SECTION III – FLOOD HAZARD

For the purposes of this section, Maine law defines "flood" as follows:

- (1) A general and temporary condition of partial or complete inundation of normally dry areas from:(a) The overflow of inland or tidal waters; or (b) The unusual and rapid accumulation or runoff of surface waters from any source; or
- (2) The collapse or subsidence of land along the shore of a lake or other body of water as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels or suddenly caused by an unusually high water level in a natural body of water, accompanied by a severe storm or by an unanticipated force of nature, such as a flash flood or an abnormal tidal surge, or by some similarly unusual and unforeseeable event that results in flooding as described in subparagraph (1), division (a).

For purposes of this section, Maine law defines “area of special flood hazard” as land in a floodplain having 1% or greater chance of flooding in any given year, as identified in the effective federal flood insurance study and corresponding flood insurance rate maps.

During the time the seller has owned the property:

Re: Preliminary Soil Testing- Blinn Hill Road, Pittston, ME

Dear Brian:

I performed preliminary soil testing at the above-referenced properties on September 9, 2025. The purpose of the investigation was to determine the suitability of the properties for on-site subsurface wastewater disposal.

Enclosed is a site plan illustrating the location of the test pits excavated, along with the soil profile descriptions.

The soil is suitable in the area of TP-1, TP-2, TP-3, and TP-4, as defined by the State of Maine Subsurface Wastewater Disposal Rules. Based on my testing and field observations, other areas suitable for septic exist on the property.

Complete subsurface wastewater disposal system designs (HHE-200 forms) are needed for permits to install the systems once building locations, building sizes, and site development are conceptualized. Please contact me if you have any questions or additional matters for discussion.

Respectfully,

Brady A. Frick
