

Thank you Dr. Talerico. I would like to tell everyone how much better I feel after taking part in the 10-day Metabolic Detoxification Program. I actually could not believe how good I was feeling. I am not someone who would try a detoxification program, I have high blood pressure and asthma but this was very gentle and safe. I had too many of the affects of chemicals and toxins in my body. My health issues were perfect for this metabolic detoxification. The program is easy and Dr. Talerico is always available if you are not sure of something. I lost 7lbs. in 10-days. I was never tired or hungry. I am still feeling the benefits and I continue to lose weight.

I want you to try this program I want all my family to try the program and my clients. Thank you Dr. Talerico.

*Very Truly Yours,*

*Mary D.*
