

InteractiveAg

EXPERTS AT YOUR FINGERTIPS.

Who We Are

We are a team of seasoned professionals with a wealth of industry knowledge. We have experience trading the futures market as well as a deep understanding of local cash markets. Our sole focus is on helping producers manage risk through maximizing revenue, leveraging local basis markets and intelligent market analysis. We take an individualized approach because every farm is different.

How We Work With You

Our entire team is focused on your farm. We get to know you, your goals for the operation and challenges in the markets. We pair this information with our market insights to form and execute the best plan.

- ✓ Gain a deep understanding of your operation
- ✓ Share market information through InteractiveAg's app
- ✓ Continually analyze markets to find the best strategy
- ✓ Proactively discuss and recommend strategies
- ✓ Assess and negotiate fees and local basis opportunities
- ✓ Determine the best location to execute trades
