RE: Irrigation System

Just So You Know

Dear Unit Owners,

Leonard sent a note that the irrigation system is off due to leaks. He may have lots of repairs to do before a full schedule may be able to happen.

Please be patient and know that it may be on and off several times before it is stable. The system is 35 years old and fragile. Thank you Leonard for your knowledge and help on this project.

Remember to report the leaks asap. Thanks.

If you have issues, please contact Leonard at:
