

2026 Wellness // Every Horse. Every Year.

Regular price \$575.00 — *multi horse and barn day savings available*

- A comprehensive physical exam performed by equine-specific veterinarians
- Protection from serious illnesses through a proven vaccination protocol.
- A fecal egg count with guidance on appropriate use of dewormers
- A complete oral exam with documentation of all abnormal findings and treatment of malocclusions (dental floating), periodontal disease, and minor extractions (wolf teeth, caps, geriatric molars).
- Recommended follow-up diagnostics or treatments provided with 20% savings!

Our Wellness recommendation is the same for every horse. But every client has their own unique situation, and for 2026, we are bringing back some options for **Sustainable Wellness Care**:

Do you have lots of horses?

- We are offering a Multi-Horse Discount. For each wellness package purchased, the last package will be discounted 10% per horse. If you have 2 horses, the second package is 20% off. If you have 8 horses, that last package will be 80% off!

Do you have lots of friends?

- Get together for a Barn Wellness Day. Barn Wellness Days don't have to be at big equestrian centers. Just get a few friends together in your yard and enjoy some great perks:
 - o Each Wellness Day Host gets up to 3 free Wellness Packages, depending on how many horses are coordinated for one day!
 - o Every participant in our Barn Wellness Day saves 10% on the cost of the Wellness Package, and the multi-horse discount also applies!
 - o We bring lunch!
 - o All mileage fees are waived for Barn Wellness Days!

Is it better for your horse's care to be staggered throughout the year?

- Consider getting on board with our Sustainable Spring Wellness Plan. Every client whose horse is current for dental care through our summer and fall dental program is eligible for our Sustainable Spring Wellness Plan. This plan is priced at \$325 and includes a comprehensive physical exam, complete vaccinations, and a fecal egg count. Sustainable Wellness Plans can be combined with regular plans for Barn Wellness Days, are eligible for our multi-horse discount, and all follow up savings.
- Our \$175 fall dental promo will be back in 2026 to launch you into the 2027 Sustainable Spring Plan.
- ***To be eligible for this plan, your horse must have had a dental exam with float with Elm Creek Equine after July 1, 2025 and be on a 12-month recommended dental schedule. Feel free to call us to see if your horse qualifies!***
