

Master list of 1,000 issues currently facing the American people

US ~ Take Your Pick ~ Logical Analysis

Governance, democracy, and political systems, items 1 to 120

1. Voter suppression and restrictive voting laws.
2. Gerrymandering and unfair district maps.
3. Deep political polarization.
4. Threats to free and fair elections.
5. Disinformation about elections.
6. Politicization of the judiciary.
7. Court packing and reforms of federal courts.
8. Erosion of democratic norms.
9. Campaign finance opacity and dark money.
10. Revolving door between regulators and industry.
11. Executive overreach in emergency powers.
12. Legislative paralysis and gridlock.
13. Corruption in local government contracting.
14. Influence of foreign funding on domestic politics.
15. Surveillance of political activists.
16. Criminalization of protest.
17. Voter data privacy breaches.
18. Misuse of law enforcement for political ends.

- 19.Targeted political prosecutions.
- 20.Politically motivated pardons or commutations.
- 21.Electoral interference, foreign targeted operations.
- 22.Manipulation of public institutions for partisan gains.
- 23.Erosion of press freedom, attacks on journalists.
- 24.Politicized public education and curriculum fights.
- 25.Partisan gags on public servants.
- 26.Undue influence by political action committees.
- 27.Audit processes weaponized for politics.
- 28.Declining public trust in institutions.
- 29.Conflicts of interest for elected officials.
- 30.Misuse of classification to hide government wrongdoing.
- 31.Privatization of public services without oversight.
- 32.Weak protections for whistleblowers.
- 33.Inadequate oversight of intelligence activities.
- 34.Secret agreements and nontransparent contracts.
- 35.Lack of transparency in campaign ad funding.
- 36.Public office holders refusing ethics rules.
- 37.Politicized redistricting commissions.
- 38.Challenges to mail in voting and absentee systems.
- 39.Removal or restriction of polling sites.
- 40.Voter ID law litigation swirl.
- 41.State level attempts to preempt local laws.
- 42.Partisan impeachment and removal fights.
- 43.Ballot access limits for third parties.

- 44.Overbroad use of emergency declarations.
- 45.Partisan misuse of investigative agencies.
- 46.Government shutdown risk and impact on people.
- 47.Oversight gaps for federal contracting.
- 48.Weak election cybersecurity in local jurisdictions.
- 49.Threats to separation of powers.
- 50.Hostile takeover of civic boards or commissions.
- 51.Politicized appointment processes.
- 52.Executive branch rollbacks of environmental rules.
- 53.State challenged federal authority conflicts.
- 54.Inadequate protections against political harassment.
- 55.Unequal enforcement of regulations by party.
- 56.Legislative capture by industry lobbyists.
- 57.Petitions of recall and their abuse.
- 58.Expansion of independent state legislature theories.
- 59.Partisan election certification challenges.
- 60.Use of private contractors for public elections.
- 61.Threats to tribal sovereignty from state laws.
- 62.Misleading official statements by public officials.
- 63.Disinformation spread by state actors.
- 64.Partisan enforcement of health measures.
- 65.Political influence over public universities.
- 66.Privatized prisons and political incentives.
- 67.Erosion of diplomatic norms for partisan benefit.
- 68.Changes to naturalization and immigration rules for politics.

- 69.Weaponized FOIA or denial of public records.
- 70.Political policing of public speech on campus.
- 71.Use of secret holds or closed sessions to hide misconduct.
- 72.Outsourcing of public research to private interests.
- 73.Partisan use of executive orders to bypass legislatures.
- 74.Defunding or undermining oversight bodies.
- 75.Political interference in census and data collection.
- 76.Politicized eligibility rules for office holders.
- 77.Lack of uniform standards on campaign communications.
- 78.Partisan exploitation of public benefits for votes.
- 79.Misinformation about ballot integrity.
- 80.Uneven application of election law across states.
- 81.Legislation enabling mass surveillance.
- 82.Weak enforcement of anti-trust in tech sector.
- 83.National security pretexts used to block oversight.
- 84.Misuse of military funds for political image.
- 85.Political wars inside major parties.
- 86.Delegitimization of political rivals instead of debate.
- 87.Misleading redaction of government reports.
- 88.Abuse of classification to block congressional oversight.
- 89.Use of gag orders to suppress reporting.
- 90.Politicized school board takeovers.
- 91.Manipulation of judicial assignments.
- 92.Opaque rules for outside advisors and task forces.
- 93.Weak disclosure rules for presidential financial interests.

- 94.Erosion of nonpartisan civic institutions.
- 95.Partisan appointment of regulatory boards.
- 96.Targeted defunding of media outlets.
- 97.Nationalization of private disputes for political gain.
- 98.Political targeting in foreign assistance decisions.
- 99.Party aligned misinformation about court rulings.
- 100.Decline of bipartisan policy making norms.
- 101.Attempts to criminalize normal governance agreements.
- 102.Use of private messaging for official decisions.
- 103.Selective leaks for political advantage.
- 104.Failure to hold political corruption accountable.
- 105.Political capture of neighborhood zoning boards.
- 106.Partisan restructuring of civil service rules.
- 107.Legislatures using texture laws to avoid scrutiny.
- 108.Politicized re-interpretation of constitutional norms.
- 109.Court fights over electoral college disputes.
- 110.Pressure on bureaucrats to alter data.
- 111.Abuse of non-prosecution agreements for politics.
- 112.Weaponized investigations into opponents.
- 113.Politicized scientific advisory panels.
- 114.Use of political rhetoric that incites violence.
- 115.Partisan framing of public health science.
- 116.Politicized pardons for political supporters.
- 117.Obstruction of oversight committees.
- 118.Extreme partisan reform proposals destabilizing the system.

119.Delegitimizing legal processes through public rhetoric.

120.State level lawmaking that conflicts with national human rights norms.

National security, foreign policy, and migration, items 121 to 220

121.Foreign interference and influence campaigns.

122.Espionage threats in critical infrastructure.

123.Cyber attacks on election infrastructure.

124.Propaganda campaigns by foreign actors.

125.Covert funding of political groups by foreign entities.

126.Arms proliferation to nonstate actors.

127.Terrorism threats and lone actors.

128.Radicalization online, recruitment for violence.

129.Border security and humanitarian crises.

130.Mass migration pressures and resource strain.

131.Refugee policy and asylum backlogs.

132.Undocumented labor exploitation.

133.Human smuggling and trafficking networks.

134.Foreign nationals exploiting U.S. businesses through fraud.

135.Diplomatic crises with major partners.

136.Proxy wars that draw in U.S. resources.

137.Foreign organized crime operating in U.S. cities.

138.State aligned cybercriminal gangs.

139.Economic coercion by foreign powers.

140.Manipulation of supply chains by state actors.

141.Foreign investment posing security risks.

- 142.Weaponized migration as geopolitical pressure.
- 143.International disinformation on U.S. policies.
- 144.Espionage targeting academia and R and D.
- 145.Targeted campaigns to influence judicial appointments.
- 146.Foreign interference in local politics.
- 147.Cross border environmental harms.
- 148.Transnational crime in human organs and body parts.
- 149.Illicit financial flows from foreign actors.
- 150.Foreign exploitation of natural resources on indigenous lands.
- 151.Exploitation of weak asylum systems by criminals.
- 152.Large scale return migration and reintegration gaps.
- 153.Border militarization and civil rights concerns.
- 154.Diplomatic use of sanctions impacting civilians.
- 155.State sponsored information laundering.
- 156.Foreign backed paramilitary training networks.
- 157.Cross border smuggling of weapons.
- 158.Foreign organized crime in drug distribution networks.
- 159.Dual use technology transfer abuses.
- 160.Threats to supply of critical minerals.
- 161.Economic espionage impacting manufacturing jobs.
- 162.National security leaks undermining operations.
- 163.Misuse of foreign aid for political ends.
- 164.External actors financing extremist groups.
- 165.Foreign influence over energy infrastructure.
- 166.Displacement from climate migration pressures.

167. Transnational child exploitation networks.
168. Criminal exploitation of visa programs.
169. Abuse of cultural diplomacy for influence.
170. Foreign ownership of US agricultural land.
171. Foreign meddling in education materials.
172. Illicit maritime trafficking affecting coastal communities.
173. Cyber-enabled financial theft from institutions.
174. Foreign-linked real estate money laundering.
175. Transnational legal challenges over patents.
176. Manipulation of commodity markets by state actors.
177. Foreign orchestration of sabotage operations.
178. Consular abuses and denial of services.
179. Targeted harassment of diaspora communities.
180. State directed defamation against US NGOs.
181. Cross border organ trafficking.
182. Exploitation of US ports by criminal syndicates.
183. Weaponization of migration for political leverage.
184. Fake diplomatic credentials used for spying.
185. State linked proxies in the drug trade.
186. Covert lobbying by foreign autocratic regimes.
187. Use of religious networks for foreign influence.
188. Border deaths and inadequate humanitarian response.
189. Cross border water disputes affecting communities.
190. Overseas detention of US citizens with weak due process.
191. Export control evasion by foreign actors.

- 192.Theft of IP to undercut US businesses.
- 193.Interference in US scientific collaborations.
- 194.Coercion of US companies to comply with foreign laws.
- 195.Foreign subsidization distorting US agriculture.
- 196.International corruption that affects US firms.
- 197.Foreign infiltration of local law enforcement.
- 198.Use of transnational gangs to destabilize border towns.
- 199.Manipulation of US social media by foreign bots.
- 200.Foreign criminals exploiting US refugee flows.

Economy, labor, and exploitation, items 221 to 360

- 221.Wage stagnation and rising cost of living.
- 222.Corporate consolidation and monopoly power.
- 223.Exploitation of gig economy workers.
- 224.Misclassification of employees as contractors.
- 225.Wage theft and unpaid overtime.
- 226.Labor trafficking, modern slavery, forced labor.
- 227.Domestic servitude, au pair and nanny exploitation.
- 228.Farmworker exploitation and seasonal abuse.
- 229.Child labor in supply chains.
- 230.Unsafe workplaces and weak OSHA enforcement.
- 231.Corporate tax avoidance and offshore profits.
- 232.Bankruptcy abuse by corporations to avoid liability.
- 233.Predatory lending and debt traps.
- 234.Payday loan and title loan abuses.

235.Housing cost crisis and evictions.

236.Exploitative landlord practices.

237.Substandard housing and slum conditions.

238.Labor union suppression and employer retaliation.

239.Workplace sexual harassment and retaliation.

240.Discriminatory hiring and pay gaps.

241.Forced arbitration clauses blocking court access.

242.Class action barriers from legal reforms.

243.Misuse of noncompete agreements.

244.Workplace surveillance and privacy invasion.

245.Automation causing job displacement.

246.Undocumented workers exploited in factories.

247.Deindustrialization of certain regions.

248.Student loan debt crisis.

249.For profit college fraud and student exploitation.

250.Healthcare costs causing financial ruin.

251.Pharmaceutical pricing abuses.

252.Price gouging in emergencies.

253.Corporate influence over labor policy.

254.Wage insecurity from erratic scheduling.

255.Lack of living wage in many regions.

256.Age discrimination in employment.

257.Exploitation through internship and unpaid labor.

258.Misuse of immigrant labor in agriculture.

259.Exemptions from labor law for certain industries.

260.Occupational exposure to toxic chemicals.

261.Wage suppression via collusive hiring practices.

262.Algorithmic discrimination in hiring.

263.Lack of childcare for working families.

264.Retaliation against whistleblowers.

265.Corporate human rights abuses abroad with US links.

266.Privatized labor camps and detention centers abuses.

267.Sweatshop labor for consumer goods.

268.Subcontractor chains hiding liability.

269.Forced conscription of civilians in conflicts impacting supply chains.

270.Unregulated temp agencies exploiting workers.

271.Exploitative apprenticeship models.

272.Human trafficking for labor in domestic settings.

273.Trainee visas used to suppress wages.

274.Occupational licensing barriers reducing mobility.

275.Inadequate protections for immigrant farmworkers.

276.Labor market monopsony effects.

277.Misleading employment promises to foreign workers.

278.Forced pregnancy and reproductive rights in workplaces.

279.Workplace coercion to attend political rallies.

280.Exploitation of prisoners in prison labor.

281.Underpaid elder care and home care workers.

282.Long term care labor shortages leading to exploitation.

283.Abuse in seasonal hospitality labor.

284.Vendor monopolies in company towns.

- 285.Bribery to secure government contracts.
- 286.Union busting through intimidation and legal games.
- 287.Exploitation of refugee labor in resettlement areas.
- 288.High cost of entry level credentials.
- 289.Displacement of workers by offshoring.
- 290.Labor-related human rights abuses in extractive industries.
- 291.Poor enforcement of anti-discrimination laws at work.
- 292.Wage garnishment that traps people.
- 293.Exploitative recruitment fees for foreign workers.
- 294.Employer facilitated identity theft and document abuse.
- 295.Forced adoption of company health plans with poor terms.
- 296.Retiree pension theft and underfunded plans.
- 297.Corporate failure to remediate polluted sites harming workers.
- 298.Exploitative labor practices in tech manufacturing.
- 299.Illegal retaliation against workers who complain.
- 300.Childcare deserts reducing full time workforce participation.
- 301.Employer coercion around vaccine mandates and medical privacy.
- 302.Misleading contract terms for service employees.
- 303.Corporate influence on unemployment insurance rules.
- 304.Staffing agencies that strip away worker protections.
- 305.Exploitative commissioning in arts and culture sectors.
- 306.High cost of training leading to debt bondage.
- 307.Failure to pay severance and benefits on layoffs.
- 308.Exploitation via modern apprenticeship scams.
- 309.Labor broker networks hiding employer responsibility.

- 310.Low wage for home health aides, fostering exploitation.
- 311.Forced overtime in manufacturing plants.
- 312.Exploitative labor in food processing plants.
- 313.Labor abuses in seafood and fishing industries.
- 314.Unsafe mining operations for domestic minerals.
- 315.Wage theft through tip pooling and illegal practices.
- 316.Employer mandated donation or charitable payroll deductions.
- 317.Exploitation of summer youth work programs.
- 318.Unregulated cosmetic and personal care manufacturing work.
- 319.Labor law exemptions harming low wage workers.
- 320.Corporate manipulation of unemployment claims.
- 321.Exploitation of domestic workers in immigrant families.
- 322.Employer misuse of background checks to discriminate.
- 323.Misleading job postings and bait and switch offers.
- 324.Use of private security contractors to intimidate unions.
- 325.Global supply chain child labor tied to US brands.
- 326.Lack of enforcement for workplace discrimination in small firms.
- 327.Illegal wage deductions for tools or clothing.
- 328.Exploitative live in care arrangements.
- 329.Forced relocation clauses in employment contracts.
- 330.Exploitation of migrant crews on fishing vessels.
- 331.Abuse of H2B and seasonal worker programs.
- 332.Labor brokers collecting illegal recruitment fees.
- 333.Payment in company scrip and restricted spending.
- 334.Exploitation of youth in entertainment industry.

- 335. Employer ownership of worker housing with rent gouging.
- 336. Open shop laws undermining collective bargaining.
- 337. Exploitative pay practices in service industries.
- 338. Pressure on workers to sign NDAs to hide abuse.
- 339. Underpayment in State contracted services.
- 340. Migrant worker health neglect and lack of access to care.
- 341. Use of debt as control for laborers.
- 342. Exploitative internship pipelines at elite firms.
- 343. Misuse of volunteer classification for paid work.
- 344. Forced disciplinary practices that resemble coercion.
- 345. Wage suppression through noncompete clauses for low wage workers.
- 346. Capital flight affecting local labor markets.
- 347. Gig economy algorithmic deactivation used to exploit workers.
- 348. Lack of portable benefits for mobile workers.
- 349. Exploitative payment terms for contractors.
- 350. Insufficient protections in artist collective workplaces.
- 351. Workplace violence left unaddressed.
- 352. Exploitation in domestic adoption and surrogate arrangements.
- 353. Abuse of contingent faculty in higher education.
- 354. Exploitative conditions in animal care and research facilities.
- 355. Forced bonuses or penalties tied to political activities at work.
- 356. Displaced communities losing livelihoods to extractive projects.
- 357. Abusive hiring practices in hotel subcontracting.
- 358. Dangerous exposure to pesticides for farmworkers.
- 359. Low enforcement of safety measures in construction.

360. Corporations misleading workers about union benefits.

Environment, public health, and chemical harms, items 361 to 540

361. Chemical spraying of public spaces, health impacts, lack of oversight.

362. Pesticide drift affecting residential areas.

363. Air pollution in urban neighborhoods, environmental injustice.

364. Water contamination in small towns.

365. PFAS contamination, forever chemicals in water supplies.

366. Industrial toxic waste and Superfund sites.

367. Fracking related pollution and earthquakes.

368. Fossil fuel extraction harming local communities.

369. Climate driven extreme weather impacts.

370. Rising sea level and coastal displacement.

371. Deforestation and biodiversity loss.

372. Industrial pesticide use and ecosystem collapse.

373. Agricultural runoff causing dead zones.

374. Exposure to endocrine disrupting chemicals.

375. Indoor air pollution in older housing.

376. Lead exposure in children from water and paint.

377. Asbestos in older buildings and poor remediation.

378. Radon exposure in homes.

379. Toxic algae blooms in lakes and drinking sources.

380. Occupational exposure to carcinogens.

381. Inadequate hazardous waste transport oversight.

382. Illegal dumping of industrial waste.

- 383.Lack of climate adaptation infrastructure.
- 384.Urban heat islands causing health stress.
- 385.Noise pollution and community harm.
- 386.Light pollution impacting health and wildlife.
- 387.Impacts of intensive animal agriculture.
- 388.Debcline in pollinator populations.
- 389.Soil degradation and loss of arable land.
- 390.Chemical exposure and reproductive harms.
- 391.Illegal pesticide use and lack of enforcement.
- 392.Unsafe levels of chemical additives in consumer goods.
- 393.Contaminated imported foodstuff.
- 394.Microplastic pollution in drinking water and food.
- 395.Environmental racism in siting polluting facilities.
- 396.Industrial emissions near schools and playgrounds.
- 397.Waste incineration health impacts.
- 398.Illegal mining damaging public lands.
- 399.Contaminated military bases with veterans exposed.
- 400.Failure to enforce clean air and water rules.
- 401.Lack of transparency about chemical ingredients.
- 402.Pesticide resistance and its consequences.
- 403.Chemical residues in breastmilk and mother concerns.
- 404.Illegal disposal of medical waste.
- 405.Impacts of shipping and port pollution on neighborhoods.
- 406.Chemical accidents at industrial plants.
- 407.Inadequate monitoring of endocrine disruptors.

- 408.Improper labeling of hazardous consumer products.
- 409.Failure to remediate legacy industrial sites.
- 410.Excessive fertilizer use and nitrate contamination.
- 411.Unregulated use of drones for pesticide spray.
- 412.Home pesticide use mis-sold as safe.
- 413.Lack of training for pesticide applicators.
- 414.Pesticide synergistic effects unstudied.
- 415.Indoor pesticide fogging in apartments.
- 416.Cross border pesticide drift impacting US towns.
- 417.Use of military-grade herbicides and runoff.
- 418.Excessive urban pesticide use for mosquitos and weeds.
- 419.Lack of community notification for spraying.
- 420.Vague labeling for consumer pesticides.
- 421.Agricultural use of neurotoxic insecticides.
- 422.Failure to track chronic low dose exposures.
- 423.Chemical effects on pollinator navigation.
- 424.Persistent organic pollutants still in food chains.
- 425.Lack of independent testing for product safety claims.
- 426.Improper handling of pesticide containers.
- 427.Crop chemical residues in baby food.
- 428.Noncompliance with endangered species protections.
- 429.Insufficient buffer zones for pesticide application.
- 430.Illegal worker exposure during spraying.
- 431.Cross contamination of groundwater by pesticides.
- 432.Chemical exposures in nail salons and small businesses.

- 433.High toxics around indigenous territories.
- 434.Chemical export to countries with weak rules.
- 435.Unmonitored chemical disposal by hospitals.
- 436.Persistent pesticide use in school grounds.
- 437.Pollution from abandoned industrial ships.
- 438.Improper storage of hazardous household chemicals.
- 439.Exposure from recycling e waste in informal sectors.
- 440.Lack of heat-resilient public housing adaptation.
- 441.Misinformation about safety of common chemicals.
- 442.Inadequate recall systems for dangerous consumer chemicals.
- 443.Illegal labeling of pesticides as organic.
- 444.Exposure to solvents in home renovation.
- 445.Toxic exposures from contaminated playground equipment.
- 446.Farming near residential subdivisions causing drift.
- 447.Weak enforcement of pesticide reentry intervals.
- 448.Chronic exposure to vehicle exhaust in low income areas.
- 449.Illegal burning of waste causing respiratory disease spikes.
- 450.Insufficient cleanup after chemical spills.
- 451.Lack of standardized national biomonitoring.
- 452.Exposure to chemicals through household dust.
- 453.High chemical exposures in hair salons and barber shops.
- 454.Chemical risks to pregnant workers not tracked.
- 455.Misleading corporate safety claims for pesticides.
- 456.Use of harmful solvents in manufacturing finished goods.
- 457.Inadequate worker protection from agricultural chemicals.

- 458. Chemical contamination in food packaging.
- 459. Unregulated scent chemicals causing health effects.
- 460. Illegal pesticide importation and distribution.
- 461. Chemical residues on imported produce.
- 462. Lack of remediation for school hazardous sites.
- 463. Chemical risks in frugal housing repairs.
- 464. Exposure to military grade solvents in decommissioned bases.
- 465. Poor regulation of new nano chemicals.
- 466. Insufficient study of long term low dose exposures.
- 467. Failure to ban chemicals proven hazardous internationally.
- 468. Lack of transparency in pesticide testing methods.
- 469. Chemical dumping impacting small towns by corporate actors.
- 470. Repeated spraying for mosquitos without independent review.
- 471. Use of unapproved chemical mixtures by local suppliers.
- 472. Failure to notify neighbors of

Environment, public health, and chemical harms (continued), items 473 to 540

- 473. Failure to notify neighbors of pesticide spraying schedules.
- 474. Chemical exposure linked to neurological disorders.
- 475. Improper disposal of industrial solvents.
- 476. Chronic exposure to airborne particulates.
- 477. Lack of independent oversight for chemical contractors.
- 478. Exposure to toxic mold in rental properties.
- 479. Failure to enforce lead abatement regulations.
- 480. Contaminated soil in urban playgrounds.

- 481. Use of harmful flame retardants in furniture.
- 482. Chemical runoff from highways impacting communities.
- 483. Insufficient protection for environmental whistleblowers.
- 484. Pesticide use near hospitals and schools.
- 485. Failure to study cumulative chemical exposures.
- 486. Long term impact of chemical fertilizers on drinking water.
- 487. Indoor air contamination from cleaning chemicals.
- 488. Unregulated chemical use in small scale agriculture.
- 489. Inadequate personal protective equipment (PPE) for chemical workers.
- 490. Airborne pesticide drift into residential neighborhoods.
- 491. Lack of state/federal coordination on chemical spills.
- 492. Toxic exposures from e-waste recycling.
- 493. Use of harmful fungicides in grain production.
- 494. Persistent chemicals in consumer goods.
- 495. Uncontrolled pesticide spraying in public parks.
- 496. Chemical exposure during home fumigation.
- 497. Improper labeling of industrial chemicals.
- 498. Chronic exposure in chemical manufacturing towns.
- 499. Lack of transparency on chemical testing results.
- 500. Environmental injustice in placement of toxic sites.
- 501. Excessive chemical residues in food and beverages.
- 502. Illegal application of restricted chemicals.
- 503. Toxic exposure from contaminated fish and seafood.
- 504. Improper chemical storage leading to spills.
- 505. Illegal use of banned pesticides in agriculture.

506. Contaminated groundwater affecting rural populations.

507. Lack of monitoring of chemical emissions near schools.

508. Chemical exposure contributing to reproductive harm.

509. Industrial solvents contaminating public waterways.

510. Lack of independent review of chemical safety data.

511. Unmonitored pesticide application in urban gardening.

512. Insufficient oversight for fumigation companies.

513. Inconsistent chemical regulations across states.

514. Exposure to harmful cleaning chemicals in workplaces.

515. Failure to remediate historical industrial pollution.

516. Toxic exposure from improperly disposed pharmaceutical waste.

517. Lack of enforcement on chemical safety violations.

518. Excessive use of herbicides in public lands.

519. Chronic health impacts of chemical residues.

520. Failure to track chemical exposure in vulnerable populations.

521. Poor regulation of chemical additives in processed foods.

522. Lack of timely warnings about chemical hazards.

523. Harmful emissions from diesel engines in urban areas.

524. Exposure to endocrine disruptors in consumer products.

525. Illegal chemical dumping from transport vehicles.

526. Failure to regulate imported chemical products.

527. Chemical contamination from mining operations.

528. Unmonitored use of insect growth regulators.

529. Chemical exposure during home pest control.

530. Insufficient testing for chemical carcinogenicity.

- 531.Unregulated chemical spraying on federal lands.
 - 532.Inadequate labeling for pesticide mixtures.
 - 533.Chemical exposure from artisanal mining.
 - 534.Lack of research on combined chemical effects.
 - 535.Toxic exposure from textile manufacturing.
 - 536.Excessive industrial noise combined with chemical stressors.
 - 537.Chemical contamination of urban waterways.
 - 538.Ineffective enforcement of chemical use reporting.
 - 539.Failure to provide protective training for chemical handlers.
 - 540.Chronic illness linked to repeated low-level exposures.
-

Health, medicine, and vaccines, items 541 to 640

- 541.Adverse vaccine reactions and underreported cases.
- 542.Inadequate informed consent for medical procedures.
- 543.Overprescription of opioids and resultant addiction.
- 544.Pharmaceutical marketing influence on doctors.
- 545.Lack of access to mental health services.
- 546.Insurance denials for essential care.
- 547.Medical debt causing financial hardship.
- 548.Hospital acquired infections.
- 549.Inadequate reporting of medical errors.
- 550.Health disparities by race and socioeconomic status.
- 551.Food insecurity affecting health outcomes.
- 552.Chronic exposure to toxins in medical products.

553. Exploitation in clinical trials.

554. Unsafe experimental procedures.

555. Biased research influencing treatment guidelines.

556. Insufficient transparency in drug side effects.

557. Misleading labeling of supplements and medications.

558. Lack of accountability for medical device failures.

559. Overuse of antibiotics and resistance development.

560. Public health policy influenced by corporate lobbying.

561. Lack of vaccine injury compensation for some groups.

562. Inadequate health communication during pandemics.

563. Forced sterilization in some medical contexts.

564. Exploitation of vulnerable patients in research.

565. Inequitable access to organ transplants.

566. Environmental exposure impacting health outcomes.

567. Failure to track long-term vaccine safety data.

568. Insufficient attention to chronic disease prevention.

569. Profit-driven healthcare decisions.

570. Discrimination in medical treatment access.

571. Exploitation through medical billing fraud.

572. Misdiagnosis due to time constraints.

573. Insufficient transparency in clinical data.

574. Emergency medical neglect in rural areas.

575. Excessive medical testing causing harm.

576. Misuse of sedatives or restraints in care facilities.

577. Neglect in elderly care homes.

578.Lack of safeguards for experimental drug trials.

579.Forced isolation or quarantine in some public health actions.

580.Medical surveillance used for non-health purposes.

581.Overuse of invasive procedures without consent.

582.Pharmaceutical price gouging.

583.Lack of universal healthcare leading to inequities.

584.Delayed reporting of adverse drug events.

585.Conflicts of interest in public health agencies.

586.Improper sterilization leading to infections.

587.Use of placebos without informed consent.

588.Lack of independent oversight in vaccine approval.

589.Inadequate protections for whistleblowers in healthcare.

590.Insurance-driven medical rationing.

591.Environmental factors ignored in public health policy.

592.Biased clinical guidelines favoring profit over care.

593.Misinformation about vaccine safety.

594.Forced medical procedures in institutional settings.

595.Lack of culturally competent healthcare.

596.Exploitation of pregnant people in medical research.

597.Inadequate mental health support in prisons.

598.Delays in diagnosing rare diseases.

599.Poor tracking of long-term medical device impacts.

600.Failure to enforce pharmaceutical quality controls.

601.Lack of support for post-viral syndromes.

602.Overcrowding in hospitals leading to compromised care.

603. Exploitation through organ transplant black markets.

604. Inadequate access to reproductive health services.

605. Neglect in pediatric care in underserved areas.

606. Forced participation in experimental medical programs.

607. Limited transparency in vaccine adverse event reporting.

608. Over-medicalization of mental health.

609. Inadequate response to public health crises.

610. Profit motives influencing patient care.

611. Medical misinformation targeting specific populations.

612. Unsafe telemedicine practices.

613. Neglect in rural emergency response.

614. Lack of monitoring for chronic drug side effects.

615. Misuse of emergency powers in public health.

616. Limited access to pain management.

617. Pressure on patients to accept unnecessary procedures.

618. Conflicts of interest in medical journals.

619. Lack of accessible clinical trial data.

620. Underfunded public health infrastructure.

621. Exploitation in experimental drug markets.

622. Ignoring environmental health impacts on communities.

623. Disparities in maternal mortality rates.

624. Medical discrimination based on gender identity.

625. Profit-driven vaccination campaigns.

626. Failure to compensate victims of medical malpractice.

627. Lack of transparency in clinical trial funding.

- 628.Overcrowding in nursing homes.
- 629.Inadequate infection control measures.
- 630.Mislabeling of medical supplies.
- 631.Coercion in reproductive healthcare decisions.
- 632.Exploitation in cosmetic surgery.
- 633.Overuse of diagnostic imaging with radiation risks.
- 634.Neglect of mental health in juvenile detention centers.
- 635.Lack of independent review of public health decisions.
- 636.Inadequate follow-up after hospital discharge.
- 637.Exploitation of medical interns and residents.
- 638.Unsafe practices in dental care.
- 639.Lack of protections against hospital-induced trauma.
- 640.Insufficient protection against infectious outbreaks in facilities.

Crime, violence, and civil unrest, items 641 to 740

- 641.Rise in violent crime in urban areas.
- 642.Mass shootings and gun violence.
- 643.Domestic terrorism by extremist groups.
- 644.Police brutality and misconduct.
- 645.Civil unrest following controversial verdicts.
- 646.Looting and property destruction during protests.
- 647.Gang violence in metropolitan areas.
- 648.Human trafficking for sex and labor.
- 649.Drug-related violence and overdoses.
- 650.Assaults on law enforcement officers.

651.Vigilante justice and extrajudicial violence.

652.Riots and mob attacks.

653.Street crime targeting vulnerable populations.

654.Armed robberies in residential neighborhoods.

655.Hate crimes targeting religious groups.

656.Race-related violent incidents.

657.Cross-border crime spilling into US territories.

658.Organized crime influencing local politics.

659.Cybercrime and online financial theft.

660.Ransomware attacks against public institutions.

661.Identity theft and personal data breaches.

662.Assaults targeting healthcare workers.

663.Violence against journalists.

664.Domestic violence and intimate partner homicide.

665.Child abuse and neglect leading to fatalities.

666.Elder abuse in care facilities.

667.Workplace violence incidents.

668.School shootings and mass casualties.

669.Campus sexual assaults.

670.Threats to mass gatherings and public events.

671.Armed standoffs with federal authorities.

672.Hate-fueled murders and lynchings.

673.Gang recruitment of minors.

674.Home invasions and burglaries.

675.Carjackings and violent theft.

676.Extortion of businesses by organized crime.

677.Kidnapping for ransom.

678.Postal and delivery theft rings.

679.Drug cartels operating in border states.

680.Illegal firearms trafficking.

681.Cyberstalking and harassment.

682.Violent protests tied to political extremism.

683.Illegal distribution of explosives.

684.Coordinated attacks on infrastructure.

685.Violent radicalization in prisons.

686.Street-level turf wars among gangs.

687.Vigilante militias and paramilitary groups.

688.Cross-border smuggling violence.

689.School and daycare assaults.

690.Armed robberies in retail and restaurants.

691.Threats to community leaders.

692.Assaults on homeless populations.

693.Mass sexual assaults during public events.

694.Arson targeting businesses and government buildings.

695.Rioting during sporting events.

696.Kidnapping of children in trafficking rings.

697.Violent eviction disputes.

698.Assaults motivated by political ideology.

699.Vigilante executions in rural areas.

700.Theft and fraud in online marketplaces.

701.Coordinated cyberattacks against cities.

702.Blackmail and coercion using personal information.

703.Explosions or attacks on critical infrastructure.

704.Road rage incidents causing fatalities.

705.Assaults against immigrants.

706.Mass brawls during cultural or religious events.

707.Illegal street racing causing fatalities.

708.Violence in private detention facilities.

709.Armed robberies of financial institutions.

710.Kidnapping linked to organized crime.

711.Drive-by shootings.

712.Violent property disputes escalating.

713.Cyber-enabled child exploitation.

714.Criminal networks controlling local vice operations.

715.Attacks on public transit systems.

716.Murder-for-hire schemes.

717.Intimidation of whistleblowers.

718.Assaults during protests over social issues.

719.Home invasions targeting wealthy households.

720.Terrorist plots thwarted or executed domestically.

721.Extortion of online content creators.

722.Hate crimes against LGBTQ communities.

723.Assaults targeting journalists covering corruption.

724.Gang-related drive-bys in suburban areas.

725.Online radicalization leading to physical attacks.

- 726.Human smuggling incidents causing deaths.
 - 727.Illegal firearms in schools and universities.
 - 728.Violence in correctional facilities.
 - 729.Armed robberies targeting delivery personnel.
 - 730.Targeted attacks on healthcare facilities.
 - 731.Assaults on migrant workers.
 - 732.Organized retail crime rings.
 - 733.Robberies targeting senior citizens.
 - 734.Cyber-attacks on financial institutions.
 - 735.Threats to public officials.
 - 736.Coordinated criminal attacks on utilities.
 - 737.Mass looting after natural disasters.
 - 738.Violence against journalists in conflict zones within the US.
 - 739.Attacks on activists and protest leaders.
 - 740.Organized street-level criminal networks.
-

Slavery, labor, and reproductive exploitation, items 741 to 820

- 741.Modern slavery in domestic servitude.
- 742.Exploitation of au pairs and nannies.
- 743.Forced labor in agriculture.
- 744.Exploitation of undocumented workers.
- 745.Reproductive slavery in coercive fertility programs.
- 746.Domestic servitude in immigrant households.
- 747.Labor trafficking in construction.

748. Exploitation of temporary workers.

749. Debt bondage in labor recruitment.

750. Sexual exploitation and forced prostitution.

751. Forced participation in adult entertainment.

752. Exploitation in surrogate programs.

753. Exploitation in commercial cleaning.

754. Domestic slavery in private residences.

755. Exploitation in hospitality and tourism industries.

756. Forced labor in textile factories.

757. Exploitation of migrant farmworkers.

758. Coerced reproductive labor in healthcare facilities.

759. Forced overtime without pay.

760. Employer-controlled housing trapping workers.

761. Forced labor in fisheries and seafood industries.

762. Exploitation of interns and unpaid apprentices.

763. Labor exploitation in care homes.

764. Exploitative contracts for temporary employment.

765. Child labor in domestic and farm settings.

766. Exploitation of domestic workers through legal loopholes.

767. Surrogate coercion without proper consent.

768. Exploitation of live-in caregivers.

769. Forced labor in seasonal work programs.

770. Exploitation through high recruitment fees.

771. Migrant labor exploitation in meatpacking.

772. Coercion of undocumented immigrants into labor.

773. Exploitation in warehousing and fulfillment centers.

774. Forced labor in e-waste recycling.

775. Domestic slavery in entertainment productions.

776. Exploitation in the agricultural seed and pesticide industry.

777. Debt manipulation keeping workers bound to employers.

778. Exploitation in private tutoring and childcare.

779. Labor exploitation in laundries.

780. Exploitation in car washes employing undocumented workers.

781. Forced labor in domestic animal care.

782. Coerced reproductive services for adoption agencies.

783. Exploitation in industrial cleaning services.

784. Labor exploitation in food delivery networks.

785. Exploitation in seasonal tourism staffing.

786. Forced labor in hospitality back-of-house roles.

787. Exploitation through “training fees” for low-wage workers.

788. Reproductive coercion in employment settings.

789. Exploitation in remote gig work and content creation.

790. Forced labor in recycling and waste sorting.

791. Exploitation in domestic health care staffing agencies.

792. Coerced work through withheld wages.

793. Exploitation in private gardening and landscaping services.

794. Forced labor in rural cleaning and maintenance jobs.

795. Exploitation in volunteer programs used as labor pools.

796. Exploitation in domestic elder care.

797. Labor trafficking in food processing plants.

798. Exploitation of migrant construction crews.

799. Exploitative employment in small manufacturing.

800. Coercion in hospitality housekeepers and hotel staff.

801. Forced labor in textile home-based production.

802. Exploitation of minors in family-run businesses.

803. Labor exploitation in restaurants and catering.

804. Coerced labor in private maintenance contracts.

805. Exploitation through restrictive employment visas.

806. Forced labor in community-supported agriculture.

807. Exploitation in church or religious work programs.

808. Exploitation in private security services.

809. Forced labor in fisheries and aquaculture.

810. Exploitation in private tutoring and online education.

811. Labor exploitation in delivery and courier services.

812. Exploitation in warehouse fulfillment centers.

813. Forced labor in domestic cleaning and caretaking.

814. Coerced labor in family-run factories.

815. Exploitation in commercial food preparation.

816. Exploitation of labor in small hospitality ventures.

817. Exploitation in retail stock and inventory management.

818. Forced labor in small-scale farming.

819. Exploitation through mandatory work for lodging.

820. Labor trafficking in landscaping and gardening.

Organized crime, mafia, succession, and political pawns (821–880)

- 821. Mafia and organized crime networks operating nationwide
- 822. Political manipulation by crime syndicates
- 823. Corruption in local and state governments linked to organized crime
- 824. Exploitation of politicians as pawns for criminal gain
- 825. Money laundering through legitimate businesses
- 826. Extortion and protection rackets
- 827. Threats and violence to enforce organized crime control
- 828. Criminal infiltration of unions
- 829. Smuggling and trafficking controlled by organized crime
- 830. Organized crime involvement in narcotics distribution
- 831. Organized crime influence on legal and judicial systems
- 832. Succession disputes in mafia families affecting community safety
- 833. Kidnapping and intimidation for criminal purposes
- 834. Organized crime in construction and real estate
- 835. Human trafficking networks linked to criminal syndicates
- 836. Cybercrime organized by criminal networks
- 837. Bribery and corruption facilitated by organized crime
- 838. Organized crime in gambling and casinos
- 839. Smuggling contraband through ports and borders
- 840. Criminal infiltration of private security industries
- 841. Violence linked to succession wars in crime families
- 842. Exploitation of vulnerable populations for criminal profit
- 843. Extortion of businesses under threat of violence
- 844. Organized crime in waste disposal and recycling

- 845. Criminal control of illicit online marketplaces
- 846. Fraud schemes orchestrated by criminal networks
- 847. Political bribery tied to organized crime interests
- 848. Tax evasion schemes by criminal organizations
- 849. Influence on local elections by criminal actors
- 850. Co-optation of law enforcement by organized crime
- 851. Threats to journalists investigating organized crime
- 852. Cross-border crime collaboration with foreign syndicates
- 853. Protection of criminal operations through intimidation
- 854. Smuggling endangered wildlife for profit
- 855. Financial exploitation of vulnerable communities
- 856. Organized crime in labor disputes
- 857. Criminal influence over transportation networks
- 858. Human exploitation in illegal labor markets
- 859. Coercion and recruitment by organized crime
- 860. Organized crime in illicit trade of firearms
- 861. Influence on zoning and development for criminal gain
- 862. Money laundering through political donations
- 863. Co-opting of businesses to hide criminal proceeds
- 864. Organized crime in maritime smuggling
- 865. Succession conflicts causing public violence
- 866. Organized crime in cybersecurity attacks
- 867. Exploitation of public resources for profit
- 868. Control of illegal gambling rings
- 869. Influence over regulatory agencies to protect crime

- 870. Extortion of legal professionals
 - 871. Organized crime in the art and antiquities trade
 - 872. Corruption of municipal contracts
 - 873. Exploitation of migrants by criminal networks
 - 874. Coercive influence on local media
 - 875. Money laundering through casinos and hotels
 - 876. Criminal use of shell companies
 - 877. Organized crime in drug production
 - 878. Control over street-level criminal enterprises
 - 879. Corruption in transportation enforcement
 - 880. Coordination of crime across state lines
-

Hate speech, genocide, foreign exploitation, and invasion (881–940)

- 881. Rise in domestic hate speech campaigns
- 882. Hate-fueled attacks on religious minorities
- 883. Anti-immigrant propaganda
- 884. Genocide denial movements
- 885. Extremist nationalist rhetoric
- 886. White supremacist networks
- 887. Anti-LGBTQ discrimination and violence
- 888. Racially motivated violence
- 889. Online hate speech proliferation
- 890. Foreign-backed misinformation campaigns
- 891. Political polarization through targeted propaganda

- 892. Cyber attacks from foreign actors to destabilize communities
- 893. Illegal migration exploitation
- 894. Foreign influence in local elections
- 895. Infiltration by foreign intelligence networks
- 896. Exploitation of American resources by foreign entities
- 897. Coordinated disinformation to weaken US unity
- 898. Manipulation of social media for political gain
- 899. Espionage targeting US corporations
- 900. Economic warfare via sanctions and trade manipulation
- 901. Political and cultural subversion by foreign actors
- 902. Threats to national sovereignty through infiltration
- 903. Foreign exploitation of US labor markets
- 904. Spread of extremist ideologies by foreign entities
- 905. Cyber-enabled propaganda campaigns
- 906. Coordinated political destabilization from abroad
- 907. Threats to elections via social engineering
- 908. Foreign-controlled media influencing US opinion
- 909. Coercion of local officials by external actors
- 910. Exploitation of vulnerable communities for geopolitical advantage
- 911. Organized cyber harassment by foreign groups
- 912. Exploitation of migration crises by external powers
- 913. International influence on domestic education materials
- 914. Funding of domestic extremist groups by foreign entities
- 915. Economic espionage affecting US companies
- 916. Exploitation of legal loopholes by foreign actors

- 917. Subversive activities through cultural organizations
- 918. Weaponization of immigration policy by external powers
- 919. Spread of foreign propaganda in media and entertainment
- 920. Undermining of US civil institutions through covert influence
- 921. Use of religious organizations for foreign exploitation
- 922. Targeting American infrastructure via foreign cyber campaigns
- 923. Disinformation to incite racial or political tension
- 924. Infiltration of political organizations
- 925. Foreign exploitation of US technological innovations
- 926. Covert operations to influence local politics
- 927. Illegal exploitation of natural resources by foreign entities
- 928. Financial manipulation affecting US markets
- 929. Exploitation of vulnerabilities in US governance
- 930. Coordinated online attacks to intimidate activists
- 931. Cultural subversion via media content
- 932. Foreign-linked propaganda through academic channels
- 933. Manipulation of public health information
- 934. Cyber-enabled targeting of critical infrastructure
- 935. Exploitation of US citizens by foreign nationals
- 936. Weaponized social media campaigns by external actors
- 937. Coordinated attacks on US political figures
- 938. Cybercrime and ransomware from foreign sources
- 939. Exploitation of Americans during migration crises
- 940. Threats of foreign invasion or military posturing

Psychological warfare, historical repeats, territorial/religious coercion, relationship abuse, and societal threats (941–1005)

- 941. Psychological warfare targeting communities
- 942. Use of fear and intimidation in political campaigns
- 943. Historical repetition of racial and labor exploitation
- 944. Territorial conflicts impacting civilians
- 945. Forced religious indoctrination
- 946. Coerced participation in extremist religious practices
- 947. Domestic psychological abuse and manipulation
- 948. Exploitation of minors through grooming and coercion
- 949. Political propaganda targeting children
- 950. Use of social pressure to enforce conformity
- 951. Psychological manipulation through media narratives
- 952. Manipulation of historical narratives for political gain
- 953. Coerced cultural assimilation programs
- 954. Territorial disputes leading to localized violence
- 955. Forced participation in militarized or paramilitary groups
- 956. Psychological impact of mass surveillance
- 957. Emotional manipulation through economic threats
- 958. Exploitation of familial relationships for control
- 959. Manipulation through social media influence
- 960. Psychological abuse in workplace hierarchies
- 961. Coerced participation in ideological movements

- 962. Psychological impact of repeated civil unrest
- 963. Relationship coercion and domestic violence
- 964. Emotional and financial exploitation in personal relationships
- 965. Gaslighting and manipulation in institutional settings
- 966. Historical repeats of systemic oppression
- 967. Manipulation of public sentiment through fear campaigns
- 968. Exploitation of vulnerable populations for political gain
- 969. Psychological warfare in online communities
- 970. Coerced participation in economic exploitation schemes
- 971. Territorial coercion in housing and property disputes
- 972. Forced cultural or religious practices in schools
- 973. Psychological impact of chronic exposure to propaganda
- 974. Relationship abuse in domestic and intimate settings
- 975. Exploitation of social hierarchies for personal gain
- 976. Manipulation of educational curricula to serve ideology
- 977. Psychological control through debt and labor exploitation
- 978. Threats of violence to enforce compliance
- 979. Emotional exploitation by political actors
- 980. Manipulation of communities through misinformation
- 981. Psychological impact of environmental degradation
- 982. Coercion of workers through fear tactics
- 983. Exploitation of historical grievances for political purposes
- 984. Forced participation in political violence
- 985. Psychological stress from economic instability
- 986. Coerced allegiance to extremist groups

987. Emotional manipulation in community organizations
988. Psychological warfare through social media targeting
989. Exploitation of fear in housing and migration issues
990. Coercion of students in ideological programs
991. Manipulation through false historical narratives
992. Psychological control in religious institutions
993. Coerced labor participation through family pressure
994. Emotional and financial abuse in personal relationships
995. Threats of social ostracization to enforce compliance
996. Psychological impact of exposure to repeated civil unrest
997. Exploitation of youth through coercive programs
998. Use of propaganda to incite domestic division
999. Manipulation of vulnerable populations via online platforms
1000. Psychological and emotional exploitation to maintain systemic control
1001. Forced participation in online harassment campaigns
1002. Coerced political activism under threat of retaliation
1003. Exploitation of elderly through financial and emotional manipulation
1004. Psychological manipulation in corporate structures
1005. Use of fear-based tactics in public health and emergency messaging
