

## ***The Spiritual Assault on the Western World***

*by D. Cowdrey*

It would be one thing if those targeted were aggressors, but this has not been the case. Those who have been most affected are the innocent, individuals with open hearts, children, and teenagers. We have witnessed these assaults happening all over the world, not just in the West, though the West recovers most, as the exploiters have scripted terrorism and war here.

At unprecedented levels, human beings have been seen as opportunities for exploitation, for slavery. These violent harms cross the channels of humankind into the spiritual realm.

It is a war on the soul. It violates our sense of self, our safety, and our connection to others.

No longer a conflict between opposing forces, this is an assault on the very foundation of humanity itself.

And the only way to confront these aggressors, predators, and evildoers is to *fight back*.

War 3 has already been happening, skillfully, strategically, underground. The world's innocent were vulnerable, unable to defend themselves, unaware.

However, now their war on the human soul is more predictable. The threat is in our scope. All we have to do is confront it.

*(They waged historical war on the world's innocent. There has never been a war more worth fighting.)*

*We sign our name,*
