The "Kara" Cow Family

WW EURO IMPERIAL KARA 911G ET / Lot 1A

WW EURO IMPERIAL KARA ET / Donor dam of Lot 1A, 1B, & 1C

We are excited, honored and blessed to highlight the National Sale again this year with progeny of Euro Imperial Kara 6C family. I wish I could say how smart we were when we purchased the Kara embryos consigned by Fieldstone Braunvieh at the 2011 National Sale, but we only purchased them from the urging of our Australian friend Trevor Onley. His statement that "if I didn't buy them I would be making a big mistake" turned out to be very prophetic. Kara has not only made an impact in the US, but Canada and Australia as well. This year's offering brings something very exciting indeed with a flushmate brother and sister sired by Hari and out of the \$9000.00 WW Euro Imperial Kara 231Z who sold to 4 Kings Ranch in last year's Sale. It also brings a very unique opportunity that being an own Kara ET Heifer pregnancy sired by Miro Illgau, B9771. So do as I did and take Trevor's advice or you will be making a big mistake.

WW PRINCE HARI 916G / Lot 1B

Lot 1A **WW EURO IMPERIAL KARA 911G E ET**

3.0	4.9	45	67	38	60	-1.1

CONSIGNED BY W/W CATTLE

A maternal sister to WW Euro Imperial Kara 823F who sold for \$14,000.00 to Salt Creek Ranch in last year's Sale. She is long bodied, deep sided with tremendous eye appeal, and she may look as much like her dam as any daughter yet. A powerful yet beautiful Fullblood female.

WW EURO IMPERIAL KARA 823F / Maternal sister to Lot 1A & 1B

Lot 1B **WW PRINCE HARI 916G ET**

3.0	4.9	45	67	38	60	-1.1

CONSIGNED BY W/W CATTLE

A maternal brother to WW Tennessee Whiskey 774E who sold for \$10,000.00 to Elizabeth Stoddard in last year's Sale. As you will see the mating of Hari to the Kara's worked extremely well, adding thickness and depth while maintaining 231Z's good looks. We think this could be the best Herd Sire prospect to come from the Kara's yet.

Lot 1C **ILLGAU X KARA - Heifer Pregnancy**

 Heifer Pregnancy **WW EURO IMPERIAL KARA 231Z ET**
 EURO IMPERIAL KARA ET

CONSIGNED BY W/W CATTLE

Fullblood Heifer Pregnancy. Due 2/29/20. A rare opportunity indeed and only an event as prestigious as a National Sale would be fitting. There will be very few direct daughters of Euro Imperial Kara 6C left and very, very few if any that will be offered for sale. You could say "a chance of a life time".

The pregnancy is in a registered Braunvieh recip BAA# PB73200

Pick of the Donors

WHAT A RARE OPPORTUNITY. Only in the National Sale in Fort Worth will you have the chance to obtain one of the Fullblood donors that are the heart of R & D Farms Fullblood program.

CONSIGNED BY QUAIL PASS GENETICS

This young purebred heifer has impressed us since day one and we have decided to offer one of our best to the National Sale. She is a direct daughter of the high selling female in the recent dispersal of Pella Farms, a foundation of quality Braunvieh genetics. She is double bred to the great PFI Walker J915 bull who is a well known cow maker. We think this heifer will excel in production, but could make a fun project for a junior member. She sells halter broke and eligible for the Braunvieh Elite Gala. Updated pictures and video can be found on our website or on our facebook page. **Retaining the right to 1 successful flush of 6 embryos at the consignors expense and buyers convenience.**

CONSIGNED BY BRINK LIVESTOCK

Prairie Wizard has the good traits from his sire in a desirable package. He's homozygous polled, has a good disposition and is out of a really nice Captain Clark daughter from our favorite "470" cow family. We sold a 3-year-old full sister to McKoons in the Herd Builder sale. Plenty of maternal traits imbedded in this bull. Then add in nicely balanced EPDs with CED and BW in the top 20% of the breed and CEM also well above average. His phenotype and natural movement earned him grand champion bull honors at the Tulsa State Fair and Reserve Grand Champion at the American Royal. We don't feed our cattle hard, but this fall yearling is grown out and ready for work as a Herd Bull.

Selling ¾ interest, full possession. Brinks retain 1/4 semen interest.

CONSIGNED BY BRINK LIVESTOCK

Trooper was one of our first Toronto calves, and you can see that he carries the depth and power from his many-time champion sire. We had an outstanding crop of spring calves by Toronto, and are still using him heavily for the quality he is passing to his sons and daughters. Trooper has a maternal brother working in Ohio, a maternal sister producing in our own herd, and a full sister born in the fall showing lots of promise. Trooper has the pedigree, the performance, the structure, disposition and the EPDs to be a herd improving sire. Plus, he's homozygous polled!

Selling ¾ interest, full possession. Brinks retain 1/4 semen interest.

CONSIGNED BY 4 KINGS RANCH

This bull is one of the more powerful animals we have produced. He is homo polled, hetero black, and also carries the Leptin gene. In addition, he possesses superior feed efficiency @ -1.8 RFI. He was grow-safe tested at PX Feeders and ranked 2nd in all breeds in RFI. Stacked bloodlines on top and bottom, and it's no wonder he had a 733lb weaning weight on his dam only. He proved to excel once on feed and weighed in at 1100 lbs as a yearling. We'll have Quantum DNA results by sale day.

CONSIGNED BY SIEBRANDT FAMILY FARMS

This mating has done it again and has giving you another chance at proven genetics. MR Titus is a full sib to MISS SFF 712E who has done very well in the ring bringing home a couple banners for the Horner's. As a calf and a cow. Proving again that these genetics stand true and are top notch. Titus has extreme shape and size already at less than a year of age. He complements both his parents in the best package. So far meeting all of our expectations we are very excited to see what he does from here.
