**Re: Communication of Complaint  
Genocide of White Minorities in South Africa**

We refer the above for your review and consideration.

The Plight of the Boers, Afrikaners is like a Shakespearean tragedy unfolding under the guise of democracy.

To the layman the South African Constitution gives each & every Citizen inalienable rights which are enshrined in Bill of Rights.

The Majority Party with the greater Populace will always govern under any electoral format whether it is FPP or MMP.

Democracy is a word, that should never be used by the Majority whose sole aim is the marginalization, discrimination, racialization of minorities.

When Democracy is held in the hands of Tyranny, it becomes a slippery slope to Dictatorship.

Page 2 of 2

To effect a positive change to the current political climate & give a voice to all people that are marginalized regardless of color, creed, religion or political allegiance, it starts with a step.

I am asking for your consideration to Join in taking the step, to lending weight, to show that firstly that the United States of America gain engage and encourage the international community to lend a voice that will indeed resonate through the very chamber of the South Africa Parliament Buildings.

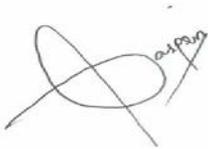

We hope that our communication of complaint allows yourself the opportunity and the basis, to grasp the silent eroding of white minorities in Republic of South Africa, since 1993 there has been a strategic planning by the ANC Majority led Government to effectively discriminate and perpetrate genocide.

If the encapsulated communication of complaint does not sway you on the path of Righteousness, then it can be best summed up by Voltaire "He proved admirably that there is no effect without a cause"

Nowhere in time is more important as at this present point in time, again I point to Voltaire and ask whether yourself will be seen as a Pangloss, or will uphold the very mantle of the rights of minorities facing genocide.

We respectfully ask that we may receive notification of our communication complaint.

Yours faithfully
