Subject: Opportunity for NAPFA to offer the Kindle eBook version of AdvisorSmart to NAPFA members for free in July

Kathryn, I am willing to offer the Kindle eBook version of my new book, AdvisorSmart for the Individual Investor, to NAPFA members for free for one day in July.

As the book directs the consumer to seek out NAPFA-Registered Financial Advisors, I would think that NAPFA would want to share the information about this free book offer with your members.

Is there someone at NAPFA that would be available to talk with me about this opportunity for NAPFA members?
