

Pick any 5 players and write their names at the bottom of this sheet.

They do not have to be ranked in a particular order.

Whoever picks the winner wins the pool. If more than one person picks the winner, or no one picks the winner, *then* the total of your best three golfer's scores in relation to par will be used. The lowest combined score for your top 3 golfers is the winner. *If there is still a tie* your fourth best golfer is used and *if still tied* your 5th golfer's score is used to break the tie.
