

# MINNESOTA FEDERATION OF FIELD TRIAL

## CLUBS KEYSTONE WOODS WMA GROUNDS

### RULES (4/15/25)

---

**LEASE PERIOD APRIL 15TH-AUGUST 31ST, 2025**

**NO ACCESS TO GROUNDS BEFORE 12:00PM Noon until June 1st.**

**NO BLANK OR LIVE AMMUNITION TO BE FIRED PRIOR TO 8AM.**

---

1. Know the boundaries and always stay in the designated training areas as outlined in the Lease. Non-Obvious Boundaries will be marked with Orange Fiberglass poles approximately every 100 feet. [Reference the MAP.](#)
2. Interactions with the PUBLIC must be dealt with cordially and respectfully. Explain that the area has been leased for dog training. Our lease is **Non-Exclusive**, which means that the PUBLIC has the right to be in our Lease areas at the same time we are if they choose to be. Avoid Conflicts!
3. LOCKED GATES: There will be locked gates we have permission to pass through that the Public does not. Lock them behind you. If you find a gate OPEN-LOCK IT! Locks must be connected "IN SEQUENCE" with any other locks on that gate so other stakeholders and DNR affiliated contractors can gain access as needed.
4. PARKING must be in the Public Parking Areas or our Non-Public Parking Areas which are enclosed with Black Silt Fencing. Highway Vehicles MUST be Parked INSIDE these Parking Areas. NO PARKING ON THE ROADWAYS. Close access when you leave.
5. ATVs are permitted during training following the lease guidelines. Maximum 2 PER AREA, must stay on established roads, 2 tracks, parking areas and inside mowed areas.
6. The lease has a provision that we will not cause any "soil disturbance". Use care and caution in that regard, especially after rains and avoid making ruts with highway vehicles and ATVs.
7. RESERVED VS OPEN TRAINING. [Check the Calendar \(MFFTC.com\)](#) and avoid conflicting with a Club's RESERVED Training Days and Areas. Each Club has been allotted a certain number of vehicle decal PASSES, they can issue to their members. OPEN TRAINING is allowed within the lease by a PASSHOLDER provided they do not interfere with a RESERVED Area/Day. Before engaging in OPEN Training, check the entire Area thoroughly to make sure someone else is not already there before letting dogs out. *Especially the Areas with multiple parking lots.*
8. The consumption of alcohol is prohibited on the grounds.
9. The use of non-toxic shot is required.
10. One article of blaze orange clothing is required during upland training when live ammo is being used.

11. All trash, including spent shells and dead birds, must be removed from the grounds. Pick up any trash you find. Knock any mud and vegetation off vehicles/equipment to prevent the spread of invasive species.
12. When not being trained, trialed, or aired, dogs must be leashed, kenneled, or staked out.
13. Pigeons, Chukar, Bobwhite Quail, Mallard ducks and Pheasants may be released for dog training. **Ducks and Pheasants must have at least an 8-inch colored streamer attached to one leg** prior to release.

**I have read, agree to and fully understand all the MFFTC rules governing dog training at the Keystone Woods W.M.A. leased training areas as well as appendix B of the lease and understand any violation of the rules or lease agreement will revoke my training pass. I also understand that I need to be a member in good standing of a MFFTC club.**
