The Finest & Bravest Foundation of Sugar Land, a 501(c)3 non-profit organization, was formed to raise awareness and support for all of Sugar Land's First Responders. This annual fundraising event provides an opportunity for our community to come together and show our Police, Fire and EMS how much we appreciate them and acknowledge the many sacrifices they and their families make for all of us. We firmly believe that these courageous individuals are the backbone of our community, constantly working to keep us safe.

Our goal is to make this year's event even more successful supporting our first responders and YOU are essential to that effort! We partner with businesses and individuals who want to champion the vital efforts of our First Responders, helping to fund life-saving equipment, educational opportunities and meet the urgent needs of our Finest & Bravest families. The proceeds of this event are shared between the Sugar Land Fire & EMS and the Sugar Land Police Departments to meet their specific requests.

Last year, with the help of sponsors like you, the **donations to our First Responders were invested in state-of-the-art programs benefiting our community and giving our Finest & Bravest cutting-edge technology to do their jobs safer and better every day.** The Fire/EMS department deployed an innovative on-site whole blood program that allows our EMS to take hospital level medicine and bring it to the emergency where time is critical, making the difference between life and death. The Police department was able to enhance its drone program and its traffic unit's accident investigation tools with the most up to date accident re-creation software, giving our officers a broad perspective while keeping them out of harm's way.

Come and be part of an evening filled with gratitude, community spirit, and celebration. Meet our local heroes, hear their stories, and discover how the Finest and Bravest Foundation is making a difference in their lives.
