RE: Markings on Streets

Dear Unit Owners,

Just a note to share about the paint markings on the street. J & R Drilling is preparing streets for the wiring for the new cable company. You may notice this is happening on MacArthur Road now. The city authorized adding a 2nd cable provider to the City and Forsyth.

However, these markings were done to Arbor Meadows in ERROR. After a call to the contact for J & R, they did not have their map marked for AMC as private property. They were grateful for the information and will mark it as private property. They do not drill on private property. The paint will fade away with the rain in time.

No worries, nothing is going to happen!
Thanks to Leonard, Gloria and Pam for help in this issue.

"Just So You Know" Announcements are sent by email. If you have a neighbor who does not get email, please share with them and encourage them to check their clubhouse box often.
