All our staff have been Coaches and/or Players in U.S. College. The knowledge and network we have because of this is unrivalled

"It was a pleasure to work together with Don Williams and SRUSA! He is one of the most caring people I have met. Throughout the entire process, he not only helped me to find the best fit, but also to grow as a person with his personal advice.

SRUSA, a very competent team that takes care of you at every stage of the recruiting process and brings you in touch with the best possible universities! I can only recommend SRUSA!"

Sven Kleinhans - University of Wisconsin

COMMENTS

We helped him transfer to the NCAA Division 1 from NAIA where his previous agency had placed him

"Playing in College changed my life.

It got me ready for the next level, whilst gaining my degree.

Since College I've managed to play pro in the USA, Germany and now in England.

What SRUSA do is not only give a fantastic service but a life-changing one too"

Leah Galton - Manchester United Women

SRUSA
COMMENTS

Leah is a fantastic ambassador to SRUSA and her journey from College in the USA, to Bayern Munich to Manchester United is a career most girls would give anything for

"Thanks to SRUSA I found my perfect College in America. It has allowed me to continue playing for England, but to gain a degree too"

Mollie Rouse - Uni of Central Florida & England U20's

SRUSA
COMMENTS

We helped find Mollie a perfect home so that she would still be playing at a high enough level for England to continue picking her

I was apart of the SRUSA programme for 2 years before committing to a university in America. Chris Cousins was my point of contact through this period. He was constantly available to me for all my questions. He managed to build an incredible amount of interest for me and guided me through the pros and cons of each offer. Most of the offers he managed to get for me were full scholarships and I eventually accepted an offer from a DI programme. Without Chris I doubt I would have made the choice to commit to moving, which turned out to be the best decision I ever made. I strongly recommend becoming a student-athlete in America, and using SRUSA to do so. Thank you Chris and SRUSA!

We have recently committed for our son to the USA! It is a daunting task and we are so pleased to have SRUSA staff and Chris to help us through this! They have helped us from negotiations, flights, health insurance to visa application! Their wide spread network helps to maximise your offers! I feel comfortable that they will be with our son for the remainder of his soccer/footballing career!

Going through the process of transferring universities is pretty stressful in terms of finding a new team, filling out numerous forms and getting everything done in time. However, SRUSA being there every step of the way makes that process a great deal easier. In particular, Don Williams was instrumental in putting me in touch with some top schools and football teams, allowing me to choose a university which best suited my needs. I'm grateful for what they have done for me and would recommend anyone to use their services. Thanks Olly.

These guys are legends! So down to earth and will work as hard as they can to support you and help better you as a player giving you guidance both on and off the pitch. advice of all types and general feedback on performances! Trial days are a different class and so organised! They're always contactable. 110% effort from them at all times - can't recommend these guys enough if you are looking at the USA option! 🇺🇸🇺🇸🇺🇸

When first deciding that I wanted to go down the College-Soccer route I was very uneducated on the matter, as I am sure many are when first applying. Sports Recruiting helped me gain knowledge on the whole process and helped guide me through all the steps that going into becoming a student athlete. SRUSA continued to support and help me through each stage of my 4 years and when it came to the time for me to transfer from my JuCo in California, Chris and SRUSA helped me secure a place at a successful division 2 programme in West Virginia. I never experienced any problems getting in touch with them or receiving help when needed, were-as I know friends/teammates who used other agencies often did. I have kept in touch with many clients and staff members who I now consider to be good friends and as a former client of SRUSA I can not recommend them highly enough.

Starting working alongside these guys 18 months ago when I left sixth form, can not fault their desire or commitment to help every student athlete they deal with. Guidance and care is shown when advising which college/university is best for the personal. They make the process as stress free as it can be, and have worked themselves up to the top meaning a extremely large number of coaches take notice of their setup and athletes. Now found myself going to a Division 1 University in August, and truly grateful for the work the whole team does.

Going through the process of an American scholarship is pretty stressful in terms of filling the forms out and getting everything done in time. However, SRUSA being there every step of the way makes that process a whole lot easier. I am thankful for what they have done for me and would recommend anyone to use their services. Thanks Matt

SRUSA have been brilliant in helping my son find the team and college of his dreams. A huge thanks to Don Williams, who is based out in the USA. He worked closely with Marlon to connect him to the right coaches and guide him in his choices. Couldn't recommend more and it really does feel like you're part of a family
