

PRAVINYA Skill competition Process

- ✓ **Team Meetings:** Regular team meetings will be conducted by PRAVINYA to discuss progress, plans, and any challenges faced during the project. Teams should be present during these meetings.
- ✓ **Team lead:** Every team should nominate a team leader. This person will be the single point of contact. He/ She should then co-ordinate with the rest of the team members.
- ✓ **Milestones by Pravinya and Submission**
 - **Milestone 1 : Submit first plan with drawings:**
 - ✓ Teams are required to submit a broad plan.
 - ✓ The plan should include drawings and list of materials.
 - ✓ PRAVINYA team will provide counselling and also share list of material with cost estimates.
 - ✓ Your team may have to revise the plan, drawing or list of material required based on the review provided.
 - ✓ Once you submit the revised plan, your material requisition will be approved.
 - **Milestone 2:**
 - ✓ Pravinya will provide materials to the teams based on their requirements.
 - ✓ Cost estimates will also be generated based on the above.
 - ✓ **REMEMBER:** Cost effective products will receive higher scores in the competition.
 - **Milestone 3:**
 - ✓ Teams will work on their products and present the first cut product to PRAVINYA team
 - ✓ PRAVINYA team may provide review comments, if necessary.
 - ✓ PRAVINYA team will guide you on the presentation for the final showcasing
 - **Milestone 4:**

- ✓ Presentation at the Final Skill Competition Event.
- ✓ Your product will be reviewed by experts from industry and training Institutes.
- ✓ If your product is selected for an award, you will receive the award.
- ✓ If your product does not get the award, you will still be a winner as you would have learnt many things including making a product with a team.
- ✓ Team members of every team that presents a working product will receive goodies and Merit certificate.
