

JEFFERSON TOWNSHIP

Butler County, PA

INSTRUCTIONS FOR OBTAINING TOWNSHIP REVIEW CERTIFICATE or BUILDING PERMIT

APPLICATION MUST BE MADE and SIGNED BY THE PROPERTY OWNER(S). APPLICANT IS RESPONSIBLE FOR ACCURACY OF PROPERTY LOT LINES, LOCATION OF BUILDINGS, AND SEPTIC SYSTEM OR LINES, ETC. IF NECESSARY, PROPERTY BOUNDARIES SHOULD BE SURVEYED PRIOR TO APPLICATION.

1. **Complete and/or obtain the following for submission:**
 - a. Complete Application Package –
 1. FOLLOW “Construction Permit Instructions” – pg.5
 2. Attach or mail required submissions listed in "Construction Drawings Requirements" - pg. 6
 - b. Attach Driveway Permit (either Township or PA Dept. of Transportation)
 - c. Attach “On-Lot” Septic Permit or “Public” Sewage & Water Authorization
2. **When complete, return the above (A,B,C) to:** **Jefferson Township
157 Great Belt Rd.
Butler, Pa 16002-9026**
3. The Building Permit Officer will review your application and inspect the building location (site) to verify compliance with Township land development, building set-backs, driveway construction, sewage ordinances and other related regulations. Then, your application will be submitted to Code.sys Code Consulting, Inc. (BCO & Inspectors) and you will be notified if additional information is needed; of building permit approval or denial; the permit fee and available times to pick-up the permit. **New buildings (regardless of size), adding to or renovating existing buildings, changing the use of an existing structure/building, and demolition of an existing structure ALL REQUIRE PERMITS.** In addition, Multi-Family/Commercial/Institutional/Industrial ALL require certified professional and more detailed submissions including a land development application. See page 2, 5 + 6.

ONLY the Township Review Certificate (permit) is needed for “a detached accessory structure” (such as: *garage, shed, carport, green house*) on a ‘single family’ residential lot that will be under 1,000 sq. ft. **USE THIS SAME FORM!**

The building permit fee will be due upon issuance of the building/construction permit or review certificate. (Make this check payable to: Jefferson Township)
4. **BE SURE TO REVIEW “FREQUENTLY ASKED QUESTIONS”** regarding building permits on the website (www.jeffersonbutler.com) under ‘More’ then ‘Forms’.

WARNING ! DO NOT BEGIN CONSTRUCTION BEFORE A PERMIT IS ISSUED

Construction begun before permit is officially given out is cause for the issue of a Commonwealth of Pennsylvania Non-Traffic Citation.

Conviction of a violation of this provision of the Building Permit Ordinance carries a fine.

Each day the violation continues is considered a separate offense.

Township PERMITS OFFICER Leo Rosenbauer, 724-352-2324
And for driveway permits onto township road Leo Rosenbauer, 724-352-2324
****for permit onto a state road you MUST contact Leo Rosenbauer before contacting:**
the PA Dept. of Transportation Dist.10, Indiana, PA 724-357-2898
Township Sewage Enforcement Doug Duncan, Primary 724-679-4860
Township Secretary Lois Fennell (Twp. office) 724-352-2324 (FAX 352-8850)
Code.sys, Inc. (Dave McGuigan, Inspector & BCO under PAUCC). 1-877-821-0337 ext.#24

RESIDENTIAL:

1. Lots served by a Public sewer & water system are required to be One-Half (½) acre or more in size.
2. Lots NOT served by a Public sewer and water must be One and One-Half (1 ½) acres or more in size.

Front Setbacks:

All structures must be FIFTY (50) Feet from the edge of any road, easement, or existing cartway prepared for vehicular use at the FRONT of the property.

Side and Rear Setbacks:

All structures must be TWENTY-FIVE (25) Feet from property lines and/or right-of-way, easement, or cartway at the SIDE or REAR of the property.

COMMERCIAL:

1. Commercial lots served by private water (well) and on-lot septic must be 1½ acre or more.
2. Commercial lots served by public water AND sewer must be at least 1 acre.
3. Multi-Family must be served by public water & sewer and must be located on a public road.

Front Setbacks:

All structures must be SEVENTY-FIVE (75) Feet from the edge of the right-of-way at the FRONT of the property.

Side and Rear Setbacks:

All structures must be FORTY (40) Feet from the property lines and/or right-of-way, easement, or cartway at the SIDE of the property and SIXTY (60) Feet at the REAR of the property.

SOIL DISTURBANCE:

Disturbing more than one (1) acre of ground requires permitting. Contact the Butler County Conservation District at 724-284-5270.

LAND DEVELOPMENT REQUIREMENTS:

If you plan to make improvements to your lot which is used for OTHER THAN A RESIDENTIAL single family dwelling, duplex or out-building, your 'improvements' are considered "land development." (See Land Development definition - Municipalities Planning Code, Article I, Section 107 and Chapter 22, Part 3, Jefferson Township Code of Ordinances; obtain a SUBDIVISION/LAND DEVELOPMENT APPLICATION from the Township Office). Land Development drawings submitted are reviewed (with few exceptions) by the township engineer or other professional, the cost of which is the responsibility of the land owner/developer. As a condition of acceptance, performance bonds may be required for determined improvements (Chap. 22, Part 10, Jefferson Township Code of Ordinances.)

"Improvements" include, but are not limited to: grading, paving, parking areas, curbs, gutters, storm sewers and drains, improvements to existing watercourses, sidewalks, crosswalks, street signs, monuments, water supply facilities, sewage disposal facilities, and storm water control facilities. (Chap. 22, Part 9, Jefferson Township Code)

This Application for a building permit if used for any non-residential structure must be accompanied by 3 sets of certified professional architectural plans. You, as the developer MUST submit these drawings directly to the PA UCC Plan Reviewer (currently Code.sys Code Consulting...see page 6.) Permits (septic or building) for such non-residential structures CANNOT be issued until the Land Development has been submitted, reviewed and approved by the Township.

ORDINANCES/CODE:

A copy of the Subdivision and Land Development Ordinance and related ordinances is available from the Township for a nominal fee (or find ordinances on website: www.jeffersonbutler.com) A copy of the Uniform Construction Code can be obtained by contacting the following: www.dli.state.pa.us 717-787-3806, "1", "9"

DEMOLITIONS or RENOVATIONS:

Owners and operators of structures other than residential with 4 or less 'units' to be renovated or demolished MUST meet state and federal ASBESTOS requirements (in addition to PA UCC requirements). It is the responsibility of the property owner to contact DEP: 814-332-6940 or www.state.pa.us – select "search" and click the word "asbestos". A permit is still required under the PA UCC! In any case, building permit applications should be submitted to the township for 'all' demolitions or renovations. ALSO, renovations (specifically change of use of building) and demolitions are subject to review by the sewage enforcement officer (agency). In regards to demolitions, if abandoned AND no replacement building is planned, we recommend that wells be capped and septic systems be pumped and filled in.

CONSTRUCTION PERMIT INSTRUCTIONS

ALL INFORMATION IS REQUIRED UNDER THE COMMONWEALTH OF PENNSYLVANIA UNIFORM CONSTRUCTION CODE, ACT #45 OF 1999.

1. Construction permit application(s) are to be completed, signed by property owner and dated.
2. Two (2) sets of building plans and/or specifications (if required) are to be submitted with the application for residential construction projects.
Three (3) sets of certified professional building plans and/or specifications are to be submitted with the application for commercial (or other non- residential) construction projects. - (page 6)
3. If applicable, a site plan/survey shall be submitted with the application. For Township Review Permits a SIGNED “bird’s eye view” plot plan drawing should be submitted (pg 7)
4. Sign OSHA Safety Standards sign-off form. (page 8)
5. Complete the Energy Code Compliance form. (page 9)
6. The Municipality MUST sign-off on the Flood Plain, Zoning, and Historic District ‘sign-off’ form. (Please **complete the top portion**). (page 10)
7. Provide proof of Workers’ Compensation Insurance (page 11) or complete the “Affidavit of Exemption”. (page 12)
8. Affidavit of Exemption (If applicable) for Workmen’s Comp. Insurance, Contractor Registration Number, or Electric.) (page 12)

NOTE: This list is not all inclusive and the Municipality reserves the right to add, delete, and change this requirement list at any time. Additional information may be required by the Municipality in order to approve and issue a permit.

Your permit application will be processed within 5 to 7 working days, once it is deemed complete. You will be notified of all applicable fees at that time. Once the permit fees are paid, you will be given the Permit Placard(s) that is (are) to be placed in the window at the construction site and a list of all required inspections with the names and phone numbers of the inspector(s).

CONSTRUCTION DRAWINGS REQUIREMENTS

Drawings should be drawn to scale and shall provide the necessary information to verify compliance with the Pennsylvania Uniform Construction Code.

Two (2) sets of building plans and/or specifications shall be submitted for residential construction projects. **Three (3) sets** of certified professional building plans and/or specifications shall be submitted with the application* for **commercial (or other non-residential) construction projects**. All construction drawings shall include the following information:

-Site Plan Drawing: The construction documents submitted with the application for permit shall be accompanied by a site plan showing the size and location of new construction and existing structures on the site and distances from lot lines. In the case of demolition, the site plan shall show construction to be demolished and the location and size of the existing structures and construction that are to remain on the site or plot.

-Structural Drawings: To include footing construction detail, foundation construction details, framing construction detail, masonry construction detail, wood construction detail, steel construction detail, stair detail and chimney detail as apply.

-Foundation Drawings: To include all applicable dimensions including footing sizes with description of reinforcement (if applicable), layout and description of foundation drain system, and location of all slabs describing thickness of slab, base, reinforcement, vapor barrier and any slopes.

-Floor Plans: To include location and sizes of all doors, windows, closets, decks, and plumbing fixtures; wall and column sizes - thickness and material; and location and type of insulation. To include the use of all areas and means of egress components.

-Roof Framing Drawings: To include size, type, location and anchoring of roof trusses. NOTE: for "pre-engineered" trusses, floor joists and beams, all specifications, bracing and installation instructions must be available at time of inspection.

-Floor Framing Drawings: To include same as above (copy in correct information from above), except for floor joists on each floor!

-Electrical Drawings: To include all lighting facilities, smoke detectors, GFI and ARC fault protection, outlet box size, electrically operated equipment and electrical circuits required for all service equipment of the building or structure.

-Mechanical Drawings: To include size and type of appliances, construction of flues and chimney system, ventilation air provided, fresh air make-up provided and gas shut-off locations.

-Plumbing Drawings: To include a plan view and a riser diagram of waste and water piping, pipe sizing, grade of pipe, drainage fixture unit loads on stacks and drains, and water distribution design criteria.

It is the responsibility of the Owner/Developer/Applicant to send the three sets of certified professional architectural drawings to the 'plan reviewer' for anything other than a single family dwelling or duplex...currently Code.sys Code Consulting, Inc., Attn: Peg, 321 Grant St., Pittsburgh, PA 15209. Otherwise additional fees from the township will be applicable.

JEFFERSON TOWNSHIP
BUTLER, PA
{ **REQUIRED - Plot Plan** }

BE SURE to double check your building and set-back dimensions BEFORE construction begins to avoid problems with non-compliance 'after' construction (i.e. footer/basement or any other) has been started!!!

Important: Section N1102.4 of the 2015 International Residential Code requires that: An Air Leakage Test is performed by an approved third party testing and verifying that the building has an air leakage rate of not exceeding 5* air changes per hour. (*as amended by PA-UCC)

*******SELECT TYPE OF ENERGY CODE COMPLIANCE *******

REScheck ATTACH COMPLIANCE CERTIFICATE

REScheck SOFTWARE CAN BE OBTAINED AT: www.energy/codes.gov

NOTE: Section N1101.14 of the 2015 International Residential Code requires that: A permanent certificate shall be posted on a wall where the furnace is located. The certificate shall be completed by the builder or registered design professional. The certificate shall list the predominate R-values of insulation installed in or on ceiling/roof, walls, foundation (slab, basement wall, crawlspace wall and/or floor) and ducts outside conditioned spaces; U-factors for fenestration; and the solar heat gain coefficient (SHGC) of fenestration.

===== OR =====

SIMPLIFIED PRESCRIPTIVE BUILDING ENVELOPE THERMAL COMPONENT CRITERIA

CLIMATE ZONE 5 REQUIREMENTS

FENESTRATION – (WINDOWS)	U-0.32	SKYLIGHTS	U-0.55
CEILING	R-49	WOOD FRAME WALLS	R-20 OR R-13 & R-5h
MASS WALLS	R-13/17	FLOORS	R-30g
BASEMENTS	R-15/19c	SLABS	R-10 – 2' d
CRAWLSPACES	R-15/19c		

- c. 15/19 means R-15 continuous insulation on the interior or exterior of the home or R-19 cavity insulation at the interior of the basement wall. 15/19 shall be permitted to be met with R-13 cavity insulation on the exterior of the basement all plus R-5 continuous insulation on the interior or exterior of the home.
- d. R-5 shall be added to the required slab edge R-values for heated slabs. Insulation depth shall be the depth of the footing or 2 feet, whichever is less in Zones 1 through 3 for heated slabs.
- g. Or insulation sufficient to fill y=the framing cavity, R-19 minimum
- h. The first value is cavity insulation, the second value is continuous insulation, so "13+5" means R-13 cavity insulation plus R-5 continuous insulation.

SIGN ENERGY COMPLIANCE FORM

My signature below, as owner or contractor on behalf of owner, for this building permit, constitutes that I will comply with the energy code as outlined in the REScheck certificate or the climate zone checked above.

STORMWATER MANAGMENT

Chap. 26 Attachment 5

Township of Jefferson

Appendix E

Small Project Stormwater Management Application

Per Jefferson Township’s Act 167 Stormwater Management Ordinance, an Applicant is required to submit this Small Project Application whenever Regulated Activities involving the creation of new impervious surfaces equal to, or greater than 2,500 square feet and less than 5,000 square feet. Impervious surfaces are areas that prevent the infiltration of water into the ground and shall include, but not be limited to, roofs, patios, garages, storage sheds and similar structures, and any new streets or sidewalks.

To Calculate Impervious Surfaces Please Complete This Table					
Surface Type	Length (feet)	X	Width (feet)	=	Proposed Impervious Area
Building (area per downspout)		X		=	
		X		=	
		X		=	
		X		=	
Driveway		X		=	
		X		=	
		X		=	
Parking Areas		X		=	
		X		=	
		X		=	
Patios/Walks		X		=	
		X		=	
		X		=	
		X		=	
Other		X		=	
		X		=	
		X		=	
Total Impervious Surface Area to be managed (sum of all areas)					

For all Regulated Activities that involve creation of new impervious surface areas EQUAL TO or GREATER than 5,000 square feet, the Applicant MUST submit a Stormwater Management Site Plan and Report as defined in Article VIII of the Ordinance and implement volume and rate controls.

If the Total Impervious Surface Area is LESS THAN 5,000 square feet, or the proposed development is a Single Family Residential Activity implementing the minimum measures in Section 302.E. read, acknowledge and sign below.

Based upon information you have provided, a Stormwater Management Site Plan and Report **IS NOT** required for this Regulated Activity. Jefferson Township may request additional information and/or a SWM Site Plan for any reason.

Applicant or Property Owner certifies that Sections 302.A., 302.B., and 302.C. have been adequately addressed and acknowledges that submission of inaccurate information may result in a stop work order or permit revocation. Acknowledgement of such is by signature below. I declare that I am the Owner or Owner’s legal representative. I further acknowledge that the information provided is accurate and employees of Jefferson Township are granted access to the above described property for review and inspection as they deem necessary.
