## Keep Brown County Beautiful

BCSWMD is a willing partner with KBCB and has staff that serves on their Board. It participates in their efforts to clean up litter from the county. We would like to THANK all of you who helped in this endeavor.

This Year KBCB and BCSWMD with community support from:

Knight's Trash Removal

Reed's Septic Service

Brown County Sheriff Department

Cummins

Took on a **MASSIVE** cleanup of UPPER OAK RIDGE

40 Volunteers

6 tons of trash removed

ALONG WITH

600 tires

2 sofas

4 mattresses

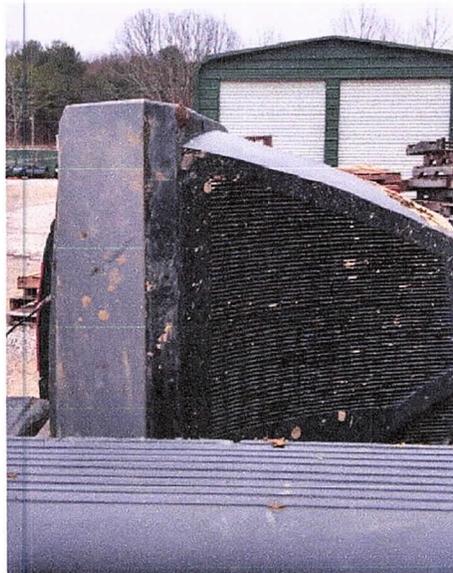

4 TV

5 appliances

PLEASE STILL SAVE YOU PLASTIC CAPS/ LIDS...WE HAVE ORGAIZATIONS WAITING FOR A BENCH.

Caps/ Lids can be dropped off in our Drive-Thru Tuesday – Friday 8 am to 4 pm

Sadly the District also retrieved significant amounts of discarded items along side county roads such as refrigerators, mattresses, furniture, TV sets and miscellaneous trash.

Even though our recycle bins are clearly marked the Recycle center had **13 TONS** of trash this year. THIS IS NOT PAID BAGGED TRASH that you have brought in.....This is unrecyclable items and trash put into our recycle bins.

### **Bagged Trash Drop Off**

Brown County Solid Waste has a partnership with Knights Trash Removal as a collection location for a low cost bagged trash drop-off program.

### **Educational Programs**

Brown County Solid Waste sponsors community education programs with School Presentations, hands on activities for school aged children, the 4H Fair and maintains a litter clean-up program known as Adopt-A-Road. This year BCSWMD, along with Keep Brown County Beautiful, has partnered with Brown County School's for a hand on program where students collect plastic lids and caps to be recycled into benches. Thanks t o all who have helped us in this program.

With your help 7 benches were purchased, one for each school and the administration office.

Our new Roll-off Truck that replaced the 20 year old one which had served us well. The truck is used to change the Satellites and to take our recyclables to our vendors.

### **Drive-thru and Satellites**

Brown County Solid Waste (BCSW) operates a friendly full service drive thru hours on Tuesday through Friday 8 AM to 4PM. We are closed all Holidays. This year we serviced 12,550 vehicles. You may recycle the following at our drive thru: cardboard, plastics (NO, # 3, # 7, Styrofoam, PBC pipe or Grocery plastic bags), newspaper, office paper, junk mail, scrap metal, books, glass bottles, wires, electrical cords, and Christmas lights all free of charge.

We accept the following items at our drive-thru only. Most appliances are free, however refrigerators, freezers, air conditioners and dehumidifiers contain Freon and we do have to charge a \$20.00 Freon removal fee. We also accept fluorescent bulbs, rechargeable batteries and car batteries. We have outside bins for 24/7 use. They are located just east of our entrance next to the fence. Our familiar green satellites are for labeled collection only and are located at Cordry Sweetwater, Helmsburg Elementary, Knight's Corner, Sprunica Elementary and Van Buren Elementary, for residents to use without coming into town.

**Brown County Recycles  
Brown County Solid Waste  
Phil Stephens, Director**

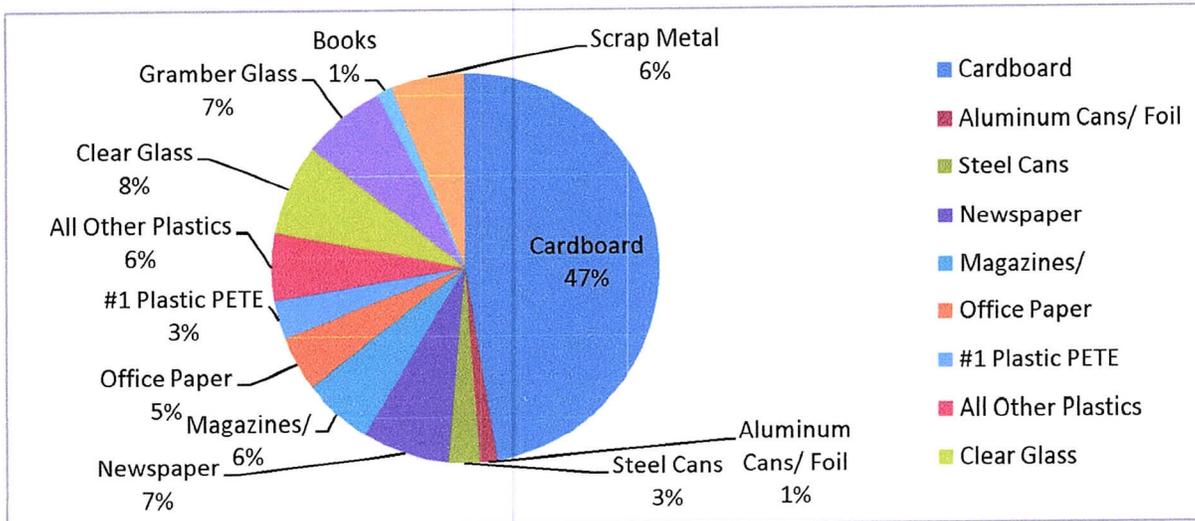

Brown County Solid Waste Management District is a special district that serves Brown County. Approximately 75% of our operating expense funding comes from you, the tax payers. The District funds the remaining 25% of our operating expenses through the sales of the recyclable items you bring into us.

Our Recycling items are sold to regional vendor who process them within the US.

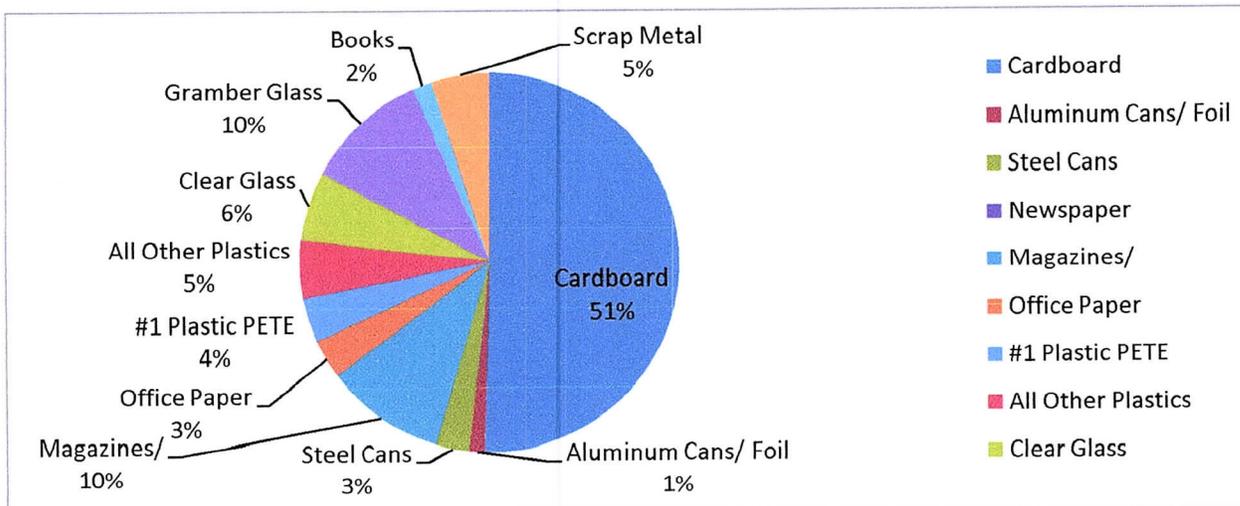

**THANK YOU FOR YOUR CONTINUOUS  
SUPPORT!**

## Special Events

	2019	2018	2017	2016	2015	2014
<b>Electronics</b>	18,417	14,347	39,713	6,775	13,504	16,505
<b>TV's</b>	109	737	144	378	362	148
<b>Shredding</b>	10,000	11,640	12,580	11,400	15,120	18,500
<b>Drugs Take Back</b>		105	128	73	8	110
<b>Tires</b>	6,654	4,400	4,500	5,000	2,600	960

Special Events are an important component of who we are and what we do. Twice a year we hold shredding of documents with our vendor All Shred. This is held as a free event with accepted donations to help cover the cost of the truck.

Our Electronics collection is also held twice a year. Technology Recyclers sets the price for the processing of both TV's and computer monitors. This fee is only what they charge. We do not add any cost.

Tire collection is a program with the assistance of Cummins employees. Tires are a significant hazardous materials issue. This is because they collect water that harbors mosquitoes. They also take up to 200 years to break down while all the time seeping dangerous chemicals into the ground. In addition they are a breeding ground for rodents. This is the district's most expensive fee. We do charge a small disposal fee to county residents who bring in larger tires. The collected fees are a small fraction of the total expense. BCSWMD thoughts are that we need to do the "right" thing for the environment and we must be the best stewards of the earth as we can.

The Brown County Sheriff Office has an old mail box inside their front doors. all unwanted medicines can be dropped off any time.
