IT- I pavimenti e i rivestimenti in gres porcellanato effetto pietra sono una scelta popolare per la decorazione degli interni e degli esterni. Grazie alle tecnologie moderne, oggi è possibile riprodurre la bellezza naturale della pietra, con le sue venature e le sfumature di colore, utilizzando il gres porcellanato.

Il risultato finale è un pavimento o un rivestimento che ha l'aspetto della pietra ma senza i suoi svantaggi, come la porosità e la necessità di manutenzione costosa.
