

CUP OF SUNSHINE

STEP-BY-STEP INSTRUCTIONS

STEP 1

With a medium brush, mix a touch of blue with white and paint the tea cup light blue. Paint half of the handle and the edge of the saucer too.

STEP 2

With the same brush, mix yellow and white together and paint the background a buttery yellow.

STEP 3

Paint all the petals in a layer of yellow. Then add orange for shading to give them some depth.

STEP 4

Fill in the leaves with green. Add yellow to the green to make it lighter on half of each leaf and blend the colors together.

STEP 5

Paint the saucer and the other part of the tea cup handle dark blue.

STEP 6

Paint in the middle circle and outer ring of the flower center with brown paint. Smoosh your brush to get lots of texture. With a little brush, define some of the petals with brown paint.

STEP 7

Decorate the tea cup with yellow, blue and green. A small brush is great for details.

STEP 8

Smoosh in the yellow circle in the center of the flower. Then using a paint brush handle as a stamp, dot in some yellow and white in the center of the flower.

STEP 9

Add white highlights in the flower and tea cup. Paint the cup lip too. Using your finger, blend in a little white into the background. GREAT JOB!
