

**CARROLL COUNTY PUBLIC SCHOOLS
ADMINISTRATIVE REGULATIONS
BOARD POLICY KGF: COMMUNITY USE OF SCHOOL FACILITIES**

It is the intent of the Board of Education of Carroll County and school system personnel to provide for the use of school facilities for community purposes when such use does not interfere with the scheduled school program. The use of school buildings and grounds for cultural, civic, educational, recreational and charitable purposes is recognized as a value to the community.

Particular emphasis should be given to fostering Carroll County Public Schools' adopted Joint-Use Agreement policy, as endorsed by the Board of Education on June 12, 1974, for the co-use of facilities by education and recreation. In this way, the Board of Education will more fully realize its ultimate goal of establishing the school buildings and grounds as true educational, recreational, and cultural centers of the community. The usage of facilities shall be construed to include buildings and grounds and the following priority listing shall govern the usage of such:

A. First Priority - School Program Use

This includes any curricular or extra-curricular function that is an extension of the educational program, e.g., class plays, concerts, socials, etc.

B. Second Priority - School Affiliated Activity

This includes an activity that contributes to the various aspects of the educational program, e.g., Parent Teacher Association activity, Booster Club activity, etc.

C. Third Priority - Department of Recreation and Parks

An activity receiving this priority is one that is under the sponsorship of the Carroll County Department of Recreation and Parks and/or its affiliated Community Recreation Councils.

D. Fourth Priority - Non-Profit Children

This includes before and after school and summer childcare programs as allowed in accordance with the Administrative Regulations pertaining to this activity. See Section 3.15.

E. Fifth Priority - Non-Profit Community Use

An activity placed in this category would be one that is sponsored and supervised by such non-profit groups as civic clubs, farm groups, veterans groups, volunteer groups, church groups, improvement associations, Home Owner's association, etc. The topics may or may not relate to the educational program of the school(s) involved. For charges and exemptions see charges for use of facilities.

F. Sixth Priority - For Profit Community Use

Any activity, group, or organization meeting for community purposes that involves a charge or profit shall be assigned to this priority. For charges and exemptions see charges for use of facilities.

Carroll County Public Schools reserves the right to reject any application for use.

APPLICATION

An Application For Use of School Facilities must be completed and approved annually.

AREAS OF LIMITED USAGE

Areas in the school facilities that are limited for community usage include:

1. Instructional equipment, e.g., tape recorders, overhead projectors, microscopes, gym equipment, etc. - These items are not generally approved for use unless specifically agreed to in advance as part of the building use.
2. The high school football stadium - A special contract must be developed and approved by the Board of Education of Carroll County for use of any stadium. Charges are \$100.00 per activity plus \$5.00 per hour for lighting.
3. Carroll County Public Schools reserves the right to negotiate separate fees if it is determined that it is in the best interest of the school system.

EXCLUDED USAGE

1. Use of indoor and/or outdoor facilities for traveling carnival, circus, donkey or pony baseball or basketball, or similar traveling groups is not allowed.

2. Use of outdoor facilities for display or discharge of fireworks is not allowed.

SCHEDULING USAGE OF FACILITIES

The school principal holds discretionary power for scheduling according to the priority listing, approval, and suspension of usage of school facilities. The Director of Facilities will assist in the event a clarification is needed or a system-wide implication emerges, e.g., an energy cutback.

Use of school facilities for overnight functions requires Board of Education approval. Approval should be requested far enough in advance as to allow action at a regular board meeting.

Charges are to be assessed based on priority and per the Schedule of Charges for Use of Facilities - Carroll County Public Schools. Charges include space rental plus custodial charges and additional energy charges for heating or air conditioning.

The principal may reject a request for usage on school holidays, during a facility malfunction, and due to Acts of God (including inclement weather) and in order to facilitate school maintenance. When schools are closed due to inclement weather, all activities shall be canceled. All activities scheduled for weekends and/or holidays shall be canceled if the snow emergency plan is in effect at anytime the day of or still in effect at 6:00 p.m. the day prior to the scheduled event. Unless required for school-based activities, snow removal should not be expected and appropriate precautions taken by users. Should no cost center employee (i.e., custodian, teacher, administrator, etc.) be willing to accept extra duty when the activity does not occur during normal work hours, the activity shall be postponed or canceled. The principal may postpone, restrict, re-schedule, revise or cancel an application for usage.

RESPONSIBILITIES OF THE PROVIDER

1. The principal is encouraged to make a sincere effort to cooperate and schedule as many worthwhile community activities as are in the best interest of all concerned. The principal must carefully review and act on each facility application.
2. Upon scheduling the interior usage of a school facility, the principal shall designate a responsible person or persons to be present to observe the usage of the building and equipment and to report to the group leader any misuse of the property on the use of facilities form.
