

QuietTrace - Australia Partner Intro Sheet

Who We Are

QuietTrace is a professional privacy support service helping individuals remove their personal data from people-search sites, data broker platforms, and online exposure points.

We believe privacy is a right - not a luxury - and we're here to make it accessible and affordable to everyday people, including families, professionals, and vulnerable individuals.

What We Offer

- One-time and extended data removal services
- Alias and household handling
- Ongoing privacy monitoring plans
- Clear, secure client reports
- Partner resources for client referrals or group support

Who It Helps

QuietTrace supports individuals and families across Australia, including:

- Women's safety initiatives
- Faith-based communities
- Healthcare and mental health providers
- Legal aid and privacy-conscious professionals

How to Partner

We welcome collaboration with community organizations, clinics, shelters, and referral networks. Partners receive updates, intake materials, and contact support for any clients needing data protection.
