‘**WHAT THE LORD ALLOWS**’ Featuring Fred Hammond

dewayne harvey

Coined the *Renaissance Man of Gospel* by Dr. Bobby Jones, of Bobby Jones Gospel on BET, **DeWayne Harvey** makes his triumphant return to Gospel Music through the release of his first solo project, DeWayne Harvey & Friends, “What The Lord Allows”. The first single from the album, “**What The Lord Allows**” features Grammy, Dove, and Stellar Award winning artist, **Fred Hammond**. Fred Hammond recently had a number one Gospel hit with “*Alright*” and is known for his countless hits as a solo artist and for being one of the founding members of the iconic gospel group, *Commissioned*.

The song “**What The Lord Allows**” is an upbeat groovy song, written and produced, by *DeWayne Harvey* and *Étienne “EJ” Porter* and is destined to be a gospel staple, and loved for many generations to come. The single was leaked to YouTube and in the first 60 days without any publicity garnered over 300,000 views, as it encourages the listener to understand that whatever the lord allows in their lives is still working for their good, one just has to trust God through the process. The lyric video of the song boasts over 900 K views to date. The song is so popular, in the state of Florida, that several radio stations, grabbed the song from YouTube and started to play this hit. Fred Hammond said, “DeWayne, radio is going to love this one, it’s a great song and it is very declarative, and it is what the world needs right now.” Pastor Angela Spivey, declared as only she can, “It’s a Hit my brother, and it speaks to today’s issues and how we navigate through them on purpose, knowing God is on our side”.

DeWayne states that this album is unlike the previous bodies of work he has been associated with. He said, the previous albums of *Unrestrained Praise* and the *Greater Blessings Praise Team* were written with groups in mind and stayed close to the traditional gospel sound that people had become accustomed to hearing. However, this album is ultra-contemporary and even urban with heavy influences from R&B Music. The new album includes additional tracks such as “**Ever Really Wonder**”, “**So Much I Can Do**”, and “**Father He Knows**” just to name a few.

DeWayne Harvey is an inductee in the *Florida Gospel Music Hall of Fame* for his previous body of work as a singer, songwriter and producer. DeWayne Harvey is not only a recording artist, producer, and label executive but he also serves as the CEO of Innovative Health Care Management Services, Inc. which for years owned and operated nursing homes, assisted living facilities, independent living facilities, and rehab clinics. DeWayne is also the Pastor of a thriving church in Tallahassee, Florida known as the *Greater Blessings Tabernacle of Praise*.
