# Build the Point

- Trade steady baseliner shots

- Be Patient

- Wait for the 'Go' Ball

- Pull the Trigger at the right time

Finish Points at the Net

- Come in frequently after you've hit a ball outside of the comfort zone of the pusher

- Use short or angle volleys to beat them

- Be prepared for some overheads, place over pace

Wrong Foot your Opponent

- Move them from side to side

- Hit behind them when you see them take off

- Sell your shots

Keep Them in One Spot

- Pick and Area of the court
- Only hit to that area
- Take away their best asset (running)

Give them 'Finishing Balls'

- Give them high mid court balls to finish the point

- Make them come in and them give them a volley
