Dear Quilter,

At Salty Kitten Quilting, building and maintaining my professional reputation is of utmost importance. While in my care, I will treat your project as my very own.

I want you to be happy with your quilting design. Understand that machine quilting will not “fix” fullness, puckering, poor sewing, inadequate seam allowance, improperly measured borders, or the squareness of your quilt.

You also understand that quilting is an art and not exact. Minor imperfections are normal.

Lining up a pieced back and a pieced top is challenging due to the way the quilt rolls up on the longarm and is quilted from top to bottom. Think of rolling a magazine and how the pages shift. There are tools and tricks I use to achieve the best finish possible, but variance is expected.

I am happy to help you decide on a quilting pattern, design, and thread choices for your quilt. If you leave these up to me, **please understand that you have made that choice as well.**

If you would like to make any changes to this initial quilting request, please let me know as soon as possible. Once work has begun, order cannot be changed.

Sewing machines are mechanical devices. Despite careful maintenance, mechanical problems may occur and cause damage to the quilt top or back.

If the quilt is displayed in a show or publication, you agree to credit the machine quilting to Salty Kitten Quilting.

I hereby authorize the specified work to be carried out on my quilt and acknowledge my financial responsibility to pay for the cost of materials and services provided by Salty Kitten Quilting before my quilt is released to me. I acknowledge that Salty Kitten Quilting cannot be held responsible for any damages incurred during shipping or caused by factors beyond their control, including but not limited to flood, fire, theft, or mechanical failure. **Additionally, I understand that ensuring my quilt is square and flat is my responsibility. Any deviation from these conditions may result in fabric tucks during or after the quilting process.**
