## SOS SLAVERY & WAR RESEARCH PROJECT 2023-2025

### 2023-2025 SOS Research Project

Hello Santas! To say these topics were difficult to read about would be a major understatement. We stayed strong, brave, resilient, and we did our very best. I could not be more grateful for the support of SOS and how engaged our Sisters and Brothers were throughout this process of learning

and understanding the harms that the slavery and war movements have caused our communities. Together, we made the world a better place. We helped curve violence, and this is a beautiful accomplishment. Thank you, to all of those who were there in love and support. We appreciate you so, so much!

Many blessings on your research journey!

We've run out of space! So, we freed up space on Armor Up! Starting with the last sections, we will "round off" our research and casework on Armor Up 1, 2, 3, and lastly, 4. We will then begin compiling our research as best as we can so that the topics are easy to read in an encyclopedia-like style for our community as well as historical and case interpretation.

## Prayer For Victims

"Loving Father, Loving Mother,
we lift up to you the victims of slavery and human trafficking, those who are forced into labor, trafficked into sexual slavery, and denied their freedom. We ask you to release them from their chains, grant them protection, safety, and empowerment. Restore their dignity and provide them a new beginning. Show us how we might end exploitation by addressing its causes. Help us reach out in support of victims and survivors of human trafficking. Make us instruments of your spirit for their liberation."

## Prayer For Healing

"In times of suffering, may we find solace in prayer, seeking comfort, strength, and healing for ourselves and others. Let us pray for those who are hurting, asking for God's/Goddesses' grace and peace in their lives. God/Goddess, we bring before you today those who are suffering in body, mind, or spirit, those who are facing illness, grief, or hardship, and those who are struggling with challenges beyond their control. We ask that you surround them with your loving presence, offering comfort, peace, and strength to endure their trials. May they find solace in your unwavering love

and grace. We pray for healing, both physical and emotional, for those who are sick or wounded. May your healing touch restore their health and well-being. We ask that you guide them through these difficult times, giving them the wisdom to make sound decisions and the hope to see a brighter future. May they find purpose and meaning in their suffering. We thank you for the gift of compassion and for the opportunity to care for those in need. We pray that we may be instruments of your love and healing in the world. God/Goddess hear our prayers and grant your healing touch to all who are suffering. In your name, we pray. So woven, in divinity, heart and spirit."

## Protecting America From Foreign Influence

Our country is being harmed when foreign interests and allegiances are allowed to influence American affairs through modern forms of political and information warfare.

We recognize that some individuals may become so consumed by radical and extreme politics that they lose sight of the principles that hold our nation together. We must remain vigilant and safeguard ourselves, our communities, and our institutions from efforts that threaten American freedom, security, and self-government.

We are grateful for the heroes who dedicate themselves to protecting our country and keeping Americans safe. Their service and sacrifice deserve our respect, gratitude, and support.

## Important Understanding

**Follow the Foreign Money.**

Understanding who funds political advocacy, policy campaigns, and organizations operating in the United States is essential to understanding influence. Foreign funding and foreign interests should be examined openly and transparently so Americans can make informed decisions about the forces shaping our country.
We look forward to positive reforms advanced by American patriots, and we remain steadfast in our support of homeland defense, national security, and the protection of the American people.
