Independent Auditor's Report

To the Board of Trustees Blissfield Township Lenawee County, Michigan

Opinions

We have audited the accompanying financial statements of the governmental activities, and each major fund, of Blissfield Township, Lenawee County, Michigan, as of and for the year ended March 31, 2023, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund, of Blissfield Township, Lenawee County, Michigan, as of March 31, 2023, and the respective changes in financial position and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Blissfield Township, Lenawee County, Michigan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Blissfield Township, Lenawee County, Michigan's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

To the Board of Trustees Blissfield Township Lenawee County, Michigan

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Blissfield Township, Lenawee County, Michigan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Blissfield Township, Lenawee County, Michigan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4–9 and 24-26 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

To the Board of Trustees Blissfield Township Lenawee County, Michigan

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Blissfield Township's basic financial statements. The schedule of changes in assets and liabilities for the tax collection fund, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Management's Discussion and Analysis

For the year ended March 31, 2023

As management of Blissfield Township, Lenawee County, Michigan, we offer readers of Blissfield Township, Lenawee County, Michigan's financial statements this narrative overview and analysis of the financial activities of Blissfield Township, Lenawee County, Michigan for the fiscal year ended March 31, 2023. We encourage readers to consider the information presented here.

Financial Highlights

- The assets of Blissfield Township, Lenawee County, Michigan exceeded its liabilities at the close of the most recent fiscal year \$4,759,079 (net position). Of this amount, \$537,705 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net position increased \$262,300.
- At the end of the current year, unassigned fund balance for the General Fund was \$537,705 or 174.03 percent of total General Fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Blissfield Township, Lenawee County, Michigan's basic financial statements. Blissfield Township, Lenawee County, Michigan's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of Blissfield Township, Lenawee County, Michigan's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of Blissfield Township, Lenawee County, Michigan's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Blissfield Township, Lenawee County, Michigan is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of Blissfield Township, Lenawee County, Michigan that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of Blissfield Township, Lenawee County, Michigan include general government, public safety, roads and bridges, and cemetery operations. The business-type activity of Blissfield Township, Lenawee County, Michigan includes the sewer system.

The government-wide financial statements can be found on pages 10 - 11 of this report.

Management's Discussion and Analysis

For the year ended March 31, 2023

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Blissfield Township, Lenawee County, Michigan, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Blissfield Township, Lenawee County, Michigan can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Blissfield Township, Lenawee County, Michigan maintains three individual governmental funds. Information is presented in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the General Fund, Fire Fund and Road Fund which are considered to be a major funds.

Blissfield Township, Lenawee County, Michigan adopts an annual appropriated budget for the General Fund, Fire Fund and Road Fund. A budgetary comparison statement has been provided for the General Fund, Fire Fund and Road Fund to demonstrate compliance with budget.

The basic governmental fund financial statements can be found on pages 12-13 of this report.

Fiduciary Fund. The Fiduciary Fund is used to account for resources held under tax collection activity. The Fiduciary fund is *not* reflected in the government-wide financial statement.

The basic fiduciary fund financial statement can be found on page 14 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 15 - 22 of this report.

Notes to Financial Statements

March 31, 2023

Note 1. Summary of Significant Accounting Policies

The financial statements of Blissfield Township, Lenawee County, Michigan (Township) have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as applied to government units.

A. Reporting Entity

Blissfield Township is a non-charter township, governed by a Board of Trustees. As required by generally accepted accounting principles, these financial statements present Blissfield Township as a primary government. There are no component units to the Township.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Township. The government-wide financial statements categorize primary activities as either governmental or business-type.

Governmental activities, which are supported by taxes and intergovernmental revenues, are reported separately from business—type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds and a fiduciary fund, even though the latter are excluded from the government-wide financial statements. The major individual governmental fund (General Fund) and the major individual enterprise fund (Sewer Fund) are reported as a separate column in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Note 1. Summary of Significant Accounting Policies (Concluded)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Property taxes, sales taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental fund:

The *General Fund* is the general operating fund of the Township. It is used to account for all financial resources except those required to be accounted for in another fund.

The *Fire Fund* accounts for the financial resources of the Township's fire department operations and special fire equipment.

The Road Fund accounts for the maintenance of the roads within the limits of the Township.

Additionally, the government reports the following fiduciary fund types:

The *Tax Collection Fund* is used to account for assets held by the Township as an agent for other governments, and/or other funds. The Agency Fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. An exception to this general rule is payment of utility charges between the Township's sewer function and the general fund. Elimination of these charges would distort the direct costs and program revenues reported for the two functions concerned.

Amounts reported as *program revenues* included 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the Township's policy to use restricted resources first, then unrestricted resources as they are needed.

Note 1. Summary of Significant Accounting Policies (Continued)

D. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

E. Assets, liabilities, and net position or fund balance

1. Cash and investments

Cash includes amounts in bank accounts, cash on hand and demand deposits.

The Township invests any surplus of funds in certificates of deposit. The Township's investment policy, in regards to authorized investments, is in accordance with Michigan Compiled Laws Section 129.91.

2. Receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans).

Property taxes and accounts receivable are shown net of an allowance for uncollectibles.

The Township property tax is levied on each December 1 on the taxable value of property located in the Township as of the preceding December 31.

The Township's 2022 ad valorem tax was levied and collectible on December 1, 2022. It is the Township's policy to recognize revenue from the current tax levy in the current year when the proceeds of this levy are made available for the financing of Township operations. Payment from the County Delinquent Tax Fund, which purchases the 2022 delinquent real property taxes, is recorded as a receivable and recognized as revenue in the current fiscal year.

The 2022 taxable value of Blissfield Township totaled \$145,833,082. The Township levied 1.0 mill (Tax, \$145,833) for general operations; 2.0 mill (tax, \$291,666) for fire operations; .5 mills (tax, \$72,917) for fire equipment; and 1.4737 mills (tax, \$214,914) for road improvements.

E. Assets, liabilities, and net position or fund balance

3. Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., road, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
	20
Land improvements	30
Buildings	50
Machinery and equipment	10
Furniture	20
Fire vehicles	20
Water system	100
Water equipment	30
Sewer system	100
Sewer equipment	40

4. Fund balances

Fund balances on the Governmental fund balance sheet are classified as either restricted, assigned or unassigned. The term restricted indicates that a portion of the fund balance is not appropriable for expenditure or is legally segregated for a specific future use.

The unassigned fund balance is available for use as the governing body determines.

Note 2. Stewardship, Compliance, and Accountability

A. Budgetary information

The accounting basis used by the Township for budgeting is in accordance with accounting principles generally accepted in the United States of America (GAAP).

The Township follows the budgetary procedures outlined by the State of Michigan including public hearings and proper adoption. All funds of the Township have a budget. All annual appropriations lapse at fiscal year-end. The budgets are amended during the year as needed.

B. Excess of expenditures over appropriations in budgetary funds

P.A. 621 of 1978, Section 18(1), as amended, of the State of Michigan provides that a local governmental unit shall not incur expenditures in excess of the amount appropriated.

In the body of the financial statements, the Township's actual expenditures and budgeted expenditures for the budgetary funds have been shown on an activity basis. The approved budgets of the Township for these budgetary funds were adopted to the activity level. During the year ended March 31, 2023, the Township did not incur any expenditures that were in excess of the amounts appropriated.

Note 3. Deposits and Investments

Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Township's deposits may not be returned to it. The Township does not have a deposit policy for custodial credit risk. As of March 31, 2023 and 2022, \$2,019,425 and \$1,696,690 of the Township's bank balance of \$2,750,478 and \$2,410,890, respectively, was exposed to custodial credit risk as follows:

	2023	2022
Uninsured and uncollateralized	\$ 2,019,425	\$ 1,696,690

All deposits are with banks located in Michigan as required by statutes.

The above amount is the balance in financial institution accounts. A reconciliation to the total cash presented within the financial statements is as follows:

Bank balances at March 31, 2023	\$ 2,750,478
Less: net effect of outstanding items	(1,649)
Less: fiduciary fund bank balance	(119,013)

Note 6. Risk Management

The Township is exposed to various risks of loss related to property loss, torts, errors, omissions, and employee injuries (workers' compensation). The Township obtains coverage from insurance companies to establish and administer a risk management program; to prevent or lessen the incidence and severity of casualty losses and to defend and protect against liability or loss. The Plan provides protection to the Township based on its selected risks, limits and deductibles. Any settled claims have not exceeded the limits of coverage in any of the past three years.

Note 7. Retirement Plan

The Township provides pension benefits for elected officials through a defined contribution plan as authorized by IRS code section 401(b). The plan is through John Hancock, an insurance company, in connection with the Michigan Township Association. The contributions to the pension plan are invested in life insurance annuities. Officials are eligible to participate the first policy anniversary date after becoming employed are at least twenty-one (21) years old. Contributions to the plan are based on past service and level of income. Employees must contribute 20% of premium costs and the Township contributes the remaining 80%. The Township's pension expense for the years ended March 31, 2023 and 2022 were \$13,110 and \$13,641, respectively, and participants contributed \$3,390 and \$3,294, respectively.

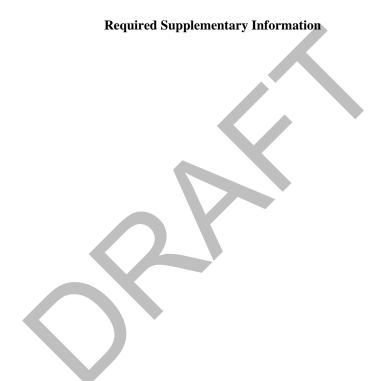

Note 8. Tax Abatements

The Township entered into property tax abatement agreements with local businesses under the Plan Rehabilitation and Industrial Development Districts Act, (known as the Industrial Facilities Exemption) PA 198 of 1974, as amended, provides a tax incentive to manufacturers to enable renovation and expansion of aging facilities, assist in the building of new facilities, and to promote the establishment of high tech facilities. An Industrial Facilities Exemption (IFE) certificate entitles the facility to exemption for ad valorem real and/or personal property taxes for a term of 1-12 years as determined by the local unit of government. The IFT of a new plant and non-industrial property, such as some high-tech personal property, is computed at half the local property tax millage rate. This amounts to a reduction in property taxes of approximately 50%.

For the years ended March 31, 2023 and 2022, the Township abated property tax revenues totaling \$24,335 and \$12,413, respectively, under this program.

Note 11. Subsequent Events

The Township has reviewed subsequent events up to September 25, 2023, the date of this report. The financial statements were available to be issued on the same date.
