

PRAVINYA Skill competition Judgment Criteria

- ✓ **Working product:** To qualify for any award, the product should be a working product.
- ✓ **Teamwork:** Collaboration among team members is crucial for the successful execution of the project. During the surprise visits or during the final presentation, every team member should be able to answer questions. (If only one or two persons are answering all the questions, the team will receive lower scores.
- ✓ **Guidance from Training Officer:** Your TOs can provide valuable guidance to your teams. Teams should actively seek and utilize guidance from Training Officers.
- ✓ **Online Learning:** Team members will be provided user ids and passwords to access theory related to the products being created. They should go through the lessons to understand the basic theory. This will be reviewed from the usage logs.
- ✓ **Attending review meetings:** Participation in online counselling sessions conducted by Pravinya is mandatory for all teams.
- ✓ **Timely Submission:** All project milestones and final submissions must be made within the specified timelines.
- ✓ **Cost (Optimal):** Teams which create relatively lower cost product without compromising on the quality will receive higher scores.
- ✓ **Presentation of Final Working Product:** Teams must present their final working products during the showcase event, demonstrating their functionality and effectiveness. Team members should be able to answer questions about their product.
