little Pakistan, and Little Egypt, among others. It's not an "oopsie!" This is deliberate subversion. The communist must erase your history so he can demolish your home and make it his own.

That's the question critics are asking after Mayor Zohran Mamdani unveiled a map of New York City's immigrant enclaves that includes dozens of communities—from Little Palestine to Little Bangladesh—but leaves out the city's famous Italian neighborhood. Show more

by New York City Tourism + Conventions as part of its NYC Neighborhood Passport campaign tied to the 2026 FIFA World Cup, according to Fox News. The map has been promoted across the city at pop-up booths by the NYC Mayor's Office of Immigrant Affairs.

The map laughingly urges visitors to explore "diverse" communities, including neighborhoods ranging from the popular Chinatown to lesser-known Little Palestine and Little Haiti. Just not those that are Italian, Irish, or Jewish, evidently.

“Mamdani’s City Hall can find room for every fashionable progressive constituency, but somehow it cannot find Little Italy,” IACRL president Mike Crispi stated.

Smh. Little Italy is a NYC landmark home to proud Italian-American residents and business owners. To not even acknowledge it for its historical immigrant impact is an insult!

“Our culture is good enough for their photo ops, our food is good enough for their fundraisers, and our neighborhoods are good enough for tourism dollars — but when it comes time to recognize Italian Americans, they erase us,” he correctly asserted.

Over 4 million Italians immigrated to the US between the 1880s and 1924. One-third of them made New York City home, which was the largest immigrant city in the early 20th century, according to the Library of Congress.

what it is," Crispi pointed out.

"They were able to get a Little Bhod-Tibet in there, but what about the original 'Little neighborhood,' Little Italy?" Councilwoman Joann Ariola (R-Queens) told the New York Post in an interview.

"And what about areas like Woodlawn, in the Bronx, which are home to plenty of Irish immigrants? Do the Irish and Italians not count for the mayor's office?" she asked.

The Italian American community is not fond of their Islamic overlord, blasting Mamdani after he posted a pic on X in 2020 showing him giving the middle finger to a Christopher Columbus statue in Queens.

Ma(o)mdani governs with the Koran in one hand and Mao's Little Red Book in the other. He was sworn in with the Koran. From The Little Red Book, "The theoretical basis guiding our thinking is Marxism-Leninism.". Replace "Marxism-Leninism" with "Marxism-Islamism" and you good insight in how Ma(o)mdani is and will govern New York City.
