

The Note

Modern Red Communist Parties

We shouldn't have to work at all!

The Farmer

We shouldn't have to pay at all!

The Nation Builder

Anyone, everyone, the whole-wide world! Just not the *White American* race.

Left Activists

We will yell, berate, shame, degrade and dehumanize anyone, anywhere and at any time! *Don't yell at us, N*zi!*

Indigenous, Non-Indigenous, Anti "Colonist," Colonists

I am a fake claimant that I am "Native Indigenous" who is colonizing a place I am not actually indigenous to and campaigning against actual Native, Anthropological, Heritage and Indigenous.

The Left Voyeurs

I scream and shout about human rights, but when it comes to filming or trafficking others, my victims have no autonomy, humanity or rights.

The Bolsheviks

I am the victim predator, always the victim, always preying, always victimizing, always guilty, pleading not guilty.

The Abolitionists

Justice! Justice! Justice! Harm! Harm! Harm! Blame! Blame! Blame! Shame! Shame! Shame! Justice! Justice! Justice!

The Anti-Ameri-Clan

You go this way, I'll go that way. We'll build a war and call it a Democracy.

The Foreign Grand Stand

We can be everything, anything, call it multicultural, our grand stand, as long as it represents everything, anything but the values, culture and heritage of *Americans*.
