# FOOTBALL PLAYER CV BROCHURE

#### **Football Player CV Services**

### How we can help you

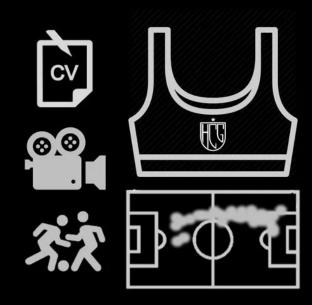

Do you need a professional football playing CV? If you are looking for a club, agent, academy or join an academic program with football, most academic institutions of higher learning in Europe and the USA will require a football playing CV before they consider your application to join their school, college or university.

This is most certainly the case before trying to join professional academies & football trials. Organisations need to know that the players wishing to join them are of a sufficient standard. It is very important that you are able to provide them with a professionally produced playing CV.

We can help provide you with this, with a range of Playing CV's to help you get the best possible opportunity to be accepted to the institution, academy, trial or club of your choice.

#### Our CV service is for:

- Players moving club
- •Players needing an agent
- •Players wanting to join an academy
- Players wanting to join an academic institution
