Please note that the above is for illustration purposes only, not indicative of exact project delivery schedule.
 *State Discovery, Onboarding & Configuration will be addressed separately

Milk Requirements Session – Dec/Jan 2023/24

SESSION #1

Miro tips

Miro tips

- Using sticky notes (2 options)**
 - Use one of the pre-existing blank sticky notes
 - Use the side navigation bar on the left and click the square with the folded cover corner
 - Press "N" on your keyboard
- Hide cursors**
 - At the top right of your browser window, click the button to hide the many cursors appearing around the screen

Just click on the sticky and start typing!

Get lost?
If you're not sure where we are on the board, click the "H" in the upper right to follow along

Test Note DC

SESSION #2

Website Relaunch

The screenshot displays the SAFHER website interface. At the top, there is a navigation bar with the SAFHER logo on the left, a menu of links (HOME, PROGRAMS, FEATURES, UPDATES, CONTACT) in the center, and a 'COMMUNITY LOGIN' button on the right. The main content area features a dark background with the headline 'Unify your regulatory programs under one roof' and a blue 'SIGN UP FOR PROJECT NEWS' button. An orange arrow points from the text 'For every team and program!' to the 'Product sample collection form' overlay. The form includes sections for 'Sampling pre-check', 'Inspection' (with a radio button for 'Is this sample project attached to an inspection?'), 'Facility information' (with 'Select facility' and 'Create new facility' buttons), and 'Inspector name(s)'. A footer note reads 'SAFHER Product Sample Collection'.

An aerial photograph of a farm. The central focus is a cluster of red barns with white roofs and a tall, cylindrical silver silo. To the left, there is a white house with a blue roof. The farm is surrounded by green fields and a dirt road. In the background, there are more farm buildings and a road with a car. The overall scene is a typical rural farm landscape.

Thank You!

Jennifer Pierquet
