

Annual Bull Sale

Friday March 6, 2020

At the Ranch - Cypress County, Alberta

30 RED ANGUS 2 YEAR OLD BULLS ON OFFER

Lunch at Noon, Sale to follow at 1:00 pm

Welcome FROM LUST FARMS

We are so pleased to be hosting our Annual Bull Sale again this year. We would like to thank each and every one of you who braved the cold weather last year to attend our first sale held here on the ranch. Your continued support of our program is appreciated and keeps us going throughout the year.

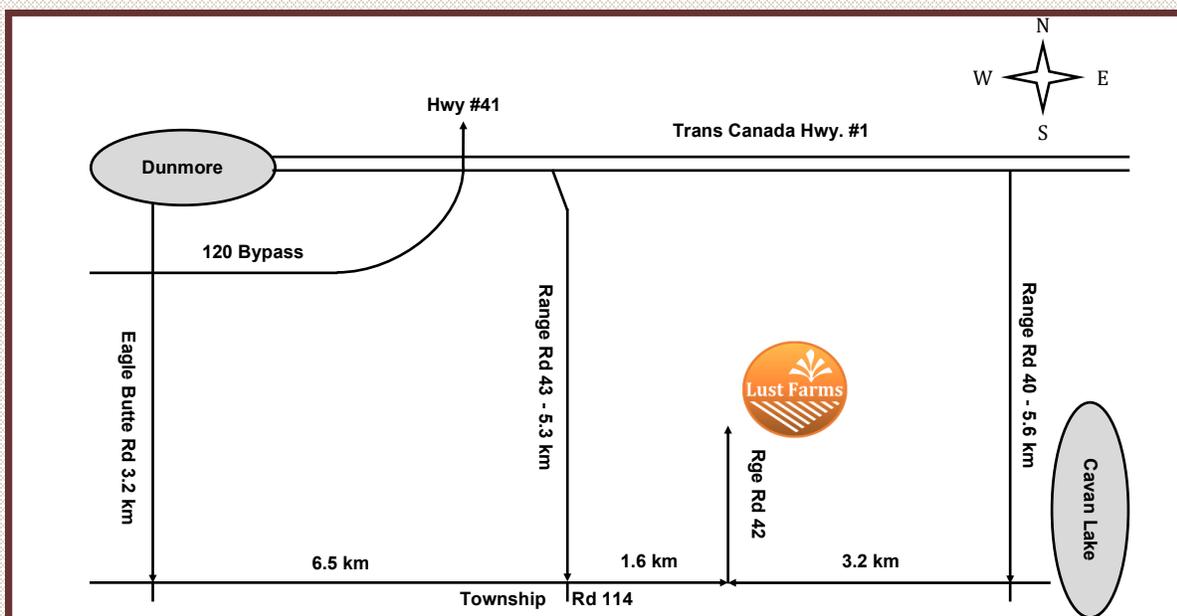

We remain committed to raising sound, quality 2 Year Old Red Angus bulls. Our purebred herd is treated no differently than our commercial herd. They need to be productive, efficient cattle who can survive whatever conditions Mother Nature throws at them year over year. We are always advancing our program with new genetics, purchasing bulls and heifers from progressive Red Angus breeders across Alberta and Saskatchewan. Our aim is to have a herd of productive cows who calve unassisted, are structurally correct from top to bottom, have an easy going disposition, and can thrive here for many years. The perfect herd takes a lifetime to achieve and we're true believers in the philosophy that if you take care of the cow herd, the bull pen will take care of itself!

We have 30 bulls available this year who have been raised without creep and are grown at a slower pace to allow their genetics to naturally shine. We are constantly evaluating the bulls' development and culling accordingly. I believe you'll be able to find a good cross section of bulls this year that will fit your needs. Make plans to join us for a day of good food, good people, and good cattle on Friday March 6. Hope to see you then!

TERMS & CONDITIONS

INSPECTION & SEMEN TESTING - All bulls will be semen tested and vet inspected prior to the sale. Sale weights and scrotal measurements will be provided sale day.

BIDDING - Each animal will be sold to the highest bidder. The auctioneer will settle any disputes as to bids, and his decision will be final. Changes of information contained in this catalogue will be corrected by announcements from the block at sale time and shall take precedence over any printed material.

TERMS - The terms of the sale are cash or cheque. The right of property shall not pass until after settlement is made. All settlements will be made with the clerks of the sale immediately following the conclusion of the sale. Each animal becomes the risk of the purchaser as soon as it's sold.

WINTERING - All animals will be wintered at no charge until delivery. Prior arrangements must be made if the bull is to stay any longer than May 1, 2020 and may be subject to a boarding fee.

DELIVERY - Free delivery within a 300km radius of Medicine Hat, AB or the nearest port of entry. Deliveries will begin after April 1, 2020 at our earliest convenience. No bulls will be loaded out sale day.

REGISTERED LOTS - A certificate of registry will be mailed to the buyer for each animal after settlement is made. All bulls sell under the terms and conditions of the Canadian Angus Association's Breeders Guarantee.

GENERAL - Lust Farms reserves the right to cancel or postpone the auction if we deem such action is necessary.

LIABILITIES - All persons who attend the sale at Lust Farms do so at their own risk and the seller assumes no liability, legal or otherwise, for any accidents occurring on the premises.

Falcon is a deep ribbed soggy bull that's hard not to notice in the group. Lot 28 is dark red and is showing great scrotal development. A maternal brother sold to Merle Sturm in 2019. **WI 111**

These Gunner bulls are well put together and Frankie is no exception. A stout, thick, and easy doing bull who's even better when you get behind him. 288A is a moderate sized cow who quietly goes about bringing the good ones in year after year.

Felix is a bull who exhibits extreme natural thickness and fleshing ability. A moderate framed bull from a well put together Packer dam we purchased from the Chinook Sale a few years back. Dalmistu 95C was a natural calf from a 13 year old cow so we expect some longevity to carry on through these genetics. We like to buy in a few heifers every year to keep our genetics fresh and we always admired the performance of the Packer calves. **WI 108**

Upper Cut is a son out of Six Mile's Smokin Gun sire that caught our eye on sale day. He's an attractive, deep red sire that stamps his calves with the same style and pattern. He has been Mr. Consistency for us so far. 56 progeny to date that average 84 pounds at birth and come in at weaning with an average WI of 101. Bulls or heifers...he does both equally well.

Redemption was purchased in 2017 from Jade & Don MacKenzie of V8U Ranch as the 2nd high selling bull. He checked a lot of boxes for us - a desirable BW, great performance numbers, born out of a proven dam and eye appeal to spare! We've had two calf crops from Redemption and we couldn't be happier with the results. His progeny always rise to the top of the group and we're excited to see what his daughters will do in our herd.

Gunner was the high selling yearling bull at Lazy MC's sale in 2017 and was purchased for number of reasons. A great EPD profile, a moderate 82 pound birthweight and a 15.02in² ribeye area really caught our attention. We sampled Gunner on a handful of select cows and we're quite pleased with the results.

“Bedrock is a bull you can build a herd on!” He was our choice of the Rollin Deep sons on offer in 2015. This \$20,000 calving ease bull has lived up to our expectations and then some. We’ve been waiting for the right bull to come along who can sire a strong consistent calving ease line of cattle and I think we’ve found him in Bedrock.

Hampton is an ET bull we purchased in 2014. His sire is an outcross to most Canadian pedigrees, and his dam is a dark red donor cow who has herself been recognized as Elite since 2012. Hampton had excellent foot structure, came from a strong maternal background, and earned his title as Herd Sire here at Lust Farms. Last of his progeny to sell.
