

# 1st Annual Ground Electric Holiday Puzzler

## ACROSS

- 6 a \_\_\_ signs off on an electrical permit
- 8 check this before you call Mark at Ground Electric
- 10 likes to bark at Mark
- 12 unit of measurement of electrical current
- 14 a way to communicate with Mark Dawson --but actually with his wife, Adrienne
- 16 one half of a complete electrical circuit
- 17 light emitting diode

## DOWN

- 1 an outlet in your bathroom or kitchen
- 2 color of Mark's truck
- 3 you can call, \_\_\_\_, or email Ground

## Electric

- 4 this contains circuits (which sometimes trip) and is often found in your basement
- 5 a common return path for electrical current, or a direct physical connection to the earth.
- 7 you can install this yourself but you will be happier (and more comfortable in the summer months) if Mark does this for you
- 9 hold tools and endless interest of toddlers
- 11 a structure consisting of a series of bars between two upright lengths of wood(!), metal (!!), or fiberglass (ahh), used for climbing up or down something.
- 13 facial hair of Mark Dawson
- 15 space at the top of your house where Mark might crawl around
