--

9. What do you intend to hunt with your next dog?

--

10. Where will your pup be housed most often?

--

11. Will you consider using your next dog for breeding? _____ If yes, explain:

--

- We try to place our pups in the best possible homes. We stay in contact with our buyers to support in training and development.
- If possible, we try to utilize NAVHDA natural ability tests and OFA hip/Penn hip x-ray results to validate our breeding program. For more information look at www.navhda.org.
- These dogs are bred for field hunting and family companionship. Griffons thrive with close personal contact and daily interaction providing love and attention.
