Scientific Program
English will be the official language of the conference. Abstracts of all contributions will be published in a CD, which will be distributed to all registrants upon arrival. The scientific program includes plenary, invited, keynotes, oral and poster presentations, panel discussions, tutorial and workshops which cover all aspects of chemistry, industrial chemistry and chemical education.

Instructions for Authors
Abstracts should be written camera-ready according to the following instructions:
- Titles in font size 16 bold, capitals in typeface.
- The name(s) of author(s) and addresses in font size 14 bold. Left justified in Times New Roman, font size 12 using “doc” files. A4 size papers, single space.
- A margin of 3 cm should be left on the top and bottom and 3 cm on both right and left sides. Literature citations should follow the ACS style.

8th Biannual International Conference on “Frontiers in Chemical Sciences”
Chem 08

Organized By
Department of Chemistry
Faculty of Science-Cairo University

Under Patronage of
Prof. Mohamed Osman Elkhosht
President of Cairo University

Prof. Abdulhamid Elminnawwi
Dean of Faculty of Science

Prof Haymen H. Rehan
Head of Department of Chemistry

March 2-4, 2020
Cairo, Egypt
Invitation

You are cordially invited to join us to the 8th Biannual International Conference to be held in Cairo, Egypt from March 2-4, 2019. The conference will be hosted by Department of Chemistry, Faculty of Science–Cairo University. Cairo is a metropolitan city located at the heart of Egypt and adjacent to the city of Giza; both cities are known for rich historical sites with sightseeing dated back from Pharos, Roman, Coptic, Islamic and Modern eras. With the Nile streaming through the heart of the city of Cairo, different activities with multicultural nature and warm hospitality attract visitors from all over the world. During the month of March, the climate is fairly sunny during the day with dry and pleasant warm nights. General Sessions will cover the broad aspects of chemistry (Analytical; Bio-; Inorganic; Physical and Organic Chemistry). Special sessions will be held to cover inter-, multi- and cross-disciplinary topics. Egypt is progressing aggressively in an ambitious plan to realize Sustainable Development Strategy by 2030. Chemistry with its centralized nature among different inter-related disciplines constitutes a spearhead for reaching this goal. Scientific presentations and discussions are planned to target innovations serving sustainable development in energy, medicine, food supply, water/air quality etc.

Selected Topics:
- General Sessions
- Analytical Chemistry
- Biochemistry
- Inorganic Chemistry
- Physical Chemistry
- Organic Chemistry
- Special Sessions
- Energy Conversion & Storage
- Industrial & Green Chemistry
- Environmental Chemistry
- Medicinal Chemistry
- Nanotechnology
- Materials Chemistry
- Theoretical and Computational Chemistry
- Polymers and Industrial Chemistry
- Chemical Entrepreneurship
- Education Organic Chemistry

Invited Speakers:
A group of very distinguish international Scientists will be invited to deliver plenary talks in all branches of chemistry.

Workshops
A one-day workshop will be organized in the following areas:
- NMR Techniques
- Nanochemistry & Technology

Venue
Cairo, venue city of the congress, is the Jewel of the Orient, the City of the Thousand Minarets, and the Melting Pot of Ancient and Modern Egyptian Civilizations. Cairo is the glorious capital of Egypt, the cradle of civilization and the beacon of religion. Your active participation will be a cornerstone in achieving a greatly successful conference in terms not only of academic achievements, but also enhanced cooperation and friendship.

Exhibition
Exhibitors are accepted on a first come first service basis. The Exhibition features are Publishers, Journals, Software, Laboratories Equipments, Computers and Chemical Industries.

Accommodation
Hotel reservation for participants will be available on request in various areas and rates, in addition to a limited number of rooms in the University Guesthouse. Request for reservation should be made as early as possible.

Conference Fee
The registration fee for Egyptians: L.E. 1000 for participants and L.E. 300 for accompanying persons. For Non-Egyptians the registration fee in $ 300 (or equivalent in Egyptian pounds). The registration fees for any of the workshops: L.E. 200. The registration fee covers the scientific meetings, Lunches, Closing Banquet, Excursions or a City Tour, the proceedings of the conference Payment of registration fee is made on site upon arrival or via The National Bank of Egypt, Cairo University Branch, Acc. No. xxxxxxxxxxxxx.

Post – Conference Social Activity
A one-day trip will be organized to the pyramids, sphinx and New Egyptian Museum. Reservation should be made as early as possible
