

Just So You Know

Irrigation Research

Leonard Perlmutter, unit owner 4708, has been helping Emily Chamberlain, unit owner 4769, with our very old and tired irrigation system. Thank you, Leonard, for sharing your knowledge of irrigation systems with us and saving AMC from costs and breakdowns.

He is doing research on the Irrigation and outside faucets. This is a heads-up notice that on Tuesday, 8/19/24, you may see him turning your system on or checking around your house for questions he may have.

If your unit is in irrigation zones E1, E2, and E3, your system will operate 2-3 hours later than normal start time this day only...weather permitting. CH zones are not effected at this time.

If you need a copy of the Irrigation Plan, please see the web site under memo 7.

Thanks, Board of Directors
