The Lely Total Solution

Sweetwater Valley Farm is Tennessee's first Lely Dairy XL farm, a community of dairy farms with a herd of 5000 cows. Sweetwater Valley Farm's 1000 acres is covered with eight Lely Autonomous robotic milking systems.

Lely came to be the dairy producer's total solutions provider of innovative machines, in field expertise and consultative management. With the guidance of technical service and farm management support, Lely specializes guide Sweetwater Valley Farm to meet their goals.
