Description	Photo	Part No.	Price
Allstar Performance			
Roll Bar Padding Closed-cell foam does not absorb moisture, but progressively absorbs shock (gets more dense as it is compressed). Offset inside diameter allows easy installation, with thicker padding toward driver. Available in 3-foot lengths. Blue.		ALL14102	
Roll Bar Padding Closed-cell foam does not absorb moisture, but progressively absorbs shock (gets more dense as it is compressed). Offset inside diameter allows easy installation, with thicker padding toward driver. Available in 3-foot lengths. Orange.		ALL14103	
Roll Bar Padding Closed-cell foam does not absorb moisture, but progressively absorbs shock (gets more dense as it is compressed). Offset inside diameter allows easy installation, with thicker padding toward driver. Available in 3-foot lengths. Gray.		ALL14105	
Roll Bar Padding Closed-cell foam does not absorb moisture, but progressively absorbs shock (gets more dense as it is compressed). Offset inside diameter allows easy installation, with thicker padding toward driver. Available in 3-foot lengths. Purple.		ALL14106	
Racer Tape A hundred uses in the shop or at the track. True "Racer's Tape". Silver roll 1" wide x 90' long.		ALL14140	
Round D.O.M. Mild Steel Tubing 1-5/8" x .120" 4-ft length.		ALL22140-4	
1957 Chevy Aluminum Radiator A direct replacement for all 1957 Chevy passenger cars with six cylinder engines, also ideal for V8's with long style water pumps that require additional space between engine and radiator. Radiator features mounting brackets that position the radiator in front of the core support bar, two rows of 1" tubes, furnace brazed tanks, a machined billet filler neck with over flow fitting, drain petcock, 1/2" NPT bung for additional water temperature sender/switch and mounting clips. The built-in automatic transmission cooler has 1/4" NPT fittings. 23-1/4"H x 23-1/4"W. Core width is 22".		ALL30007	
Curved Blade Electric Fan Electric fans require very little amperage and are suitable for use in race car or tow vehicle. Set up as "puller" units, mounted behind the radiator. Each unit includes a mounting kit. 10" diameter, 775CFM with a 5.0-amp draw.		ALL30070	
4-Blade Steel Fan Steel high-RPM fan has a universal bolt pattern with a 5/8" pilot hole. Riveted reinforcement plate adds strength and high pitch 32° blades increase airflow. Painted black to resist corrosion. 18" dia.		ALL30105	
Aluminum Water Neck Straight neck fits most Chevrolet V8's and includes an O-ring seal and two chrome-plated socket head cap screws.		ALL30172	
1964-66 Mustang Aluminum Radiator Aluminum direct fit radiators provide increased cooling over original copper radiator. Designed for performance vehicles, features include machined billet aluminum filler necks, fully welded construction and two rows of large 1" tubes properly spaced for maximum airflow and cooling on the street even at lower speeds. Built-in automatic transmission coolers have 1/4" NPT fittings. O.E. fan shrouds may require modification for installation.		ALL30308	
Hybrid Mustang II Caliper Brackets Install smaller hybrid style rotors and intermediate GM metric-style calipers on stock height or lowered Mustang II spindles with these bolt-on caliper brackets. Lightweight steel brackets weigh just one pound each and are sold individually. Commonly used on modifieds and stock cars. LH.		ALL42118

Allstar Performance			
Hybrid Mustang II Caliper Brackets Install smaller hybrid style rotors and intermediate GM metric-style calipers on stock height or lowered Mustang II spindles with these bolt-on caliper brackets. Lightweight steel brackets weigh just one pound each and are sold individually. Commonly used on modifieds and stock cars. RH.		ALL42119	
Wilwood Superlite Caliper Bracket Lightweight aluminum caliper bracket bolts together for easy installation to a 3" O.D. axle tube without removing the rear hub assembly. Specially designed to mount a Wilwood Superlite caliper with 3-1/2" bolt spacing to axle tube when using a 11-3/4" diameter brake rotor.		ALL42134	
Ball Joint Holder Holder is ideal for those who fabricate their own control arms. Features a 5/8" male RH thread and a 3/8" hole, straight stud and tab with a wide spread, commonly used with a clevis. Accepts ALL56214 or Moog K772 style screw-in ball joints, sold separately.		ALL56296	
Upper Link Bracket Weld-on bracket has curved 3/4" slots to maintain pinion angle as the 3rd link is raised or lowered, notched for 1-3/4" round tubing and is 3/16" thick.		ALL60065	
Aluminum Radiused Climbing Style Frame Mount Panhard Bar Bracket Allows panhard bar to be mounted on the inside or outside of 2x2 square tubing.		ALL60246	
Ford 9" Floater Housing Housings are jig welded for correct alignment using a select used center section, new 3" O.D. x 3/16" wall axle tubes and include gear case mounting studs, fill and drain plugs. 60" width w/2" offset, 2.0" pin.		ALL68702	
BAK INDUSTRIES			
Revolver X2 09-17 Dodge Ram 6ft 4" Bed Tonneau Revolver X2 rolling tonneau cover kit clamps on for easy installation. Aluminum/vinyl construction, vinyl finish. Fits 2009-17 Didge RAM full-size trucks with 6-1/2' bed.		BAK39213	
BAKFlip MX4 04-14 Ford F150 5ft 6" Bed Tonneau Bakflip MX4 folding tonneau cover clamps on for easy installation. Aluminum/foam construction. Black powder coat finish. Fits 2004-14 Ford full-size truck with 5-1/2' bed.		BAK448309	
BAKFlip MX4 17-up Ford F250 8ft Bed Tonneau Bakflip MX4 folding tonneau cover clamps on for easy installation. Aluminum/foam construction. Black powder coat finish. Fits 2017-newer Ford F250 with 8' bed.		BAK448331	
BRODIX			
SBC 221cc Track 1 Heads 67cc 2.08/1.60 - Assembled Track 1 assembled cylinder head with 2.080"/1.600" valves, 221cc intake, 67cc chamber, and 1.550" springs. Aluminum. For small block Chevy. Sold in pairs.		BRO1001001	
SBC 215cc Track 1 M2 CNC Ported Heads 2.08/1.60 - Assembled STS T1 assembled cylinder head with 2.080"/1.600" valves, 215cc intake, 68cc chamber, and 1.550" springs. Aluminum. For small block Chevy. Sold in pairs.		BRO1008100	
SBC 227cc Track 1 M2 CNC Ported Heads 2.08/1.60 - Assembled STS T1 assembled cylinder head with 2.080"/1.600" valves, 217cc intake, 64cc chamber, and 1.550" springs. Aluminum. For small block Chevy. Sold in pairs.		BRO1008105	
SBC 200cc IK200 Heads 64cc S/P - Bare IK 200 bare cylinder head with 2.020"/1.600" valves, 200cc intake, and 64cc chamber. Aluminum. For small block Chevy. Sold in pairs.		BRO1020000	
SBC 225cc D/S Heads 64cc 2.08/1.60 - Assembled DS225 assembled cylinder head with 2.080"/1.600" valves, 225cc intake, 64cc chamber, and 1.550" springs. Aluminum. For small block Chevy. Sold in pairs.		BRO1321002

NEW PRODUCTS

2020 Chevy Silverado/GM Sierra 2500/3500 HD 4-Wheel Drive

LoadLifter 5000

AIR57341

The Air Lift Super-Duty system is ideal for Class A, B, & C motor homes, and 3/4 and 1-ton pickups. Maximizes ride comfort and provides up to 5,000 lbs. of load-leveling capacity. Integrated roll plates protect the air springs from abraion while adding up to 10% greater capacity.

LoadLifter 5000 Ultimate

AIR88341

Adjustable system provides up to 5,000 lbs. of load-leveling capacity, and eliminates jarring, squat, sway, and bottoming out, even on rough roads. Maintenance-free system can be run safely with zero air pressure for a comfortable ride, even unloaded. Installs easily with common hand tools.

Loadlifter 5000 Ultimate Plus

AIR89341

Adjustable system provides up to 5,000 lbs. of load-leveling capacity, and eliminates jarring, squat, sway, and bottoming out, even on rough roads. Maintenance-free system can be run safely with zero air pressure for a comfortable ride, even unloaded. Features stainless steel roll plates and braided air lines with military-grade -AN fittings.

LoadLifter 7500 XL

AIR57541

Designed for 3/4 and 1-ton trucks, LoadLifter 7500 XL™ gives you up to 7,500 lbs. of load-leveling capacity* and is designed to support the largest loads on the road.

Loadlifter kits include: air springs, inflation valves, lines, fittings, brackets, hardware, and illustrated instructions. Air adjustable from 5 to 100 PSI for up to 5,000 lbs. with leveling capacity. Lifetime warranty.

WirelessAir

AIR74000

WirelessAir™ provides one-touch inflation and deflation of your air springs from inside or outside the vehicle. The kit includes the wireless controller and manifold, air compressor, 25' of 1/4" air line, wiring harness, and an extensive hardware pack.

AIR74000EZ

WirelessAir™ with EZ Mount packages the manifold and compressor into one convenient, pre-assembled, and factory-tested bracket, giving you everything you need to have full control of your air springs, in no time at all. The kit includes all the components of AIR74000.

READYLIFT SUSPENSIONS

2019-20 GM Truck 1500 4WD 6" Big Lift Kit RDY44-3960

This complete Big Lift Kit offers a front six inch lift and a rear five inch lift creating enough clearance for 35" tall/9" wide tire while maintaining factory ride and handling. Everything is included: top-mount strut extensions, 3/16" thick plate steel crossmembers and skid plate, anti-torsion boxed and gusseted plate steel differential drop brackets, steel rear lift blocks, and Bilstein extended-length rear shocks.

1973-87 GM Full-size Truck

Suspension upgrade components, engineered to race and made in the USA.

Brake Proportioning Valve

Designed for front and rear disc brake systems with two 3/8" ports. OE-style mounting bracket. Made in the USA.

Part	Description	Price
TFS2304NA	Steel, Chrome	
TFS2304NB	Brass, Natural	

1969-91 Small Block Chevy - Long Supercool Water Pump

TFS1448NCBLK

This long design aluminum water pump flows 30% more volume, which can reduce water temperatures up to 20°F compared to factory water pump. The precision ball bearings and precision spin balance fan hub allow for high RPMs. Small block Chevy applications.

Saginaw Style Power Steering Pump Reservoir

TFS6509B

Allows reservoir replacement instead of complete pump on Tuff Stuff Saginaw-style pumps, #TFS6196/6197. Black powder coated.

Super Bead Roller

WWFWFBRB18

Constructed with the thickest frame on the market, the Super Bead Roller features an 18" throat depth, 18-gauge mild steel capacity, an OSHA-compliant gear cover guard, and offers T-handle adjustability. Does not include floor stand.

Bluetooth Battery Monitor

Monitor a battery's health status, including voltage and starting performance, through a Bluetooth-capable mobile phone. Stores data up to 31 days and installs in minutes.

Part	Description	Price
ANTAG-BTR-1	Lithium Battery	
ANTAG-BTR-2	Lead-Acid Battery	

2019-20 Chevy Blazer Street Series Exhaust

MAG19466

The Street Series Stainless Performance Exhaust system delivers dyno proven power with a comfortable interior sound and performance exterior sound. Kits include hardware and polished, stainless steel double-wall tips to prevent long term discoloration.

2019-20 GM Truck 1500 4WD SES Front Suspension Upgrade

TIMGFMK15CC

The Suspension Enhancement Systems provides improved suspension performance for trucks under heavy load. This front suspension kit is ideal for snow plow-equipped 4-wheel drive trucks that are looking to retain a level ride height as well as improve ride and handling characteristics.

NEW PRODUCTS

V-Series LED Headlight Bulb Conversion

A direct replacement for halogen headlight bulbs, the V-Series LED is an exact factory fitment match without the need for a fan, heat-sink, or other additional cooling system. DRL compatible and DOT compliant. 3,600 lumens/set. Pair.

Ahead of the Curve.

2019-20 RAM 2500 Hoodflector VEN21614

The Hoodflector helps to prevent damage from road debris. Dark smoke.

2019-20 RAM 2500 Bugflector II VEN25614

AVS Bugflector II is the highest-profile design providing maximum hood, fender, and windshield protection. Dark smoke.

2019-20 RAM 2500 Bugflector VEN23614

Bugflectors help prevent damage to the hood, windshield, and fenders from road debris and bugs. Dark smoke.

2020 Ford Explorer Ventvisor Side Window Deflector VEN894090

Low-profile side window deflectors maintain the sleekest look for your vehicle while still allowing fresh air to circulate and not letting the weather outside ruin your comfort. 4-piece set. Dark smoke.

NEW PRODUCTS

Brake Pressure Gauge Kit LEEBPG001

Allows for quick diagnosis of brake pressure issues. Kit includes brake pressure gauge, adapters (5/16"-24, 3/8"-24, M7x1.0, M8x1.25, M10x1.0, M10x1.5), and instructions and solution guide.

Proportioning Valve Fitting Kit LEEFKPV

This brake line fitting kit gives you all the correct steel-plated fittings to flare onto your brake lines for most aftermarket 5-port brass and aluminum proportioning valves. Includes the following fittings; (2) 3/8"-24 for 3/16" line, (1) 9/16"-18 for 1/4" line, (1) 7/16"-24 for 3/16" line, and (1) 1/2"-24 for 3/16" line. Fits most aftermarket GM-style proportioning valves.

1967-72 Chevy C-10 Downpipes PYPDGU16S

Constructed of mandrel-bent 2-1/2" diameter, 16-gauge 409 stainless steel with 3-bolt flanges and designed to fit the factory angled GM Ram Horn-style manifolds. Small block Chevy only.

2015-20 Ford F-150 Race Pro Exhaust PYPST29R

The Race Pro exhaust system exits in front of the passenger side rear tire and offers a smooth mellow sound with a solid rumble when under acceleration. The pipes utilize mandrel-bent 3" diameter 409 stainless steel and the 4-1/2" diameter dual tips are polished 304 stainless steel with dual wall construction. Includes installation hardware and fits all cab and bed sizes.

186-93 Ford Mustang 3" Tailpipe Kit PYPTFM15

Constructed of mandrel-bent 3" diameter, polished 304 stainless steel. OEM-style slash-cut tips. Pair.

Quick Time P245/40R-18 DOT Drag Tires HOO17340DR2

The Quick Time combines a full standard tread with soft compound for maximum traction. Ideal for dual purpose street/strip vehicles.

Quick Time Pro Drag DOT Tires

Quick Time Pro Drag tires are engineered for heads-up street-legal classes where a DOT-legal tire is mandatory. A true soft compound drag tire that provides maximum traction for NMCA competition. Not intended for daily street operation.

NEW PRODUCTS

2020 Jeep Grand Cherokee 6.4L Cat-Back Exhaust System COR21058

Designed with RSC (Reflective Sound Cancellation) to reduce low-frequency resonance and minimize back pressure, creating more torque and power. Made of 304 stainless steel, the system offers a robust, aggressive "Sport" sound level.

Sprint Ratchet Style Safety Harness CRW40054A

5-point latch-and-link three-inch wide safety harness. Features left-side ratchet. Black.

Jeep Wrangler JL CB Dash Mount ATM5397

This dash-top CB radio mount designed exclusively for the Jeep Wrangler JL fits on top of the factory storage tray. Accommodates 4 rocker switches.

Dashlink II ATM6036

Create a virtual dashboard for most vehicles using the completely redesigned AutoMeter DashLink II app. Capture and monitor vehicle data, including engine and vehicle performance, fuel economy, and instantly read and clear troublesome check engine lights, all with the easy to use plug-n-play functionality using an Apple iOS or Android enabled device.

Invision LCD Dash Kit

The direct-fit digital LCD dash solution that allows layout and gauge customization. Gauges include the speedometer, tachometer, fuel level, oil pressure, water temperature, and volt meter.

Part	Description	Price
ATM7000	Universal Competition Dash, 12.3" LCD Monitor	
ATM7004	1982-87, Chevy Malibu/Monte Carlo	
ATM7005	1973-87, Chevy C-10	

UTV Extreme Environment 3-Gauge Kit ATM7060

Complete 3-gauge (oil pressure, water temperature and voltage) dash pod for the UTV market. The waterproof digital stepper motor gauges are vibration resistant and offer exceptional response, reliability, and accuracy. The LED lighting offers full red light dial warning.

Chrono 5-Piece Gauge Kit ATM8100

The Chrono three-dimensional design adds style to a vehicle's dash. The kit includes a 3-3/8" 0-160 MPH speedometer and four 2-1/6" gauges; oil pressure, water temperature, fuel, and voltage. LED lighting. Includes sending units.

Jeep Wrangler JK 3-Gauge Pod Kit ATM8200

The chrome bezel 2-1/16" gauge set features oil pressure, axle temperature, and voltage units mounted in a pod that seamlessly integrates into the factory dash.

Fuel Gauge Bridge Module ATM9109

Universal applications.

2" Roll Bar Pod ATM48012

This single-gauge pod clamps to a 2" diameter roll bar. Fully adjustable. Composite construction. Black.

Autogage 3-3/4" Tachometer

The 3-3/4" diameter tachometer features a 10,000 RPM range with a programmable shift light.

Part	Description	Price
ATM233908	Black Gauge Face	
ATM233909	Silver Gauge Face	

Jeep 60 PSI Tire Gauge ATM880805

2-1/4" rubber encased black dial featuring the officially licensed Jeep logo and a 0-60 PSI range. 13-3/4" long braided stainless steel hose with 360° swivels. Thumb-operated pressure release valve.

LS Engine Mid-Mount Accessory System HLY20-180BK

This mid-mount system includes a SD7 A/C compressor, alternator, P/S pump, tensioner, and a SFI-certified damper with hard anodized billet crank pulley. The mounting system brings all the components closer together, which may be necessary when performing an engine swap. All components are black.

Ford 8.2" Hi-Ram EFI Manifold

Designed with a manifold with an 8.2" deck height, the Small Block Ford EFI manifold accommodates a LS throttle body. Cast aluminum. A low-profile distributor may be needed.

Part	Description	Price
HLY300-272	95mm Throttle Body	
HLY300-273	105mm Throttle Body	

Low-Profile SBF Dual Sync Distributor HLY565-211

Offers dual Hall Effect sensors for the crankshaft and camshaft signals and may be used as a crank speed input, as well as to provide a cam sync signal for sequential fueling operation. Plug and play. Includes hardened steel gear. Designed specifically for the 8.2" Small Block Ford Hi-Ram Manifold, HLY300-272.

Billet 4500 EFI Intake Elbow

Optimizes airflow and distribution. Features 4 vacuum ports, a MAP sensor port, matched gasket, and hardware.

Part	Description	Price
HLY300-253	GM LS-Engine, Shiny	
HLY300-253BK	GM LS-Engine, Black	
HLY300-254	Ford 5.0L, Shiny	
HLY300-254BK	Ford 5.0L, Black	

GM LS Engine Gen III/IV with LS3/L92 Heads

The LS race single-plane intake manifolds are designed for high-performance applications, 5.3 to 6.2+ liter displacement and provide optimal performance across the RPM range up to 7000 RPM.

Part	Description	Price
HLY300-291	Shiny	
HLY300-291BK	Black	

2011-17 Mustang Dual Fuel Pump System HLY12-153

The system features two 255 LPH fuel pumps each equipped with a HydraMat filter to prevent fuel starvation. Able to connect to factory fuel line and uses factory fuel level sender.

1975-77 Corvette In-Tank Fuel Pump HLY12-312

This in-tank fuel pump module is a high-pressure, 255 LPH unit and will support EFI engines producing up to 550 horsepower.

1978-87 GM G-Body 255LPH Fuel Tank Modules HLY12-306

This in-tank fuel pump module is a high-pressure unit that flows 255 LPH and is capable of supporting EFI engines producing up to 550 horsepower. Internally regulated to 58 PSI. Includes a pre-calibrated fuel-level sending unit compatible with factory fuel gauge and a HydraMat filter.

LS "Chevrolet" Script 2-Piece Valve Covers HLY241-177

Cast aluminum LS valve covers featuring "Chevrolet" script. The cast aluminum construction features integrated coil mounts and covers. Includes a low-profile billet oil cap, hardware, and spacers for mounting both versions of LS coil bodies, and 12-point dress up hardware and rubber grommets for the coil covers. Sold in pairs.

Sniper & Super Sniper Stealth 4150

The Sniper Stealth 4150 EFI system from Holley features four -100 lb/hr injectors capable of supporting up to 650 horsepower naturally aspirated or 600 horsepower on forced induction applications. Self-tuning capabilities include fuel mapping and ignition timing control. Offers transmission kickdown provisions for GM TH350/400, 200R4/700R4, and Ford C4/C6 applications. Master Kits include complete fuel system with an external fuel pressure regulator preset to 58.5 PSI, 20' of 3/8" Vapor Guard fuel hose, fuel pump, filters, and hardware. The Super Sniper Stealth offers additional programmable inputs/outputs including nitrous pressure sensors.

AFS18385	In-Tank, 10.0 GPM, Brushless Spur	

Shifter Assembly

These lightweight, spring-loaded shift levers have a positive lock system to keep the race car securely locked into gear. The anodized lever is offered in both a weld-on and clamp-on style.

Part	Description	Price
MPD84000	Weld-On Unit	
MPD84000C	Clamp-On Unit	

-6AN Quick Wrench TIP8535

Quickly tighten and loosen -6AN fittings. Black anodized aluminum.

Sprint Car Fuel Pump WAT250350LWE

Lightweight hex-driven .250" Sprint Car fuel pump without bypass is rated at 400 GPH.

Circle Track Ford 9" Rear End

Ford 9-inch nodular iron center section features a lightweight 31-spline spool and new 1310 series short, narrow yoke. The nodular case has forged steel caps and Koyo-branded premium bearings. Backlash is set up for circle track racing.

Part	Description	Price
PEMCSF565031LW	6.50 Ratio, Lightweight	
PEMCSFS37031	3.70 Ratio, Standard Weight	

Lightweight Competition Ford 9" 31-Spline 5.29:1 Ratio

PEMF9529LW

Ford 9-inch 5.29 ratio lightweight weight ring & pinion. 8620 alloy steel. For competition use.

GM 8.5" 10-Bolt Full Spool

PEMFS8530

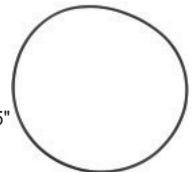

Full spool fits 20-spline GM 8.5" 10-bolt car ear ends. 4130 chrome moly construction.

Grand National Hub O-Ring

PEMGNHOR

O-ring for PEM brand 2.5" Grand National hubs fits 5 x 4.75" and 5x5" bolt circle hubs. O-ring goes between hub and drive flange. Sold each.

Stamped Ford Grand National Floater Housing

PEMHN290290

Bare new stamped 9-inch Ford Grand National floater housing for 2.5" hubs. 3" O.D. x 3/16" wall thickness

DOM steel tubes, with 58" track width and centered pinion with hubs installed (hubs not included). 3/4" NPT drain and fill plugs included.

Grand National Floater Kits

New stamped 9" Ford Grand National floater housing kits feature GN hubs, centered pinion, and 3" O.D. x .188" wall DOM steel tubes.

Includes GN hub assemblies with 5/8" coarse wheel studs & lug nuts, bearings, housing nuts, 31-spline solid axles, and .810" x 11.75" O.D. brake rotors.

Part	Description	Price
PEMHNMK2902904	58" track, Metric, with 4.75" hubs	
PEMHNMK3003005	60" track, with 5x5" hubs	

NEW PRODUCTS

Low Drag Hub Defender Kit

These tapered roller bearings and race kits are designed to offer the lowest rolling resistance when under side loads. After ensuring smoothness, the bearing and race surfaces are microscopically etched with a pattern to retain grease. All kits are inspected and oiled before packaging. Includes inner and outer bearings, bearing races, DRP bearing spacer, and low-drag seals. Made in the USA (unless noted).

Part	Description	Price
DRP007-10500K	Wide 5, Front/Rear	
DRP007-10506K	2" 5x5, Front/Rear	
DRP007-10518KC	2.5" Grand National 5x5 Rear, Economy	
DRP007-10521SK	GM Metric Front, 1979-81 Large Outer Bearing	
DRP007-10521SK-2	GM (Metric) Mid-Size, 1982-88 Small Outer Bearing	
DRP007-10531K	Mustang II, NE Modified 6-Pin Front	

Aluminum Bearing Spacer

This aluminum bearing spacer reduces bearing friction for improved wheel spin, resulting in lower bearing temperatures and reduced bearing maintenance.

Part	Description	Price
DRP007-10503	Wide 5, Use with 18670/18790 Bearings	
DRP007-10506	2" 5x5, Use With 368A Bearings	

Low-Drag Bearing

The unique design of these tapered roller bearings and race kits results in the lowest rolling resistance when under side loads. After ensuring smoothness, the bearing and race surfaces are microscopically etched with a pattern to retain grease. All kits are inspected and oiled before packaging. Includes inner and outer bearings and races.

Part	Description	Price
DRP007-10550	Wide 5	
DRP007-10555	2" 5x5	
DRP007-10581	GM Metric Front (Set 3/6)	
DRP007-10582	2.5" Grand National 5x5 Rear	
DRP007-10584H	Mustang II	

Premium Finished Bearing Races

These bearing races are manufactured to ensure smoothness, and feature surfaces with a micro-etched pattern to retain grease.

Part	Description	Price
DRP007-10553	Wide 5	
DRP007-10557	2" 5x5	
DRP007-10581R	GM Metric Front (Set 3/6)	
DRP007-10583	2.5" Grand National 5x5 Rear	
DRP007-10584HR	Mustang II	

Ultra-Low-Drag Hub Seal

This full PTFE lip seal with less than one inch-pound of resistance features an aluminum housing that increases hub free spin while reducing drag and rotating weight.

Part	Description	Price
DRP007-10559	Wide 5	
DRP007-10564	2" 5x5	
DRP007-10568	2.5" Grand National	
DRP007-10572	Mustang II Front	
DRP007-10577	GM (Metric) Mid-Size Front	

Air Gap Seal

Features an aluminum housing that increases hub free spin while reducing drag and rotating weight. These seals are reusable.

Part	Description	Price
DRP007-10559AG	Wide 5	
DRP007-10564AG	2" 5x5	

Low Drag Bearing Grease

Kluber high speed roller bearing grease offers a 70% increase in free spin versus the next best grease.

Part	Description	Price
DRP007-10750	390 Gram Cartridge	
DRP007-10753	100 Gram Cartridge	
DRP007-10756	50 Gram Syringe	

Precision Bearing Packer

Save time, headache, and mess with one of these precision bearing packers. These application-specific tools pack the proper amount of grease into a roller bearing. Eliminates excessive bearing temperatures and hub pressure build-up due to overpacking.

Part	Description	Price
DRP007-80520	Wide 5	
DRP007-80522	2" 5x5	
DRP007-80536	Mustang Front/ 2.5" Grand National Rear	

Seal Driver

This premium lifetime tool makes seal installation simple and easy.

Part	Description	Price
DRP007-80500	Wide 5, 2" 5x5	
DRP007-80506	2.5" 5x5 Rear	
DRP007-80510	Mustang Front	

Hub End-Play Gauge

Quickly and accurately set bearing pre-load spacers. The gauge mounts directly to spindle and is accurate to .0005." The unit can measure hub run-out, as well.

Part	Description	Price
DRP007-80850	Wide 5, 2" 5x5	
DRP007-80857	Grand National Short Track 5x5 Rear (SCP Style)	
DRP007-80865	Mustang Front (IMCA)	

NEW PRODUCTS

new vendor

Wheel Plates

Wheel plates replace the tire and wheel assembly, allowing for consistent measurements. The flat-bottomed design includes a built-in slip plate. Fully stagger adjustable. +/- 15° camber.

Part	Description	Price
DRP007-95010	Wide 5 Wheel Plate	
DRP007-95012	5x5 Wheel Plate Adapter	
DRP007-95015	5x5 Wheel Plate	

Slip Plates

A must when scaling and performing a wheel alignment. These durable slip plates use sheet PTFE.

Part	Description	Price
DRP007-90301A	4-Slip Plates, 4-PTFE Sheets	
DRP007-90306	Slip Plate, 12" x 12", .081" Thick	

Sweet Steering Box Lock Kit

DRP007-90130

Includes two clamp collars for power cylinder.

10" Tire Triple Probe Memory Tire Pyrometer

DRPTP17000

This quick and easy push button-activated tire pyrometer for 10" tires takes all three temperatures at one time. Fixed probes and quicker measurements means more accurate temperatures. Other features include LCD display in a composite carbon housing, stores up to ten sets of data as well as displays average and split for each tire.

Leg Support Cushion

OMPHB693N

High-density cushion fits at the front edge of seat bottom. Designed to give racers additional leg support. Black.

Mini Sprint Yamaha Restrictor Plate

KRP6000-B

Billet aluminum restrictor plate with O-rings features 3/4" dia holes. Black finish with laser etching on both sides.

Dual Axis Dynamic Caster/Camber Gauge

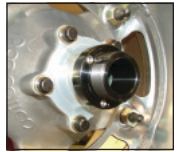

DRP96500

This long lasting rechargeable lithium powered gauge saves time by reading caster and camber simultaneously when the chassis or suspension is in motion. The unit mounts directly to the spindle thread (adapters sold separately) and features a LCD display. Most standard caster/camber gauge adapters (Longace, Intercomp, etc.) will work on this gauge.

Drive Flange Adapter

This adapter bolts onto the drive flanges of most popular hubs. Adapts #DRP97142 screw-on axle alignment fixtures to the drive flange by only removing the dust cap. Eliminates the need to remove the entire drive flange.

Part	Description	Price
DRP97147	Wide 5, Dual Pattern Wilwood/Winters	
DRP97149	2" 5x5, Howe, Joes, Port City, Acro Tech	
DRP97153	Wide 5, Strange Engineering	

Bump Stop Adjuster

DRP007-95300

Bump stop adjustments in .010" increments without shims. Every quarter turn is equivalent to .010". Spring detent locks in adjustments.

Bump Spring Preloader

DRPW15000

Allows for quick preload of bump springs to increase initial rate when using a lighter spring.

5" Diameter Spring Rubbers

Offered in four different color-coded durometer ratings, these spring rubbers are designed for circle track racing using 5" diameter springs. Designed to fit 1-1/2" coil spacing, they have cross-drilled holes to allow the user to zip tie in place or create a handle for quick removal.

Part	Description	Price
RESRE-SR500-1500-60	60A, Purple	
RESRE-SR500-1500-70	70A, Green	
RESRE-SR500-1500-80	80A, Yellow	
RESRE-SR500-1500-90	90A, Blue	

5" Diameter Rear Spring Rubbers

Offered in three hardnesses and two heights. Designed for 5" diameter rear springs on circle track applications.

1988-98 GM Truck C1500 Suspension Components Sway Bar End Link Kit

QA11681-117

Red anodized adjustable links equipped with steel rod ends for use with stock sway bar. Includes lower control arm adapters. Pair.

Level 2 Front Coilover Conversion

QA152612-S550

This Level 2 front conversion system integrates tubular control arms, single adjustable coil-over shocks, and 550 lb. springs to lower the truck up to 2", allowing room for wider wheels and tires. The kit includes performance ball joints and low-friction, maintenance-free bushings. Mounts in the factory location. Black.

Front Sway Bar

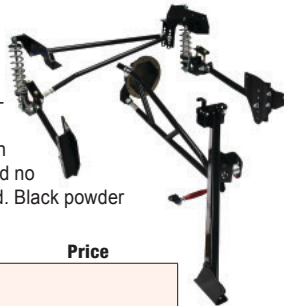

The tubular sway bar improves the handling characteristics of any C1500 GM truck. Mounts in minutes. Includes sway bar, links, and bushings. Made in USA.

Part	Description	Price
QA152867	1-3/8" Diameter	
QA152868	1-1/4" Diameter	

Rear Coilover Conversion

These kits include adjustable coilover shocks to allow suspension tuning and ride height adjustments. The torque arm suspension is fabricated from 12-gauge HSLA steel tubing and features an adjustable instant center panhard bar. Bolt-on and no welding required. All mounting hardware included. Black powder coated

Part	Description	Price
QA1R140-170	Level 2, Single Adjustable Shocks, 170 Lb., 4-7" Drop	
QA1R240-200	Level 3, Double Adjustable Shocks, 200 Lb., 4-7" Drop	

Compete Coilover Conversion Kit

The kit improves handling and stability while allowing the necessary camber correction needed on a lowered C1500 truck. The QA1 adjustable coilover shocks allow for shock valve tuning as ride height changes. Kit also includes black powder coated steel tubular control arms that paired with performance ball joints and low-friction maintenance free bushings along with an adjustable instant center panhard bar. Bolt-on and no welding required. All mounting hardware included.

Part	Description	Price
QA1HK02-OBS1	Level 2, Single Adjustable Shocks, 550 lb. Front, 170 lb. Rear, 0-2" Drop/Front, 4-7" Drop Rear	
QA1HK03-OBS1	Level 3, Double Adjustable Shocks, 600 lb. Front, 200 lb. Rear, 2-4" Drop/Front, 4-7" Drop Rear	

2-1/2" ID Coil-Over Springs

QA1 springs are cold-wound chrome silicone steel, thoroughly heat-treated and shot-peened. Black, ground square on ends for straightness, and clearly marked with the free length and spring rate. Black.

QA1

Carbon Fiber Driveshaft

Carbon fiber driveshafts are lightweight and feature include high rotation speed stability and extreme torque capabilities. Made in USA.

Part	Description	Price
QA1JJ-11247	Crate Dirt Late Model, 35", Without Yoke	
QA1JJ-21213	2015-17 Mustang GT350, REV Series, 3.3" Diameter, Flange Front, CVJ Rear	

53 Series Street Stock Shock

QA153688-3

This twin-tube low-pressure gas 53 Series shock is ideal for Street Stock racers. Linear valving provides improved stability and allows the driver to feel the car better. Factory 8-3 Valving. Made in USA.

62 Series Aluminum Modified/Late Model Shock

QA16276-2

This threaded aluminum-bodied coil-over shock is ideal for modified and late model racers tackling slick track conditions on dirt as well as asphalt. Linear valving provides improved stability allows the driver to feel the car better. Factory valving 6-2. Made in USA.

70 Series Steel Modified Late Model Small Body Shock

Similar to the 51 Series shock absorber, but with a smaller OD to fit where large bodies cannot. Designed for lightweight classes and for increased control arm clearance. Works best on smooth to average dirt and asphalt tracks. These shocks are rebuildable and feature linear valving with deflection disc technology for non-fading performance. Made in the USA.

Part	Description	Price
QA17064	6" Stroke, 4 Valving	
QA17064-2	6" Stroke, 4-2 Valving	

Mustang II Single Adjustable Shock

QA1TS303

This aluminum-bodied factory replacement single-adjustable shock fits Mustang II front and rear suspension. Made in USA.

Base Valve - Medium

QA19055-324

4-1/4" Coilover Spring

QA111HTBF250

Silver powder-coated 4-1/4" diameter coilover spring. 11" tail.

Shock Valve Shims

QA17855-103

A set of eight same-sized valve shims. .900" OD x 0.393" ID x 0.008" thick.

Front PRO Coilover Systems

These components are designed to replace factory shocks and springs, allowing for suspension tuning and ride height adjustability thanks to the threaded shock body and adjustable valving. 450 lb./in. spring rate. Up to a 2" drop.

Part	Description	Price
QA1GD401-10450C	1978-83 GM A-Body	
QA1GS507-09450D	GM Fullsize RWD	

1964-67 GM A-Body Level 2 Suspension Kit

QA1HK02-GMA1

Fine tune the handling and stance of the 1964-67 GM A-Body with the Level 2 suspension kit. Includes front and rear single-adjustable Pro Coil shock systems, thrust bearing kit, front and rear sway bars, boxed lower trailing arms, tubular upper trailing arms, upper street control arms, lower street control arms, tie rod adjuster sleeves, tubular braces, and trailing arm hardware kit.

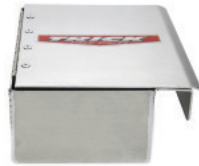

NEW PRODUCTS

Cutter Storage Box

Aluminum storage box for Ultimate Tire Siper Cutter Head.

TRPTRI-US-CB3

Part	Description	Price
TRPTRI-US-CB3	3-Head	
TRPTRI-US-CB6	6-Head	

Tire Shark Cutter

TRPTRI-TS1

Lightweight aluminum tire grinder with 20 cutting bits that can be sharpened and/or replaced. Fits most 7" grinders.

Tire Shark Replacement Bits

TRPTRI-TS1T

Set of 20 cutting bits.

Birdcage Spacer

DMISRC-2580

This 3" steel spacer is for double-wide birdcage axles, allowing the use of standard birdcages on wide-shouldered axles.

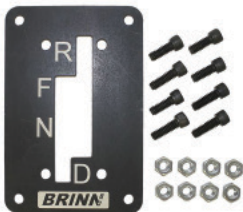

5-Point HNR Compatible Latch and Link Harness

SIM29061/W30010BK

This 5-point latch-and-link harness features a 3" pull up lap belt, a 2" anti-sub strap and 2" 2/3" individual shoulder belts for HNR device. SFI-16.1.

Camaro SS Bumper Kit ALL22322

Universal bumper kit is adjustable to accommodate Camaro SS nosepiece to any chassis. Kit is constructed of 1-1/2" x .083" wall tubing and requires welding.

AMC Pacer Spindle

The Pacer spindle is a modular design which allows the spindle to interchange from left to right by flipping the steering arm. Spindle features a 7° pin inclination and 1-1/2" per foot upper ball joint taper. Spindle also uses the same spindle pin as the Mustang II/Pinto which accepts the Granada or Hybrid style rotors. Caliper bracket for GM Metric caliper is sold separately.

Part No.	Color	Price
ALL55960	Spindle with 1-1/2" Lower B/J Taper	
ALL55961	Spindle with 2" Lower B/J Taper	

Body Roller ALL23102

This handy 'highside' body roller will allow you straighten body and deck panels while still on your car! Must-have item for at-track repairs.
